*In Equity.*

---

BILL OF COMPLAINT.

*To the Honorable, The Judge of the District Court of  
the United States in and for the District of  
Idaho, in Equity Sitting:*

The Continental and Commercial Trust and Sav-  
ings Bank, a corporation organized and existing un-

der and by virtue of the laws of the State of Illinois, and a citizen and resident of the State of Illinois, as Trustee, and having its principal place of business in the City of Chicago, and State of Illinois, brings this, its bill of complaint against Kings Hill Irrigation & Power Company, a corporation, duly organized under and by virtue of the laws of the State of Nevada, and a citizen and resident of the State of Nevada, and Glenns Ferry Canal Company, Limited, a corporation, organized under and by virtue of the laws of the State of Idaho, and a citizen and resident of the State of Idaho, and the Pacific Coast Pipe Company, a corporation, organized under the laws of the State of Washington, and a citizen and resident of the State of Washington, and Kings Hill Extension Irrigation Company, Limited, a corporation organized under the laws of the State of Idaho, and a resident and citizen of the State of Idaho, and Minneapolis Steel and Machinery Company, a corporation organized under the laws of the State of Minnesota, and a citizen and resident of the State of Minnesota, and C. R. Shaw, a citizen and resident of the State of Idaho, and therefore your orator complains and shows as follows:

1. That your orator, the Continental and Commercial Trust and Savings Bank, is a corporation duly organized and existing under and by virtue of the laws of the State of Illinois; that its principal place of business is in the city of Chicago, State of Illinois, and it is a citizen and resident of the State of Illinois;

2. That for many years prior to the 1st day of August, 1910, the name of your orator was "The American Trust and Savings Bank"; and that on or about the 1st day of August, 1910, the name of your orator was changed under and in accordance with the laws of the State of Illinois from "The American Trust and Savings Bank" to "Continental and Commercial Trust and Savings Bank"; that your orator was during all times hereinafter referred to and now is duly authorized by law to accept and execute trusts, and to act as Trustee of mortgages and deeds of trust in the nature of mortgages; that your orator is the same corporation which, on the 2nd day of November, 1908, was named and designated in the mortgage or deed of trust hereinafter described as the "American Trust and Savings Bank".

3. That the defendant, Kings Hill Irrigation and Power Company is a corporation duly organized under and by virtue of the laws of the State of Nevada, and is a citizen and resident of the said State of Nevada, and has its principal place of business in said State, and that it also transacts business in the State of Idaho under a license or permit issued to it by the proper officers of said State; that the defendant, Glenns Ferry Canal Company, Limited, is a corporation organized under and by virtue of the laws of the State of Idaho, and is a citizen and resident of the State of Idaho, and has its principal place of business in said State; that the defendant, Pacific Coast Pipe Company, is a corporation organized un-

der the laws of the State of Washington and is a citizen and resident of said State of Washington, and has its principal place of business in said State; that the defendant, Kings Hill Extension Irrigation Company, Limited, is a corporation organized under the laws of the State of Idaho, and is a citizen and resident of the State of Idaho, and has its principal place of business in said State. That the defendant, Minneapolis Steel and Machinery Company, is a corporation organized under the laws of the State of Minnesota, and is a citizen and resident of said State of Minnesota, and has its principal place of business in the City of Minneapolis in said State; that the defendant, C. R. Shaw, is a citizen and resident of the State of Idaho, residing in the City of Boise in said State.

4. That on or about the 2nd day of November, A. D. 1908, the defendant, Kings Hill Irrigation & Power Company, executed and delivered to your orator a certain Deed of Trust or Indenture of Mortgage, a copy of which is filed herewith and made a part hereof, and marked, "Exhibit A", which your orator prays may be taken and considered as part of this Bill of Complaint, as fully and to the same extent, to all intents and purposes, as if it were herein set forth at large.

5. That the said Deed of Trust or Indenture of Mortgage was duly executed and acknowledged by the said defendant, Kings Hill Irrigation & Power Company, by its duly authorized officers, the execu-

tion being in six counterparts; and afterwards, to-wit: on the 8th day of December, A. D. 1908, an original copy thereof was filed for record in the office of the County Recorder of Lincoln County, Idaho, and by said Recorder recorded in Book 4 of Mortgages, at page 340; and that a duplicate original thereof was also filed in said office on said day, and a minute thereof made in Book 1 of the Record of Chattel Mortgage, on page K, which duplicate original was and is kept on file at said office; that on the 9th day of December, A. D. 1908, an original copy thereof was filed for record in the office of the County Recorder of Owyhee County, Idaho, and by said Recorder recorded in Book 7 of Mortgages, at page 575; and that a duplicate original thereof was also filed in said office on said day, and a minute thereof made in Book 2 of the Record of Chattel Mortgages, on page 5, which duplicate original was and is kept on file at said office; that on the 8th day of December, A. D. 1908, an original copy thereof was filed for record in the office of the County Recorder of Twin Falls County, Idaho, and by said Recorder recorded in Book 5 of Mortgages, at page 517; and that a duplicate original thereof was also filed in said office on said day, and a minute thereof made in Book 1 of the Record of Chattel Mortgages, on page . . . ., which duplicate original was and is kept on file at said office; all of which will more fully appear from the certificates of acknowledgement and of recording endorsed on said Deed of Trust or Indenture of Mortgage, the originals of which are

in the possession of your orator, ready to be produced in court on the hearing hereof.

6. That on or about the 1st day of March, A. D. 1909, the defendant, Kings Hill Irrigation & Power Company, and your orator, executed a certain Indenture, amending, and containing certain amendments of, the said Deed of Trust or Indenture of Mortgage theretofore (to-wit: on or about the 2nd day of November, A. D. 1908), executed and delivered by said Kings Hill Irrigation & Power Company; a copy of said Indenture of Amendment is filed herewith and made a part hereof, and marked "Exhibit B", which your orator prays may be taken and considered as a part of this Bill of Complaint as fully and to the same extent, to all intents and purposes, as if it were herein set forth at large.

7. That said Indenture of Amendment was duly executed and acknowledged by said Kings Hill Irrigation & Power Company and by your orator, and afterwards, to-wit: on the 19th day of March, 1909, an original copy thereof was filed for record in the office of the County Recorder of Lincoln County, Idaho, and by said Recorder recorded in Book 4 of Mortgages at page 391, and that on the 20th day of March, A. D. 1909, an original copy thereof was filed for record in the office of the County Recorder of Owyhee County, Idaho, and by said Recorder recorded in Book 8 of Mortgages at page 26, and that on the 23rd day of March, A. D. 1909, an original copy thereof was filed for record in the office of the County Re-

corder of Twin Falls County, Idaho, and by said Recorder recorded in Book 7 of Mortgages at page 96; all of which will more fully appear from the certificates of acknowledgment and of recording indorsed on said Indenture of Amendment, the originals of which are in the possession of your orator, ready to be produced on the hearing hereof.

8. That in and by said Deed of Trust or Indenture of Mortgage ("Exhibit A" aforesaid) there was granted, bargained, sold, conveyed and warranted to your orator as security for the payment of the indebtedness hereinafter referred to, all of the following property, together with all rents, issues, interests, incomes and profits from the same, all the real property of which was and is situated and lies in the Counties of Lincoln, Owyhee and Twin Falls, in the State of Idaho, to-wit:

1. Dam and Headworks.

All of the right, title and undivided interest of the mortgagor in that certain dam located in and across the Malad River, Lincoln County, State of Idaho, at a point on said river near the north and south line between the northwest quarter of the northwest quarter and the northeast quarter of the northwest quarter of Section 35, Township 6, South of Range 13 East, Boise base and meridian, the said point being approximately south 75 degrees 22 minutes, east 1195.5 feet from the southeast corner of Section 27, said township and range;

## 2. Works on Malad River.

All the right, title, and undivided interest of the mortgagor in and to that certain canal, ditch, flume, headgate and headworks, through and by means of which water is diverted from said Malad River at the dam above described, and running thence along the right bank of said river for a distance of about 5600 feet to the siphon pipe, hereinafter described, across Snake River;

## 3. Siphon Pipe and Bridge.

The inverted siphon pipe about 1400 feet in length, by means of which the said waters of the Malad River are carried, conveyed and conducted across Snake River in the southwest quarter of the southwest quarter of said Section 27, said township and range, and that certain steel span bridge, across said Snake River carrying and supporting said siphon pipe;

## 4. Entire System South Side Snake River.

All canals, ditches, laterals, headgates, flumes, and the entire irrigation system of the mortgagor, commencing at the end of the siphon pipe above described, on the south side of Snake River in the southwest quarter of the southwest quarter of said Section 27 and extending thence in a general westerly direction on the south side of Snake River through Sections 28, 21, 20, 17, 18, and 7, Township 6 South of Range 13 East, and through Sections 12, 11, 14, 15, 16, 17, 8, 7, and 18 in Township 6 South of

Range 12 East, and Sections 13, 14, 15, 22, 21, 15, 17, 8, 9, and 4, and to a point near the center of Section 5 in township 6 South of Range 11 East, the same being the terminus of the main canal; with all laterals, ditches, flumes and pipe lines and siphon pipes extending and leading from the said canal above described, and from the terminus thereof and used for the irrigation of lands or domestic purposes in said Lincoln, Twin Falls, Owyhee Counties, Idaho; the lower or northwesterly end of said irrigation system extending to a point near the northeast corner of Section 33, Township 5 South of Range 10 East, B. M.;

#### 5. Rights of Way.

All the rights of way, easements, privileges and franchises for the dam, canals, ditches, laterals, pipe lines, siphon pipes and irrigation system above described, now owned by the mortgagor, or which it may hereafter acquire;

#### 6. Water Locations and Permit.

All the right, title and undivided interest which the mortgagor has in and to the waters of said Malad River under and by virtue of that certain water location of 500 cubic feet per second, made on the 26th day of March, 1902, by Herman Rapp and Ernest Pearsons; and under that certain water location made by the Glenns Ferry Land & Irrigation Company, Limited, on the 7th day of August, 1902, for 500 cubic feet per second, and under that certain permit known as Permit No. 438 and issued by the

State Engineer of the State of Idaho on the 23rd day of January, 1904, for 1100 cubic feet per second;

#### 7. Contracts with State of Idaho.

All the rights, grants, interests, privileges, easements and franchises acquired by the mortgagor under the contract dated May 1st, 1908, between the State of Idaho through its State Board of Land Commissioners and the mortgagor, as well as under any similar or other contract theretofore entered into between the same parties or between the State of Idaho and the predecessor in interest of the said mortgagor, including all the right, title, and interest of the said mortgagor, of whatsoever kind which the mortgagor may have in and to its said irrigation system, and the right to sell, or contract for the sale of water rights or shares in said irrigation works and system and shares of the capital stock of the Glenns Ferry Canal Company, Limited, hereinafter referred to—subject, however, to all of the provisions herein contained as to the exclusive exercise of such rights of sale by the mortgagor prior to the occurrence of a default hereunder;

#### 8. Water Right Contracts and Mortgages.

All such contracts heretofore made or which may be hereafter entered into by the Company for the purchase of water rights and shares in said irrigation system, described in said contract of May 1st, 1908, or mortgages, constituting, to the extent of the unpaid portion of the purchase price of said

water rights, first liens on the lands irrigated thereunder, as shall be deposited with the Trustee and assigned in writing by the Company to the Trustee and the assignment thereof recorded in the office of the County Recorder of the County where the land upon which the contract or mortgage constitutes a lien, may be situated, it being understood and agreed that the assignment and deposit by the Company of any contracts for the sale of water rights or shares in said irrigation system, or mortgages securing the purchase price thereof, shall not be valid or effectual for the purpose of constituting collateral, against which bonds may be certified and delivered by the Trustee, unless the Company shall at the time of the assignment or the deposit of such contracts or mortgages, also deposit with the Trustee certificates duly endorsed in blank, or otherwise properly assigned, for fully paid shares of the capital stock (in the ratio of one share of said stock for each one-eighth of a cubic foot per second of time of water which is permitted to be taken from said irrigation system by such contract of purchase for land irrigated under such contract) of the Glenss Ferry Canal Company, Limited, a corporation organized and existing under the laws of the State of Idaho, being the corporation to be formed at the instance of the Company under the terms and provisions of the contract between the Company and the State of Idaho, dated May 1st, 1908, for the purpose of providing a convenient method of transferring the ownership of said irrigation system from the Com-

pany to the purchasers of water rights or shares therein, and for determining the rights of said purchasers among themselves, and for operating and maintaining said system, all as provided in Article IX of said contract, to which reference is hereby made for a fuller statement of the method of such transfer, the nature and rights of such shares, the method of such operation, and the purpose and powers of such corporations;

9. Stock and Agreements Glenns Ferry Canal Co., Ltd.

All the right, title and interest of the Company in and to the stock of the said Glenns Ferry Canal Company, Limited.

9. That the conveyance aforesaid of your orator by the said Deed of Trust or Indenture of Mortgage and the amendments thereto was made for the purpose of securing the payment of the issue of coupon bonds of the said Kings Hill Irrigation & Power Company then about to be issued and negotiated by it, consisting of 655 bonds of an aggregate face value of Five Hundred Thousand Dollars (\$500,000.00), 405 of said bonds being of the face value of One Thousand Dollars (\$1000.00) each, 175 of said bonds being of the face value of Five Hundred Dollars (\$500.00) each and 75 of said bonds being of the face value of One Hundred Dollars (\$100.00) each, which bonds in the amounts of their aggregate face value specified below were to become and be due and payable at the office of your orator in the City

of Chicago, State of Illinois, on the 1st day of May of the respective years specified below, to-wit:

Maturity.	Amount.
May 1, 1911 .....	\$ 60,000.00
May 1, 1912 .....	60,000.00
May 1, 1913 .....	70,000.00
May 1, 1914 .....	70,000.00
May 1, 1915 .....	70,000.00
May 1, 1916 .....	70,000.00
May 1, 1917 .....	100,000.00

And to each of which bonds there were attached interest coupons payable on the first day of May and November in each of the years between the date and the maturity of said respective bonds, and at the maturity thereof, which coupons were to evidence and did evidence the semi-annual installments of interest to accrue on said bonds in accordance with the terms and provisions thereof, each coupon being in every instance for an amount equal to Three Per Cent (3%) of the principal sum of face value of the bond to which it was attached.

10. That 463 of said 655 bonds, representing an aggregate principal sum of Three Hundred Fifty-eight Thousand Four Hundred Dollars (\$358,400.00) were executed by the said Kings Hill Irrigation & Power Company, and subsequently duly certified by your orator, as Trustee, and thereafter issued, delivered and negotiated in accordance with the terms and provisions of said Deed of Trust or Indenture of Mortgage to your orator, and the

amendments aforesaid thereto, which bonds are by their terms due on the following dates in the following amounts of principal sums:

Maturity.	Amount.
May 1, 1911 .....	\$40,000.00
May 1, 1912 .....	40,000.00
May 1, 1913 .....	50,000.00
May 1, 1914 .....	50,000.00
May 1, 1915 .....	50,000.00
May 1, 1916 .....	50,000.00
May 1, 1917 .....	78,400.00

And that the said 463 bonds so issued, certified and negotiated, are now outstanding and unpaid, and are held by the purchasers thereof in good faith and for value; that no suit or action at law has at any time been had, brought or commenced to recover the principal of said bonds or the interest that has accrued thereon, or either thereof, or any part of either thereof.

11. That the stockholders and directors of the said defendant, Kings Hill Irrigation & Power Company, duly and legally authorized the execution and delivery of the said Deed of Trust or Indenture of Mortgage (Exhibit A), and of the amendment thereto (Exhibit B), and also authorized the execution and delivery of the bonds thereby secured to be paid; that the said Deed of Trust or Indenture of Mortgage (Exhibit A), and the said amendment thereto (Exhibit B), were each duly approved by the Attorney General of the State of Idaho, as provided by

the laws of the State of Idaho; and that all acts and things required by law and by the by-laws of the said defendant, Kings Hill Irrigation & Power Company, and necessary to make the said Deed of Trust or Indenture of Mortgage, and the amendment thereto, and the bonds and interest coupons secured to be paid thereby, valid, legal and binding instruments and obligations of said Kings Hill Irrigation & Power Company have been done, performed, observed and complied with.

12. That prior to the certification, issuance or delivery of the 463 bonds mentioned in paragraph 10 of this Bill, as your orator is informed and believes, all and every of the requirements and conditions of said Deed of Trust or Indenture of Mortgage, as amended, with reference to the issue and certification of bonds secured thereby, and all acts and things authorized or required by law and by the by-laws of the said defendant, Kings Hill Irrigation & Power Company, and necessary to make the bonds aforesaid the valid, legal, binding and negotiable obligations of the said defendant, Kings Hill Irrigation & Power Company, had occurred, been performed and been complied with.

13. That in and by said Deed of Trust or Indenture of Mortgage, as amended, it was expressly stipulated, provided and agreed that every certificate of your orator upon any bond appearing to have been executed upon behalf of the said defendant, Kings Hill Irrigation & Power Company, should be conclu-

sive evidence that the bond so certified was duly issued under the said Deed of Trust or Indenture of Mortgage, and was entitled to the benefit of the trust thereby created.

14. That in and by the said Deed of Trust or Indenture of Mortgage, as amended, the said defendant, Kings Hill Irrigation & Power Company, among other things covenanted and agreed as follows, to-wit:

(a) To duly and punctually pay or cause to be paid to every holder of any bond issued and secured thereunder, the principal and interest accruing thereon at the dates and place, and in the manner mentioned in such bonds, and in the coupons thereto belonging, according to the true intent and meaning thereof:

(b) That the face value of the payments (exclusive of interest to become due on such payments), to become due on contracts for the purchase from it of water rights, and the mortgages to secure the payment thereof, which it should from time to time assign to and deposit with your orator for the purpose of securing the payment of principal and interest on the bonds to be issued under said Deed of Trust or Indenture of Mortgage, should at all times be, and be kept, equal to One Hundred Fifty Per Cent (150%) of the face value of the bonds then outstanding under said Deed of Trust or Indenture of Mortgage (excepting so far as funds should be on deposit with your orator, applicable to the payment

of principal of the bonds, and to the extent that such funds should be sufficient to pay bonds at their maturity and all interest which should accrue to such maturity).

15. That in and by the aforesaid Deed of Trust or Indenture of Mortgage, as amended, it was expressly stipulated and agreed that in case (1) the grantor or mortgagor therein, being the defendant, Kings Hill Irrigation & Power Company, herein, should make default in the payment of any interest on any bond or bonds secured thereby, and any such default should have continued for a period of three months, or in case (2) it should make any default in the due and punctual payment of the principal of any bonds secured thereby, or in case (3) default should be made in the due observance or performance of any other covenant or condition therein required to be kept or performed by the said Kings Hill Irrigation & Power Company, and if such default should have continued for a period of three months after written notice to said defendant from your orator, or from the holders of Twenty-five Per Cent (25%) in amount of the bonds aforesaid, then outstanding, or in case (4) any receiver or trustee of the said Kings Hill Irrigation & Power Company, its property and business, should be appointed or secured otherwise than under said Deed of Trust or Indenture of Mortgage, and the said Kings Hill Irrigation & Power Company should not within ten days after the appointment thereof procure the vacation of such appointment, and the surrender of all of the

property and business of the said Kings Hill Irrigation & Power Company, into the custody of its proper corporate officers and agents; then in such case your orator might, and upon the written request of the holders of a majority in amount of the bonds thereby secured and then outstanding, should, by notice in writing delivered to the said Kings Hill Irrigation & Power Company, declare the principal of all bonds thereby secured and then outstanding to be due and payable immediately, and that upon such declaration being made the said bonds should become and be due and payable immediately, anything in said Indenture or in said bonds contained to the contrary notwithstanding.

16. That in and by the aforesaid Deed of Trust or Indenture of Mortgage, as amended, it was expressly stipulated and agreed that in case (1) the grantor or mortgagor therein, being the defendant, Kings Hill Irrigation & Power Company, herein, should make default in the payment of any interest on any bond or bonds secured thereby, and any such default should have continued for a period of three months, or in case (2) it should make any default in the due and punctual payment of the principal of any bonds secured thereby, or in case (3) any receiver or trustee of the said defendant, Kings Hill Irrigation & Power Company, or of its property and business, should be appointed or secured otherwise than under said Deed of Trust or Indenture of Mortgage, and said Kings Hill Irrigation & Power Company should not within ten days from the date of the

appointment thereof procure the vacation of such appointment and the surrender of all of the property and business of the said Kings Hill Irrigation & Power Company into the custody of its own proper corporate officers and agents, or in case (4) default should be made in the due observance or performance of any other covenant or condition therein required to be kept or performed by the said Kings Hill Irrigation & Power Company, and any such default should have continued for a period of three months after written notice thereof to the said Kings Hill Irrigation & Power Company from your orator, or from the holders of Twenty-five Per cent (25%) in amount of the bonds thereby secured and then outstanding, that then in each and every such case your orator in its discretion, with or without entry, personally or by attorney (a) should sell to the highest and best bidder all and singular the right, title and interest of the said Kings Hill Irrigation & Power Company in and to the mortgaged property, premises, interests, rights, contracts, mortgages, franchises and appurtenances of every kind, and the right of redemption thereof, in one lot and as an entirety, (unless the holders of a majority in amount of the bonds thereby secured and then outstanding should in writing request your orator to cause the same to be sold in parcels, or unless such sale as an entirety should be impracticable by reason of some statute or other cause), which sale or sales should be made at public auction at such place and upon such terms as your orator might fix or specify in

the notice of sale, to be given as in said Indenture provided, and as should be required by law; or (b) should proceed to protect and enforce the rights of your orator and the rights of bondholders under said Indenture, by suit or suits in equity or at law, or by any other proper judicial proceeding, whether for the specific performance of any covenant or agreement contained therein, or in the aid of the execution of any power therein granted, or for the foreclosure of said Indenture, or for the enforcement of any other appropriate remedy, as your orator should deem most effectual to protect or enforce any rights or equities of your orator therein.

17. That in and by the aforesaid Deed of Trust or Indenture of Mortgage, as amended, it is further expressly stipulated, provided and agreed that the purchase money, proceeds and avails of any sale held pursuant thereto, whether under the power of sale thereby granted or pursuant to judicial proceedings, together with any other sums which might then be held by your orator under any of the provisions of said Indenture as part of the trust estate, should be applied as follows:

*First.* To the payment of the costs and expenses of such sale and of any action or judicial proceeding, including a reasonable compensation to your orator, its agents, attorneys and counsel, and of all expenses, liabilities and advances made or incurred by your orator in the keeping, maintaining, operating or completing

of construction of the property thereby mortgaged, and in discharging its trust, and to the payment of all taxes and assessments and other liens prior to the lien of said Indenture, except any taxes, assessments or other superior liens to which such sales should have been made subject.

*Second.* To the payment of the whole amount then owing or unpaid upon the bonds thereby secured for principal and interest, and in case such proceeds should not be sufficient to pay in full the whole amount so due and unpaid upon the said bonds, then to the payment of such principal and interest, without preference or priority of principal over interest or interest over principal, or of any installment of interest over any other installment of interest, ratably to the aggregate of such principal and accrued and unpaid interest; subject, however, to provisions deferring coupons which should have been transferred apart from the bonds to which they should belong.

*Third.* To the payment of the surplus, if any, to the said defendant, Kings Hill Irrigation & Power Company, its successors or assigns, or to whomsoever might be lawfully entitled to receive the same, or as the Court might direct.

18. That in and by the aforesaid Deed of Trust or Indenture of Mortgage, as amended, it was further

expressly stipulated, provided and agreed that upon the filing of a bill in equity, or upon the commencement of any other judicial proceeding to enforce any right of your orator, or of the bondholders, under said Indenture, your orator should be entitled, as a matter of right, to the appointment of a receiver of the property thereby mortgaged, and of the earnings, income, revenue, rents, issues or profits thereof, with such powers as the Court making such appointment should confer, and that your orator should be entitled to the same notwithstanding a previous appointment of a receiver in any manner other than as provided for in said Indenture.

19. That in and by the said Deed of Trust or Indenture of Mortgage, as amended, it was further expressly stipulated, provided and agreed, and that in case of any default as above specified it should be the duty of your orator upon the written request of the holders of Twenty-five Per Cent (25%) in amount of the bonds thereby secured and then outstanding, and upon being furnished with reasonable and satisfactory indemnity against any expense or liability in which it might become involved, to take all needful steps for the protection and enforcement of the rights of your orator and the rights of the holders of the bonds thereby secured, and to exercise the powers of entry or sale therein conferred, or both, or to take appropriate judicial proceedings by action, suit or otherwise, as your orator should deem most expedient, in the interest of the holders of the bonds thereby secured.

20. That in and by the said Deed of Trust or Indenture of Mortgage, as amended, it was further stipulated, provided and agreed that sales made thereunder, whether under the power of sale thereby granted and conferred, or under or by virtue of judicial proceedings, should operate to divest all right, title, interest, claim and demand whatsoever, either at law or in equity, of the said defendant, Kings Hill Irrigation & Power Company, or, in or to the property sold, and should be a perpetual bar, both at law and in equity, against it, its successors and assigns, and against any and all persons claiming or to claim the same, or any part thereof, from, through or under it, its successors or assigns.

21. That in and by the said Deed of Trust or Indenture of Mortgage, as amended, it was further expressly stipulated, provided and agreed that the said defendant, Kings Hill Irrigation & Power Company, would not at any time insist upon or plead, or in any manner whatever claim or take the benefit or any advantage of any stay or extension law then or at any time thereafter in force in the locality where the mortgaged property was situate or elsewhere, and that it would not claim, take or insist on any benefit or advantage from any law then or thereafter in force, providing for the valuation or appraisal of the mortgaged property, or any part thereof, prior to any sale or sales thereof to be made pursuant to any provision therein contained, or to the decree of any judicial tribunal of competent jurisdiction; and that after any such sale or sales it would

not claim or exercise any right under any law to redeem the property so sold, or any part thereof; and the said defendant thereby expressly waived all benefit and advantage of any such law or laws; and covenanted that it would not hinder, delay or impede the execution of any power therein granted or delegated to your orator, but that it would suffer and permit the execution of every such power, as though no such law or laws had been made or enacted.

22. That in and by the said Deed of Trust or Indenture of Mortgage, as amended, it was further expressly stipulated, provided and agreed that no holder of any bond or coupon thereby secured should have a right to institute any suit, action or proceeding in equity or at law for the foreclosure of said Indenture, or for the execution of any trust thereof, or for the appointment of a receiver, or for any other remedy thereunder unless such holder should previously have given to your orator written notice of an existing default and of the continuation thereof, nor unless also the holders of Twenty-five Per Cent (25%) in amount of the bonds thereby secured, then outstanding, should have made written request to your orator, and should have afforded to it a reasonable opportunity, either to proceed to exercise the powers therein granted, or to institute such action, suit or proceeding in its own name; nor unless also they should have afforded to your orator adequate security and indemnity against the costs, expenses and liabilities to be incurred by it therein, or thereby, and your orator should have unreasonably refused

to comply with such request; and such notification, request and offer of indemnity were therein declared in every such case at the option of your orator to be conditions precedent to the execution of the powers and trusts of said Indenture, and to any action for foreclosure or for the appointment of a receiver, or for any other remedy thereunder; it being the intention of said Deed of Trust or Indenture of Mortgage, as amended, that no one or more of the holders of bonds and coupons thereby secured should have any right in any manner whatever to affect, disturb or prejudice the lien of said instrument by his or their action, or to enforce any right thereunder, except in the manner therein provided, and that all judicial proceeding should be instituted and maintained in the manner therein provided, and for the equal benefit of all holders of such bonds and coupons.

23. That subsequent to the execution of the aforesaid Indenture of Mortgage or Deed of Trust there were deposited with, and assigned in writing to your orator, by the said defendant, Kings Hill Irrigation & Power Company, the following described contracts, entered into by the said Kings Hill Irrigation & Power Company, for the purchase of water rights and shares in its irrigation system, which assignments were in all cases recorded in the offices of the County Recorders of the respective counties where the lands, upon which said contracts constituted liens, were situated; there being deposited with your orator in each instance certificates, duly in-

dorsed in blank, for fully paid shares of capital stock of the Glenns Ferry Canal Company, Limited, a corporation, such deposits, assignments and records being in accordance with the provisions of said Indenture of Mortgage, as amended, and of sub-paragraph 8 of paragraph 8 of this Bill; and that the said contracts and each thereof are now in the hands of your orator. Said contracts are enumerated below, there being specified (in appropriate columns) their dates, names of original contracting parties, descriptions of lands covered, unpaid balances of principal, dates of filing for record and books and pages of record; and there being specified following said columns the dates and books and pages of the records of the assignments of the respective contracts to your orator; (where references to books of record are by numerals the contracts were recorded and the land situated in Owyhee County, Idaho; where by letters, in Twin Falls County, Idaho) :

The assignment to your orator of the above named contracts, numbered 1 to 21 inclusive, 23 to 36 inclusive (there being no contract assigned numbered 26), 38 to 43rd inclusive, 45 to 62B inclusive, 64 to 78B inclusive, 81 to 106 inclusive (there being no contracts assigned Nos. 84, 91 or 97), 108A, 108B, 110 to 136 inclusive, 138, 139, 141, 145, 146 and 150, was executed under date of December 15, 1908, and filed for record December 26, 1908, in the Recorder's Office of Owyhee County, Idaho, and was by him recorded in Book 5 of Assignments, Page 266.

The assignment to your orator of the above named contracts, numbered 22, 37A, 37B, 37C, 37D, 37E, 63A, 63B, 63C, 63D, 109, 140, 142, 143 and 144, was executed under date of December 15, 1908, and filed for record December 26, 1908, in the Recorder's Office of Twin Falls County, Idaho, and was by him recorded in Book . . . . of Assignments, page . . . . .

The assignment to your orator of the above named contracts, numbered 79, 80, 107, 137, 152, 153, 155, 156A, 156B and 157, was executed under date of April 8, 1909, and filed for record April 10, 1909, in the Recorder's Office of Owyhee County, Idaho, and was by him recorded in Book 5 of Assignments, page 309.

The assignment to your orator of the above named contracts, numbered 44A, 44B, 149, 147 and 154, was executed under date of April 8, 1909, and filed for record April 9, 1909, in the Recorder's Of-

fice of Twin Falls County, Idaho, and was by him recorded in Book 1 of Assignments, page 21.

The assignment to your orator of the above named contracts, numbered 158, 159, 160, 161 and 163, was executed under date of May 6, 1909, and filed for record May 8, 1909, in the Recorder's Office of Owyhee County, Idaho, and was by him recorded in Book 5 of Assignments, page 317.

The assignment to your orator of the above named contracts, numbered 164 to 170 inclusive, was executed under date of June 26, 1909, and filed for record June 29, 1909, in the Recorder's Office of Owyhee County, Idaho, and was by him recorded in Book 5 of Assignments, page 335.

The assignment to your orator of the above named contracts, numbered 162A, 162B and 171 to 180 inclusive, was executed under date of September 25, 1909, and filed for record September 28, 1909, in the Recorder's Office of Twin Falls County, Idaho, and was by him recorded in Book 1 of Assignments, page 72.

The assignment to your orator of the above named contracts, numbered 182 to 185 inclusive, was executed under date of November 6, 1909, and filed for record November 8, 1909, in the Recorder's Office of Twin Falls County, Idaho, and was by him recorded in Book 1 of Assignments, page 86.

The assignment to your orator of the above named contracts, numbered 181, 187, 188 and 189,

was executed under date of February 26, 1910, and filed for record March 1, 1910, in the Recorder's Office of Owyhee County, Idaho, and was by him recorded in Book 5 of Assignments, page 379.

24. That as your orator is informed and believes, the Glenns Ferry Canal Company, Limited, a corporation organized under the laws of the State of Idaho; Pacific Coast Pipe Company, a corporation organized under the laws of the State of Washington; Kings Hill Extension Company, Limited, a corporation organized under the laws of the State of Idaho; Minneapolis Steel and Machinery Company, a corporation, and C. R. Shaw, have, or claim to have, some interest, the exact nature of which is unknown to your orator, in the property hereinbefore described in this Bill, or in some part or parts thereof, which interest or interests, if any, however, your orator avers and charges are each subject and subordinate to the lien of the aforesaid Deed of Trust or Indenture of Mortgage to your orator, and of the indebtedness secured to be paid thereby.

25. That the said defendant, Kings Hill Irrigation & Power Company, has, as your orator is informed and believes, made default on said Deed of Trust or Indenture of Mortgage, as amended, and said bonds in the following, among other particulars, to-wit:

(a) In that it has failed and neglected to keep the aggregate amount of the face value of the payments (exclusive of interest) to become due upon

contracts deposited with your orator up to the percentage in excess of the aggregate par value of the bonds outstanding thereunder, named in said Deed of Trust or Indenture of Mortgage, to-wit: up to One Hundred Fifty Per Cent (150%) of the aggregate of the principal sums of such outstanding bonds; and that the aggregate amount, exclusive of interest, of the face value of such contracts now on deposit with your orator is less than One Hundred Fifty Per Cent (150%) of the aggregate of face value of bonds outstanding, and, furthermore, that a considerable number of said contracts so on deposit with your orator are now in default and payments are overdue thereon:

(b) In failing to pay the principal sums of bonds aggregating \$40,000.00 par value which matured and became due May 1, 1911;

(c) In failing to pay the principal sums of bonds aggregating \$40,000.00 par value which matured and became due May 1, 1912;

(d) In failing to pay the interest coupons attached to each and all of the 463 bonds aforesaid (excepting only the bonds which became due May 1, 1911, as aforesaid), which coupons matured and became due on November 1, 1911, and on May 1, 1912.

26. That on account of the defaults aforesaid the holders of more than a majority in amount of the bonds secured by said Deed of Trust or Indenture of Mortgage and now outstanding, did on the 14th day of December, A. D. 1912, file with your orator

a written request that your orator should declare the principal of all the bonds secured by said Deed of Trust or Indenture of Mortgage (which were then outstanding and were not already due by their terms) due and payable immediately, and that thereupon your orator did, by notice in writing delivered to said defendant, Kings Hill Irrigation & Power Company, prior to the institution of this suit, and on or about the 24th day of December, 1912, declare the principal of all of said bonds due and payable; and that thereupon on said 24th day of December, A. D. 1912, the principal of all of said bonds, to-wit: bonds of principal sums aggregating \$358,400, became due and payable, and that the said defendant is now in default as to the payment thereof.

26-a. That from time to time payments have been made to your orator on various of the water contracts deposited as aforesaid with, and assigned to your orator under the terms of said Trust Deed, as amended, and from time to time your orator has made payments therefrom in accordance with the provisions of said Trust Deed, as amended, and there is now in the hands of your orator the sum of Two Thousand Four Hundred Four Dollars and Seventy-eight Cents (\$2404.78) as the net proceeds of said payments on which sum your orator asserts it has a lien under said Trust Deed, as amended, for its charges, disbursements and obligations, incurred in connection with this trust, paramount to each and every other obligation secured by said Trust Deed as amended.

27. That for the purpose of this proceeding your orator has found it necessary to employ counsel to conduct the same, and your orator has itself performed valuable services in connection with its said trust, and has expended large sums of money, and under and by virtue of the terms of said Trust Deed, your orator is entitled to a fair and reasonable compensation for its services, and it is entitled to a fair and reasonable compensation for its counsel employed by your orator.

28. That there is now due and owing, and will become due and owing, on account of the 463 bonds secured by the said Trust Deeds, the following amounts:

Principal of bonds.....	\$358,400.00
-------------------------	--------------

Interest coupons due November 1, 1911.	9,552.00
--	----------

Interest on the amount of said coupons from November 1, 1911, to the date of decree herein, at the rate of 7% per annum.

Interest coupons due May 1, 1912.....	9,552.00
---------------------------------------	----------

Interest upon the amount of said coupons from May 1, 1912, to the date of the decree herein, at the rate of 7% per annum.

Interest from May 1, 1911, to May 1, 1912, upon the principal of the \$40,000 in bonds which matured May 1, 1911, at the rate of 7% per annum.....	2,800.00
--	----------

Interest at 7% per annum upon the aggregate of the principal sums of the bonds outstanding, to-wit: upon \$358,400.00, from May 1, 1912, to the date of the decree herein.

And that there is due under said Trust Deed the compensation for the services of your orator and the compensation for the services of the counsel of your orator.

And that your orator is also entitled under the terms of said Deed of Trust or Indenture of Mortgage to the payment of all the costs and expenses of every kind of this proceeding, and of all the expenses, liabilities and advances made or incurred by your orator in keeping, maintaining, operating or completing the construction of the property hereinbefore referred to, and in discharging its trusts, and also of the sums heretofore and hereafter paid by your orator for taxes, assessments or other liens prior to the lien of said Deed of Trust or Indenture of Mortgage.

29. That the business of said defendant, Kings Hill Irrigation & Power Company, and the use which is made by it of the property conveyed by said Indenture of Mortgage, as amended, consists chiefly in the operation, directly and through stock ownership, of a certain irrigation system situated in the Counties of Lincoln, Owyhee and Twin Falls, in the State of Idaho, and the supplying of water to numerous persons, residents in said Counties, and that

because of the peculiar nature and character of the said property and the manner in which the operation thereof has been and is now being conducted, said property can be sold to better advantage, and should be sold, in one parcel and as an entirety or whole, and as a going system; and further that the sale thereof should be made without redemption, for the reason, as your orator is advised and believes, that the redemption laws of the State of Idaho do not cover or apply to or affect plants and property of the kind and character conveyed by said Deed of Trust or Indenture of Mortgage as amended.

30. That the property conveyed by, and upon which, said Deed of Trust or Indenture of Mortgage, as amended, constitutes a lien, affords scant, meager and inadequate security for the amount due upon the indebtedness secured to be paid by said Deed of Trust or Indenture of Mortgage, as amended, and if the operation of the business of the defendant, Kings Hill Irrigation & Power Company, should be suspended during the pendency of this suit, it would greatly injure the value of said property, both for the purpose of sale and otherwise, and cause irreparable injury to your orator and the owners of the indebtedness aforesaid secured by said Deed of Trust or Indenture of Mortgage, as amended; that the earnings and income of the said defendant have, at all times, been and still are sufficient to pay its operating expenses, and that said defendant is utterly unable to provide for the operation of said business during the pendency of this suit, and that said prop-

erties and plant should be preserved and operated by a Receiver appointed herein under the supervision and direction of this Court, for protecting the same and preserving its value.

FORASMUCH, THEREFORE, as your orator is without remedy in the premises, except in a court of equity, and to the end that the said defendants, Kings Hill Irrigation & Power Company, Glenns Ferry Canal Company, Limited, Pacific Coast Pipe Company, Kings Hill Extension Irrigation Company, Limited, Minneapolis Steel and Machinery Company and C. R. Shaw, may be required to answer this Bill of Complaint according to the rules and practice of this Honorable Court, but not under oath (answer under oath being hereby expressly waived) ; that during the pendency of this proceeding a Receiver may be appointed for all the property, real, personal, mixed and choses in action, conveyed by and upon which the said Indenture of Mortgage, as amended, constitutes a lien, with full power and authority to said Receiver to take possession and immediate control of all of said property, and operate the same as fully to all intents and purposes as the said defendant might or could so and has heretofore done; that an account may be taken in this behalf by or under the direction of this Court of the whole of the indebtedness, principal and interest, due and owing upon the aforesaid bonds and the said Deed of Trust or Indenture of Mortgage, as amended, including all costs and expenses of every kind and character of this proceeding and the sale held hereunder, and a rea-

sonable compensation to your orator, its agents, attorneys, solicitors and counsels for services in connection herewith, and all other proper charges for costs, charges and disbursements made or incurred in managing and operating the property aforesaid, and also the payment of all sums heretofore or hereafter advanced by your orator for taxes and assessments, and the payment of liens prior to the lien of said Deed of Trust or Indenture of Mortgage, as amended, or of interest upon or principal of obligations secured by such liens, with interest on each of said advancements; that the defendant, Kings Hill Irrigation & Power Company, may be decreed to pay whatever sum or sums shall appear to be due upon the taking of the amount aforesaid, by a short day to be fixed by the Court; that in default of such payment by said defendant, the said mortgaged property and premises may be sold in one parcel and as an entirety or whole, and as a going system, and without redemption, to satisfy the amount so found to be due; and that, in case of such sale, the said defendant, and all persons claiming by, through or under it, may be forever barred and foreclosed of and from all equity of redemption and all claims of, in and to said mortgaged premises or property, and every part thereof, and the purchaser thereof be let into immediate possession of the premises and property so sold; that out of the proceeds of such sale and moneys that may hereafter come into the hands of the Receiver appointed by this Court, or into the hands of your orator, there may be first paid

all costs and expenses of every kind and character of such proceedings and sale, and a reasonable compensation to your orator, its agents and attorneys, solicitors and counsel, for services in connection therewith and herewith, and all the proper charges of your orator for its services, costs, charges and disbursements made or incurred in managing and operating the property aforesaid; and that then there may be repaid all sums of money heretofore or hereafter advanced by your orator or by any holder or holders of said bonds, or any of them, for taxes, assessments or the payment of liens prior to the lien of said Deed of Trust or Indenture of Mortgage, as amended, or of interest upon or principal of obligations secured by such liens, with interest on each of said advancements, and that there may then be paid the amount due upon said bonds secured by said Indenture of Mortgage, both as principal and interest, and if there be a surplus that the same may be held subject to the further order or orders of this Court; and that upon any sale under the order or decree of this Court, the purchaser or purchasers may, after providing for all expenses, costs and compensation as aforesaid, be allowed to make settlement for, and payment of, the balance of the price bid for said property at such sale, and to deliver to the Master or other person conducting the said sale, the bonds secured by said Deed of Trust or Indenture of Mortgage, as amended, and have the same applied toward the payment of the balance of the purchase money, computing such bonds at a sum equal to but

not exceeding that which should be payable out of the net proceeds of such sale, if made for cash, to the holders of said bonds, for the principal and interest thereof, and that in case the proceeds of such sale shall not be sufficient to satisfy and discharge all the matters aforesaid, a judgment or decree may be entered against the defendant, Kings Hill Irrigation & Power Company, for any deficiency that may be due or owing from it after the application of the proceeds of sale as hereinbefore prayed, and that your orator may have such other and further relief in the premises as the nature of the case may require, and as shall be proper and agreeable to the principles of equity and to this Court;

MAY IT PLEASE YOUR HONOR to grant unto your orator the writ of SUBPOENA directed to the Marshal of said District, commanding him that he summon the defendants, Kings Hill Irrigation & Power Company, Glenns Ferry Canal Company, Limited, Pacific Coast Pipe Company, Kings Hill Extension Irrigation Company, Limited, Minneapolis Steel and Machinery Company, and C. R. Shaw, to be and appear in this court on a certain day therein named, and under a certain penalty therein to be limited and stated, and then and there to make full, true and direct answer to this bill of complaint (but not under oath, such answer under oath being expressly waived as to each of said defendants), and to show cause, if any they have, why the prayer of this bill of complaint should not be granted according to the rules and practices of this Honorable

Court, and to stand ready to perform and abide by such order, direction or decree as may be made against them in the premises, and as to this Honorable Court shall seem meet.

And may it please the Court to appoint a Receiver of the properties aforesaid, with the usual powers as hereinbefore prayed.

And your orator will ever pray, etc.

CONTINENTAL AND COMMERCIAL TRUST  
AND SAVINGS BANK,

As Trustee.

(Seal)

By John Jay Abbott,  
Its Vice President.

Attest: Frank H. Jones, Secretary.

MAYER, MEYER, AUSTRIAN & PLATT,  
RICHARDS & HAGA,

Solicitors and of Counsel, for Continental and Commercial Trust and Savings Bank, as Trustee.

Mayer, Meyer, Austrian & Platt, Chicago, Illinois.  
Richards & Haga, Boise, Idaho, of counsel.

---

United States of America,  
State of Illinois,  
County of Cook,—ss.

Frank H. Jones, being first duly sworn, on oath says he is the Secretary of the Continental and Commercial Trust and Savings Bank, complainant in the foregoing bill of complaint; that he has read over the foregoing bill of complaint, and knows its allega-

tions, and that the same are true in substance and in fact, as he verily believes.

FRANK H. JONES,  
Secretary.

Subscribed and sworn to before me this 11th day of December, 1912.

(Seal) E. F. MUELLER,  
Notary Public in and for Cook County, Illinois. My  
commission expires April 16, 1914.

(Endorsed): Filed Dec. 28, 1912. A. L. Richardson, Clerk.

United States of America,  
District of Idaho,  
Southern Division,—ss.

*In the District Court of the United States, for the  
District of Idaho, Southern Division.*

CONTINENTAL AND COMMERCIAL TRUST  
AND SAVINGS BANK, as Trustee,  
Complainant,

vs.

KINGS HILL IRRIGATION & POWER COMPANY, a Corporation, GLENN'S FERRY CANAL COMPANY, LIMITED, a Corporation, PACIFIC COAST PIPE COMPANY, a Corporation, KINGS HILL EXTENSION IRRIGATION COMPANY, LIMITED, a Corporation, MINNEAPOLIS STEEL AND MACHINERY COMPANY, a Corporation, and C. R. SHAW,  
Defendants.

*In Equity.*

SEPARATE ANSWER OF DEFENDANT, PACIFIC COAST PIPE COMPANY, A CORPORATION.

COMES NOW the Pacific Coast Pipe Company, a corporation, and for answer to the bill of complaint herein :

I.

Admits the truth of the allegations contained in Paragraphs 1 to 3, inclusive, of the complaint.

II.

This defendant is without knowledge, save by the allegations of the complaint, as to the truth of the averments contained in Paragraphs 4 to 23, inclusive, of said complaint.

III.

Answering the averments of Paragraph 24 of said complaint, this defendant denies that its interest in the property described in the complaint is subject and subordinate, or subject or subordinate, to the lien of the Deed of Trust or Indenture of Mortgage set out in the complaint or of the indebtedness secured or sought to be secured or paid thereby.

IV.

Defendant is without knowledge, save by the allegations of the complaint, as to the truth of the averments contained in Paragraphs 25 to 30, both inclusive, of said complaint.

WHEREFORE, this defendant prays to be hence dismissed with its costs.

N. M. RUICK,  
Solicitor for Defendant, Pacific Coast Pipe Company.

Receipt of a copy of the foregoing answer admitted this 22nd day of March, 1913.

MAYER, MEYER, AUSTRIAN & PLATT,  
RICHARDS & HAGA,  
Attorneys for Continental & Commercial Trust & Savings Bank.

(Endorsed): Filed March 25, 1913. A. L. Richardson, Clerk.

### AMENDED ANSWER.

Comes now the defendant, the Minneapolis Steel and Machinery Company, and in answer to the bill of complaint of the Continental and Commercial Trust and Savings Bank, as Trustee, complainant above named, admits, denies and alleges as follows:

#### I.

As to the truth of the allegations made by the complainant in paragraphs one and two of its bill, this defendant is without knowledge.

#### II.

This defendant admits the facts set out in paragraph three of plaintiff's bill.

#### III.

As to the truth of the allegations made in paragraphs 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22 and 23 of plaintiff's bill, this defendant is without knowledge.

## IV.

In answer to the allegations contained in paragraph 24 of complainant's bill, this defendant admits that it has and claims to have an interest in certain property belonging to the Kings Hill Irrigation and Power Company, and alleges the fact to be that the Kings Hill Irrigation and Power Company, a corporation, the defendant above named, and the Elmore Development Company, a corporation, are jointly indebted to this defendant, the Minneapolis Steel and Machinery Company, a corporation, in the sum of Ten Thousand Two Hundred and Forty-six and 3-100 (\$10,246.03) Dollars, together with interest thereon at the rate of seven per cent per annum, since March 1st, 1910, for the construction of a certain steel bridge, across the Snake River, at or near the town or village of King Hill, Elmore County, Idaho, the said bridge abutting the bank of the Snake River in Elmore County, Idaho, at a point in Section 12, Lot 1, Township 5 South, Range 10 East, Boise Meridian, near said village of King Hill, and abutting the southerly bank of Snake River in Owyhee County, Idaho, at a point directly south of the aforesaid abutment in Elmore County, and defendant is informed and believes, and hence on information and belief alleges, that the land on which said bridge abuts the southern bank of Snake River in Owyhee County is owned by the defendant, the Kings Hill Irrigation & Power Company, and this defendant alleges that the said bridge is the prop-

erty of the said Elmore Development Company, and the said Kings Hill Irrigation & Power Company;

That on the 28th day of February, A. D. 1912, at 25 minutes past 10 o'clock a. m., this defendant filed its claim of lien for the said sum of Ten Thousand Two Hundred and Forty-six and 3-100 (\$10,246.03) Dollars, and interest as aforesaid, in the office of the County Recorder of Elmore County, Idaho, copy of which said claim of lien is attached hereto as Exhibit "A," hereby referred to and made a part hereof; that prior to the 18th day of July, 1912, and prior to the institution of this action, this defendant, as plaintiff, instituted an action in the District Court of the Fourth Judicial District of the State of Idaho, in and for Elmore County, against the Kings Hill Irrigation and Power Company and the Elmore Development Company, as defendants, demanding judgment against the said defendants, and each of them, for the sum of Ten Thousand Two Hundred Forty-six and 3-100 (\$10,246.03) Dollars, with interest thereon as aforesaid, and for One Thousand (\$1000.00) Dollars attorneys' fees, and costs of said action, and for the foreclosure of the said lien hereinbefore described, which said action is now pending in said court;

Denies that the said property in and to which it claims a lien, as aforesaid, is the same property, or any part of the property, described in complainant's bill, and alleges the fact to be that the said property embraced in said lien is not the same property, nor any part of the property, described in the Trust Deed,

attached to complainant's bill as Exhibit "A," nor is the property the same property, nor any part of the property described or referred to, or to be acquired or construed under the contract made and entered into by the State Board of Land Commissioners of the State of Idaho and the Glenns Ferry Land and Irrigation Company on the 6th day of May, 1904, nor the contract between the State of Idaho and the Kings Hill Irrigation and Power Company, made and entered into on the 22nd day of January, 1908, nor is the said property described in said lien any part of the system or works to be constructed under any of the said contracts with the State of Idaho, as hereinbefore set forth, nor is said property described in said lien a part of the Kings Hill Irrigation and Power Company's irrigation system for watering lands in Owyhee, Lincoln and Twin Falls Counties, State of Idaho, nor a part of the said Kings Hill Irrigation and Power Company's system on the south side of Snake River; nor is said property a part of said Kings Hill Irrigation and Power Company's irrigation system in any other manner nor at all.

WHEREFORE, the defendant, the Minneapolis Steel and Machinery Company, a corporation, prays that the prayer of complainant's bill, insofar as it affects the property hereinbefore described as embraced in the lien of this defendant, hereinbefore set forth, be denied and that the court grant to complainant no relief in this action which will in any manner involve the said property described in defendant's said lien, as hereinbefore set forth, and for

such further relief as to this court may seem meet and equitable, and the defendant will ever pray.

MINNEAPOLIS STEEL AND MACHINERY  
COMPANY, a Corporation.

By Dean Driscoll, Attorney and Agent.

FREMONT WOOD, and  
DEAN DRISCOLL,

Residing at Boise, Idaho, Solicitors and of Counsel  
for the Minneapolis Steel and Machinery Com-  
pany, a Corporation.

---

Exhibit "A."

MINNEAPOLIS STEEL AND MACHINERY  
COMPANY, a Corporation,

vs.

KINGS HILL IRRIGATION AND POWER COM-  
PANY, a Corporation, and THE ELMORE DE-  
VELOPMENT COMPANY, a Corporation.

*Claim of Lien.*

NOTICE IS HEREBY GIVEN, That the under-  
signed, MINNEAPOLIS STEEL AND MACHIN-  
ERY COMPANY, a corporation organized and ex-  
isting under the laws of the State of Minnesota, hav-  
ing its principal office at Minneapolis, in the said  
State of Minnesota, as an original contractor, files  
this, its notice of lien, claiming a lien under the pro-  
visions of Chapter I, Title IV, Part III, Section 5110  
to 5124, inclusive, Idaho Revised Codes, of, in and  
to that certain bridge heretofore constructed across  
Snake River in Elmore County, Idaho, at or near the

town or village of King Hill in said Elmore County, together with the approaches thereto and sufficient ground on either side of the approaches thereof for the convenient use and operation of said bridge; and to that end notice is hereby given that the undersigned, Minneapolis Steel and Machinery Company, is the name of the person or corporation who entered into a contract in writing, on or about the fifteenth day of September, A. D. 1909, with the Kings Hill Irrigation and Power Company, a corporation organized under the laws of the State of Nevada, and the Elmore Development Company, a corporation, organized under the laws of the State of Idaho, for furnishing and erecting, complete, ready for travel, a 353-foot steel highway bridge to be built over the Snake River at King Hill, Idaho; including all steel work, plank floor, railing, wheel grades, tubular piers, concrete cribs and rock fill for same, and ten feet of earth approach on each end of the bridge, all to be erected complete in place ready for travel; said bridge to be constructed in accordance with plans and specifications prepared by the Minneapolis Steel and Machinery Company and approved by the engineer of the said Kings Hill Irrigation and Power Company and the said Elmore Development Company, with a guaranty that said bridge "will sustain the loads specified in the specifications, as well as a 20-inch wood stave pipe filled with water," for which said structure complete, the said Kings Hill Irrigation and Power Company and the said Elmore Development Company agreed to pay the sum of Ten

Thousand and Five Hundred (\$10,500.00) Dollars, as follows, to-wit: Five Thousand Two Hundred and Fifty (\$5,250.00) Dollars thirty days after the arrival of all the material at the bridge site, and the balance of the contract price, to-wit: Five Thousand Two Hundred and Fifty (\$5,250.00) Dollars within sixty days after completion of the contract, or any deficiencies therein.

That the said contract, and the deficiencies therein, was performed in full in every respect on the 30th day of December, 1911.

That no part of said contract price has been paid and there is now due and owing thereon from the said Kings Hill Irrigation and Power Company and the said Elmore Development Company the sum of Ten Thousand Two Hundred and Forty-six and 3-100 (\$10,246.03) Dollars, together with interest thereon at the rate of seven (7%) per cent per annum since March 1st, 1910; and that said amount last mentioned is due and owing to this claimant for work and material done and supplied to and for the construction and completion of the said steel bridge, its foundations, supports and approaches, after deducting all just credits and offsets.

The name of the claimant is the Minneapolis Steel and Machinery Company and the names of the parties for whom said work was performed and materials furnished are Kings Hill Irrigation and Power Company and the Elmore Development Company, and the date when the last item of labor was performed and labor furnished in the construc-

tion of said bridge and completion thereof was December 30, 1911, and the following is a description of the property to be charged with this lien, to-wit:

The 353-foot steel bridge over the Snake River at King Hill, Elmore County, Idaho, together with the necessary approaches thereto and the necessary foundations and supports thereof, and the names of the owners, or reputed owners of the property charged with this lien at the time of the making of this statement are the Kings Hill Irrigation and Power Company and the Elmore Development Company, as aforesaid.

Dated February 13th, 1912.

*Cross Bill.*

TO THE HONORABLE JUDGE OF THE  
UNITED STATES DISTRICT COURT, DIS-  
TRICT OF IDAHO:

The Pacific Coast Pipe Company, a corporation organized and existing under the laws of the State of Washington and a citizen and resident of the State of Washington, brings this its cross bill of complaint against the Continental and Commercial Trust and Savings Bank, a corporation organized and existing under the laws of the State of Illinois and a citizen and resident of the State of Illinois, as Trustee, Glenns Ferry Canal Company, Limited, a corporation organized and existing under the laws of the State of Idaho, and a citizen and resident of the State of Idaho, Kings Hill Extension Irrigation Company, Limited, a corporation organized and existing under the laws of the State of Idaho and a resident of the State of Idaho, Minneapolis Steel and Machinery Company, a corporation organized under the laws of the State of Minnesota and a citizen and

resident of the State of Minnesota, the State of Idaho, on the relation of John M. Haines, Governor, Joseph H. Peterson, Attorney General, Wilfred L. Gifford, Secretary of State, Grace M. Shepherd, Superintendent of Public Instruction, Fred Huston, State Auditor of said State, constituting the State Board of Land Commissioners of the State of Idaho, Intervenor, Craster Flat Farm and Orchard Company, a corporation organized and existing under the laws of the State of Idaho, and a citizen and resident of the State of Idaho, and C. R. Shaw, a citizen and resident of the State of Idaho, and this cross bill respectfully shows unto your Honor:

That, on or about the . . . . day of January, 1913, the defendant, Continental and Commercial Trust and Savings Bank, as Trustee, filed its bill of complaint in this court upon the equity side thereof against the Kings Hill Irrigation and Power Company, which then was and now is a corporation organized and existing under the laws of the State of Nevada, and this cross complainant and others, and in and by said bill of complaint alleged, among other things, as follows:

That the name of said complainant, for many years prior to August 1, 1910, was the American Trust and Savings Bank and that, on or about the date mentioned, its name was changed to Continental and Commercial Trust and Savings Bank; that it is duly authorized by law to accept and execute trusts and to act as trustee of mortgages and deeds

of trust in the nature of mortgages; that it is the same corporation which, on November 2, 1908, was named and designated in a mortgage or deed of trust in said bill of complaint described as the "American Trust and Savings Bank"; that the defendant, Kings Hill Irrigation & Power Company, in said bill of complaint named, is a corporation organized under the laws of the State of Nevada and a citizen and resident of said State, transacting business in the State of Idaho.

That, on or about November 2, 1908, the said Kings Hill Irrigation & Power Company executed and delivered to said complainant a Deed of Trust or Indenture of Mortgage as and in the form of "Exhibit A" attached to said bill of complaint, which said Deed of Trust was duly executed and acknowledged by said Kings Hill Irrigation & Power Company and recorded in the several counties in which the property affected thereby was situated; that, on or about March 1, 1909, the said Kings Hill Irrigation & Power Company and said complainant executed a Deed of Trust or Indenture of Mortgage amending such former deed of trust and mortgage in the form contained in "Exhibit B" attached to said bill of complaint, which said amendatory deed or trust or mortgage was thereafter duly recorded.

That, by said deed of trust or mortgage, the said Kings Hill Irrigation & Power Company, as security for the payment of indebtedness thereafter in said bill of complaint referred to, granted, bargained, sold and conveyed to said complainant certain property,

in said bill of complaint described, including rents, issues, interests, incomes and profits from the same, the real property of which was and is situated in the counties of Lincoln, Owyhee and Twin Falls in said state; that said deed of trust or mortgage and the amendments thereto, was for the purpose of securing the payment of an issue of bonds of said Kings Hill Irrigation and Power Company then about to be issued, consisting of six hundred fifty-five (655) coupon bonds of the aggregate face value of Five Hundred Thousand (\$500,000.00) Dollars, which bonds were to be and become due and payable at the office of said complainant, in the City of Chicago, on certain dates and in certain amounts specified in said bill of complaint; that to each of said bonds was attached coupons evidencing the interest to accrue thereon; that of said bonds, four hundred sixty-three (463) in number, representing a face value of Three Hundred Fifty-eight Thousand Four Hundred (\$358,400.00) Dollars, were executed by said Kings Hill Irrigation & Power Company and subsequently certified by said complainant, as trustee, and thereafter issued, delivered and negotiated, the due dates and the amounts of said bonds so negotiated being set out in said bill of complaint; that no suit or action at law had been commenced to recover the principal of said bonds or the interest thereon, or any part thereof.

That, in and by said deed of trust or mortgage, the said Kings Hill Irrigation & Power Company covenanted and agreed to pay to the holder of each and

every of said bonds the principal and interest accruing thereon when due and that the face value of the sums to become due on contracts for the sale of water rights and mortgages to secure the payment thereof, which it should, from time to time, assign to said complainant, for the purpose of securing the payment of principal and interest on said bonds, should, at all times, be kept equal to one hundred fifty (150%) per cent of the face value of said bonds then outstanding, except so far as funds should be in the hands of said complainant applicable to the payment of the same; that, in case the said Kings Hill Irrigation & Power Company should make default in the payment of said bonds or interest, or should fail to keep all the covenants of said trust deed or mortgage and the amendments thereof, the said complainant should be entitled to proceed in the manner prescribed in said trust deed or mortgage for the enforcement of the conditions thereof, and might, under conditions therein named, take possession of said property for the purpose of preserving the same and for securing the payment of the principal and interest of said bonds or to take appropriate judicial proceedings by action, suit or otherwise, as should be deemed by said complainant most expedient in the interest of the holders of the bonds thereby secured, and, upon obtaining a decree for the foreclosure of said trust deed or mortgage, to make sale of said property, without the benefit of valuation and appraisal laws and the right to redeem said property from sale.

And said complainant, by said bill of complaint, further alleged that, subsequent to the execution of the said deed of trust or mortgage, there were deposited with and assigned to it by said Kings Hill Irrigation & Power Company certain contracts entered into by said last named company for the purchase of water rights and shares in its irrigation system, there being deposited at the same time fully paid shares of the capital stock of the Glenns Ferry Canal Company, Limited, a corporation, duly assigned in blank; that said contracts are still in the hands of said complainant and a description or purported description thereof, with dates, names of original contracting parties, description of lands covered, unpaid balance of principal, dates of filing for record and books and pages of record are set out in said bill of complaint.

Complainant, in said bill of complaint, further avers that the defendants named in said bill of complaint, including this cross complaint, have, or claim to have, some interest, the exact nature of which, as is alleged in said bill of complaint, is unknown to said complainant, in the property in said bill of complaint described, or in some part or parts thereof, and that said interest or interests, if any, are subject and subordinate to the lien of the said deed of trust or mortgage and of the indebtedness to be paid thereby.

Said complainant, by said bill of complaint, further avers that said Kings Hill Irrigation & Power Company has made default on said deed of trust or

mortgage as amended and said bonds in certain particulars which are set out in said complaint and are, in substance and effect, that the said Kings Hill Irrigation & Power Company has failed and neglected to keep the aggregate amount of the face value of the payments to become due upon contracts deposited with said complainant up to the one hundred fifty (150%) per cent provided by said trust deed and mortgage, in failing to pay the principal sum of bonds aggregating Forty Thousand (\$40,000.00) Dollars par value which matured May 1, 1911, and failing to pay the principal sum of bonds aggregating Forty Thousand (\$40,000.00) Dollars par value which matured May 1, 1912; also in failing to pay the interest coupons on sundry of said bonds which matured May 1, 1911, and May 1, 1912.

That, in said bill of complaint, it is further alleged that, on account of the defaults of the said Kings Hill Irrigation & Power Company, the holders of more than a majority in amount of the said bonds filed with said complainant a request that it declare the principal of all the bonds secured by said deed of trust or mortgage immediately due and payable and that thereupon the said complainant, by notice in writing delivered to said Kings Hill Irrigation & Power Company prior to the institution of said suit, declared the principal of all of said bonds due and payable and that thereupon said bonds, aggregating Three Hundred Fifty-eight Thousand Four Hundred (\$358,400.00) Dollars, became due and payable and that said Kings Hill Irrigation & Power

Company is in default as to the payment thereof; that, from time to time, payments have been made to said complainant on various water contracts assigned to and deposited with it under the terms of said trust deed and mortgage and that there was, at the time of the filing of said bill of complaint, in the hands of said complainant the sum of Two Thousand Four Hundred Four and Seventy-eight Hundredths (\$2404.78) Dollars, as net proceeds of such payments, on which sum, said complainant asserted and asserts, it has a lien under trust deed and mortgage for its charges, disbursements and obligations incurred in connection with said trust and that such lien is paramount to each and every obligation secured by said trust deed as amended; that said complainant found it necessary to employ counsel and has itself performed services in connection with said trust and has expended large sums of money and is, under the terms of said trust deed, entitled to reasonable compensation for its services and for counsel employed by it.

And said complainant, by said bill of complaint, alleges that there was, at the time of the filing of said bill of complaint, due and owing, and thereafter to become due and owing, on account of said bonds, the sum of Three Hundred Fifty-eight Thousand Four Hundred (\$358,400.00) Dollars, principal, and Twenty-one Thousand Nine Hundred Four (\$21,904.00) Dollars, interest, together with interest at the rate of seven (7%) per cent upon the principal of the bonds, Three Hundred Fifty-eight Thou-

sand Four Hundred Dollars (\$358,400.00), from May 1, 1912, to the date of the decree to be entered therein; that there is also due compensation for the services of said complainant and its counsel and that complainant is entitled, under the terms of said trust deed or mortgage, to the payment of all costs and expenses of every kind incurred, and to be incurred in said proceeding, and in keeping, maintaining, operating or completing the construction of the property referred to therein and in discharging its trusts; also such sums as said complainant should pay for taxes, assessments or other liens prior to the lien of said trust deed or mortgage.

Said complainant, by said bill of complaint, further alleged that the business of said Kings Hill Irrigation & Power Company consisted in the operation of an irrigation system and the supplying of water to numerous persons; that, because of the peculiar nature of said property and the manner of its operation, the same could be sold to better advantage in one parcel and that the sale should be made without redemption; that said property affords insufficient security for said indebtedness and, if the operation of said irrigation system should be suspended during the pendency of said suit, the value of the property would depreciate and irreparable injury would be done to the owners of the indebtedness secured by said trust deed; that the earnings and income of said Kings Hill Irrigation & Power Company have never been sufficient to pay its operating expenses and that it was and would be unable

to provide for the conduct of its said business during the pendency of said suit and that said property should be preserved and said system operated by a Receiver, under the direction of the Court.

That, in and by said bill, it is prayed that a Receiver be appointed, who, during the pendency of said suit, should have full power and authority to take possession and control of said property and operate the same as the Kings Hill Irrigation & Power Company might or could have done; that an account be taken of the indebtedness of said Kings Hill Irrigation & Power Company to the said complainant which should include all costs and expenses of said suit and compensation to said complainant, its agents, attorneys, solicitors and counsel, and all charges and disbursements made and incurred in managing and operating said property and to reimburse said complainant for monies advanced to pay taxes and assessments and liens prior to the lien of said trust deed and interest on all such payments and advances; that said Kings Hill Irrigation & Power Company be decreed to pay such sum as shall be ascertained to be due and, in default of such payment, that said mortgaged property be sold as one parcel and without redemption and that, in the event of such sale, the said Kings Hill Irrigation & Power Company and all persons claiming by, through or under them, might be forever barred and foreclosed of all equity or redemption and all claim in and to said mortgaged premises and that the purchaser thereof be let into immediate possession.

That, out of the proceeds of such sale, there should be first paid all costs and expenses, reasonable compensation to said complainant, its agents, attorneys, solicitors and counsel, all proper charges to said complainant for services, costs, charges and disbursements, made or incurred in managing and operating said property; and to the reimbursement of said complainant for monies theretofore advanced for any and all purposes and that then there might be paid the amount due upon the bonds secured by said mortgage and, if there was any surplus, it might be held subject to the further order of the Court; that, upon any sale under said decree, the purchasers might, after providing for all expenses, costs and compensation, be allowed to make payment of the balance of the purchase price in the bonds secured by said trustee; that, in case the proceeds of such sale be not sufficient to satisfy and discharge all of said matters, a judgment be entered against the said Kings Hill Irrigation & Power Company for the deficiency; and that said complainant might have such other and further relief as should be proper and agreeable to the court; all of which will more fully appear by said bill of complaint on file in said cause, to which and to the allegations thereof, this cross complainant begs leave to refer and to make the same a part of this, its cross bill with like effect as if the allegations of said bill of complaint had been set forth fully and at length herein.

The cross complainant further says that, having waived the service of process in said suit, it now

appears and files its answer to said bill and at the same time files this, its cross complaint.

That the cross complainant, Pacific Coast Pipe Company, during all the times hereinafter mentioned, was and now is a corporation organized and existing under the laws of the State of Washington, with its principal place of business in Seattle, in said State.

That the defendant, Kings Hill Irrigation & Power Company, at all times hereinafter mentioned, was and now is a corporation organized and existing under the laws of the State of Nevada and authorized to do business and doing business in the State of Idaho.

That the said Kings Hill Irrigation & Power Company now is and during the times hereinafter mentioned was the owner of that certain ditch, flume and canal commonly known as the "Kings Hill Canal" and the right of way therefor located in Lincoln, Twin Falls, Owyhee and Elmore Counties, State of Idaho, together with all appurtenances thereunto belonging or in anywise appurtenant and including all main and subordinate laterals, dams, headgates, rights of way, water rights, etc., which said canal is more particularly described as follows, to-wit:

The intake of said canal is at a point on the right bank of the Malad River in Lincoln County, State of Idaho, near the North and South line between the NW $\frac{1}{4}$  of the NW $\frac{1}{4}$  and the NE $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 35, Township 6 South of Range 13 East,

Boise base and meridian; said point being approximately South 75 degrees 22 minutes, East 1,195.5 feet from the Southwest corner of Section 27, said Township and Range. From the said point of diversion the canal continues along the right bank of said river for a distance of about 5,600 feet to Snake River; thence across Snake River on a steel span bridge in an inverted syphon wooden pipe 1,400 feet to the South side of Snake River; thence running in a Westerly direction along the South side of Snake River for a distance of about twenty miles to a point near the center of Section 5, Township 6 South of Range 11 East, B. M., which is the end of the main canal, from which point the distribution system, consisting of main laterals known as the Poison Basin Branch, King Hill Syphon, King Hill Branch, Kings Hill Bench Branch and Glenns Ferry Branch, together with subordinate laterals, extends on, over and across lands in Townships 5 and 6 South, Ranges 10 and 11 East, Boise meridian.

That said property is the same, or a part of the same, property described in the original bill of complaint in this action on which the complainant therein, Continental & Commercial Trust and Savings Bank, as Trustee, seeks to foreclose a trust deed or mortgage given to secure the payment of certain bonds claimed to have been executed and delivered by said defendant, Kings Hill Irrigation & Power Company.

That, between the 13th day of July, 1909, and the 2nd day of July, 1910, this cross complainant, at the

instance and request of said Kings Hill Irrigation & Power Company, and as an original contractor, furnished, sold and delivered to said Kings Hill Irrigation & Power Company, at Ballard Station, Seattle, State of Washington, certain materials to be used and which were actually used in the construction and repair of the said ditch, flume and canal hereinbefore described at the agreed price and of the reasonable value of Twelve Thousand Three Hundred Sixty-three and Twenty-four Hundredths (\$12,363.24) Dollars, upon the following terms, to-wit: Payment to be made in cash and, if not paid, interest to be charged after thirty (30) days from the date of invoice.

That a statement of said materials so furnished, together with the dates upon which the same were furnished, being the dates of invoice, respectively, is as follows, to-wit:

## 1909.

That there became due and owing to this cross complainant from said Kings Hill Irrigation & Power Company on account of materials so furnished, sold and delivered as aforesaid, the sum of Ten Thousand Seventy-one and Thirty-three Hundredths (\$10,071.33) Dollars, together with interest to date of payment at the lawful rate of seven (7%) per cent per annum upon each and every of the sev-

eral items for merchandise furnished, as per statement contained in the preceding paragraph of this cross complaint, from and after thirty (30) days from the date of said several items less interest on the several credits hereinbefore in this paragraph set forth.

That cross complainant ceased to furnish materials for said ditch, flume and canal, as aforesaid, on the 2nd day of July, 1910, and within ninety (90) days after it had ceased to furnish materials therefor, as aforesaid, and for the purpose of perfecting a lien on said ditch, flume and canal for the moneys so due on account of materials furnished, as aforesaid, cross complainant, within the time allowed by the laws of the State of Idaho, filed for record in the offices of the County Recorders of Elmore and Owyhee Counties, State of Idaho, its claim of lien duly verified, which said claim was duly recorded on the records of said Elmore County on August 4, 1910, in Book 18 of Liens, at Page 401, and on the records of said Owyhee County on August 5, 1910, in Book 3 of Leases and Liens, at Page 260; that a copy of said claim of lien is hereto attached, marked "Exhibit A" and made a part of this cross complaint.

That cross complainant paid for the filing and recording of said claim of lien the sum of Four and Twenty Hundredths (\$4.20) Dollars; that the sum of Seven Hundred Fifty (\$750.00) Dollars was and is a reasonable fee to be allowed to this cross complainant, plaintiff in said action referred to, for the

prosecution of the same and the foreclosure of said lien, as provided by the law of the State of Idaho.

This cross complainant further avers that, thereafter, to-wit, on the 31st day of October, 1910, and within the time allowed by the laws of the State of Idaho, it commenced an action and proceeding in the District Court of the Fourth Judicial District of the State of Idaho, in and for Elmore County, being a proper court in which to institute such proceeding, to enforce its said lien and summons was duly issued in said action and served on the said Kings Hill Irrigation & Power Company, which thereupon, appeared in said action and procured said cause to be removed into the United States Circuit Court for the District of Idaho, Southern Division; that said Kings Hill Irrigation & Power Company filed its answer in said cause and such proceedings were thereafter had therein in said United States Circuit Court that a decree of said court was duly entered in said cause on the 30th day of December, 1911, by which decree, it was ordered, adjudged and decreed that there was then due and owing to this cross complainant, plaintiff in said action, by the defendant therein, Kings Hill Irrigation & Power Company, a defendant named in this action, the sum of Ten Thousand Sventy-one and Thirty-three Hundredths (\$10,071.33) Dollars, together with accrued interest thereon at the rate of seven (7%) per cent per annum from October 2nd, 1910, to date of said decree, said interest amounting to Eight Hundred Forty-five and Ninety-nine Hundredths (\$845.99)

Dollars, together with the further sum of Four and Twenty Hundredths (\$4.20) Dollars for filing and recording said claim of lien, and the further sum of Seven Hundred Fifty (\$750.00) Dollars, attorney's fees upon the foreclosure of said lien, making a total of Eleven Thousand Six Hundred Seventy-one and Fifty-two Hundredths (\$11,671.52) Dollars, and that said Pacific Coast Pipe Company, plaintiff in said action and cross complainant herein, have and recover of the said Kings Hill Irrigation & Power Company the said sum of Eleven Thousand Six Hundred Seventy-one and Fifty-two Hundredths (\$11,671.52) Dollars, with interest until paid, and the costs of said cause, and that execution issue therefor.

It was further, by said decree, ordered, adjudged and decreed that the said sum of Eleven Thousand Six Hundred Seventy-one and Fifty-two Hundredths (\$11,671.52) Dollars, with accruing interest, constituted a lien upon the ditch, flume, canal and right of way thereinbefore described in the complaint in said action, together with all appurtenances and including all main and subordinate laterals, dams, headgates, rights of way, water rights, etc., which said property, referred to, set out and described in said decree, is the same as is hereinbefore in this cross complaint described and is the same, or part of the same, property referred to and described in the original bill of complaint in this action of the Continental & Commercial Trust and Savings Bank.

It was further, by said decree, ordered, adjudged and decreed that, if said sum of money, with accruing interest and costs, be not paid by said Kings Hill Irrigation & Power Company within ninety (90) days from the entry of said decree, then R. M. McCracken, Special Master appointed by the court for that purpose, should sell the property therein described to satisfy said lien to the highest bidder for cash at public auction at the door of the Court House of Owyhee County, State of Idaho, in the town of Silver City, in said Owyhee County, State of Idaho, being the county in which the greater part of said property was and is located.

That said sum of money so adjudged by said decree to be due and owing to the plaintiff therein, Pacific Coast Pipe Company, this cross complainant, was not, nor was any part or portion thereof, paid by the said Kings Hill Irrigation & Power Company, nor by any one in its behalf, within ninety (90) days from the entry of said decree, nor at any time, nor at all. Whereupon, such proceedings were taken and had that the said hereinbefore described property was thereafter, on the 28th day of May, 1912, at said Silver City, in Owyhee County, State of Idaho, by said Special Master, pursuant to the order and direction contained in said decree and after due notice of such sale, offered for sale to the highest bidder and sold to this cross complainant, plaintiff in said action, for the sum of Twelve Thousand One Hundred Ninety-two and Sixty Hundredths (\$12,192.60) Dollars, being the full amount named in said judg-

ment and decree, with accrued interest and costs, including Master's fees, disbursements and commissions on such sale; that said decree further provided, ordered and decreed that the plaintiff might become a purchaser at such sale and that said Special Master, after the time allowed by law for redemption, should execute a deed to the purchaser or purchasers of said premises on said sale.

That, thereupon, said Special Master made his report of said sale and such proceedings were thereupon had that the said sale was, on July 9, 1912, by an order of said court, duly confirmed.

That, heretofore, to-wit, on May 1, 1908, the said Kings Hill Irrigation & Power Company entered into a contract in writing with the State of Idaho, whereby the said company undertook and agreed with said State to construct an irrigation system or works for the purpose of irrigating and reclaiming certain arid public lands of the United States situated in the counties of Twin Falls, Owyhee and Elmore, in said State of Idaho, under the provisions of Section 4 of an act of Congress, approved August 18, 1894, commonly known as the Carey Act, and the acts amendatory thereof, and the laws enacted by the State of Idaho in pursuance of the power granted by said acts of Congress. That a copy of said contract between the said Kings Hill Irrigation & Power Company and the State of Idaho is of the pleadings, records and files in this action and is attached to the complaint in intervention of the State of Idaho here-

tofore filed herein, as Exhibit 3, and this cross complainant refers to said contract, Exhibit 3, so on file in this action as an exhibit attached to said complaint in intervention, and begs leave to make reference thereto as a part of this cross complaint, as fully as if the same were set out at length herein.

That the works so to be constructed, and which were constructed, by said Kings Hill Irrigation & Power Company consisted of a dam or dams, main and subordinate canals, main and subordinate laterals, fluming, trestle works, pipe lines, bridges for supporting pipe lines, headgates, waste gates and other structures, as described in said contract with the State of Idaho, Exhibit 3, hereinbefore referred to, and the said works were to be constructed and completed and turned over in accordance with the specifications, terms, provisions and conditions of the said contract referred to.

That the materials so sold and delivered by this cross complainant to said Kings Hill Irrigation and Power Company, as hereinbefore in this cross complaint set out, were to be used, and were actually used, in the construction and completion of the canals and works required to be constructed, and which were constructed, under the terms of said contract for the irrigation and reclamation of the lands referred to and described therein.

That said irrigation works so to be constructed, and which were constructed, by the said Kings Hill Irrigation & Power Company under said contract

with the State of Idaho, were constructed over, along, across and upon the public lands of the United States and lands of the State of Idaho, and the completion of said canals and other structures, comprising the main canal and distribution system of the works so to be constructed, was essential and necessary to the securing to said Kings Hill Irrigation & Power Company of a right of way therefor over said public lands of the United States, and essential and necessary to the securing to said Kings Hill Irrigation & Power Company of a right, title or interest in and to such right of way; and this cross complainant avers that said Kings Hill Irrigation and Power Company had and acquired no right, title or interest whatsoever in and to said right of way prior to the furnishing by this cross complainant of the materials hereinbefore in this cross complaint referred to and their actual use in the construction and completion of the canals and works referred to, being the canals, structures and irrigation works hereinbefore set out and described in this cross complaint and in the original bill of complaint herein of the Continental & Commercial Trust & Savings Bank, as Trustee.

Wherefore, this cross complainant says that its lien for the materials so furnished to be used, and which were actually used, in the said irrigation works and system, canals, pipe lines and other structures, as hereinbefore in this cross complaint set out, was and is prior and superior to the lien of the trust deed

and mortgage set out in said original bill of complaint in this action.

This cross complainant avers that, in addition to the claim of lien by trust deed or mortgage asserted by said Continental & Commercial Trust & Savings Bank, as Trustee, set out in the original bill of complaint in this action, and which lien, this cross complainant avers is subsequent to, and subject to, the lien of this cross complainant, the following named defendants have, or claim to have, some right, title and interest in and to the irrigation works and property hereinbefore in this cross complaint described, to-wit:

Glenns Ferry Canal Company, Limited a corporation, Kings Hill Extension Irrigation Company, Limited, a corporation, Minneapolis Steel and Machinery Company, a corporation, State of Idaho, on the relation of John M. Haines, Governor, Joseph H. Peterson, Attorney General, Wilfred L. Gifford, Secretary of State, Grace M. Shepherd, Superintendent of Public Instruction, and Fred Huston, State Auditor, constituting the State Board of Land Commissioners of the State of Idaho, Craster Flat Farm and Orchard Company, and C. R. Shaw;

and cross complainant says that such right, title and interest, if any, is subsequent to and subordinate to the prior and superior right, title, interest and lien of this cross complainant, as hereinbefore in this cross complaint set out.

Wherefore, this cross complainant prays that said defendants, and each of them, may be required to

set forth the nature and extent of their several claims and that a decree be entered in this cause in favor of the plaintiff, adjudging and decreeing as follows:

1. That the said Kings Hill Irrigation & Power Company was and is indebted to this cross complainant for materials used and which were used in the canals and structures, hereinbefore in this cross complaint referred to, in the sum of Ten Thousand Seventy-one and Thirty-three Hundredths (\$10,071.33) Dollars, together with interest to date of payment at the lawful rate of seven (7%) per cent per annum on each and every of the several items for merchandise furnished, as hereinbefore in this cross complaint alleged, from and after thirty (30) days from the date of said several items, less interest on the several credits hereinbefore set out, including Four and Twenty Hundredths (\$4.20) Dollars, cost of filing and recording said lien, and Seven Hundred Fifty (\$750.00) Dollars, attorney's fee for the prosecution of the suit to foreclose said lien.

2. That it may be decreed that the said lien of this cross complainant was and is a valid and subsisting lien against the said irrigation works and canal system of said Kings Hill Irrigation & Power Company, together with the dams, ditches, canals, laterals, rights of way and all the property and appurtenances connected therewith for the amount of said lien, together with costs, disbursements and attorney's fees; that said lien was and is prior and superior to any right, title, claim or interest had, held,

claimed or owned by the said Continental & Commercial Trust & Savings Bank, as Trustee, and the other several defendants, and each of them, and that the right, title and interest of said defendants, and each of them, including said Continental & Commercial Trust & Savings Bank, as Trustee, is subsequent to, and subordinate to, the right, title, claim, interest and lien of this cross complainant, as hereinbefore set out; and for a decree foreclosing said lien of cross complainant as against the said defendants, and each of them.

3. That cross complainant may have such other and further relief in the premises as the circumstances in the case may require and as may be agreeable to equity.

Cross complainant prays for a rule in the said cause requiring all of the said defendants in this cross complaint named, and each of them, to answer said cross complaint by a day to be fixed by the court and that a subpoena be issued out of this court commanding said defendants, and each of them, on a day certain, therein to be named, personally to appear before this court and make answer to this cross complaint and to abide by such order and decree herein as may be made against them.

PACIFIC COAST PIPE COMPANY.

By T. B. Garrison, its President.

N. M. Ruick, Solicitor for Cross Complainant, Pacific Coast Pipe Company.

State of Washington,  
County of King,—ss.

T. B. Garrison, being duly sworn, says he is President of the Pacific Coast Pipe Company, the cross complainant in the foregoing cross complaint named and its duly authorized agent in this behalf; that he has read the foregoing cross complaint and knows the contents thereof and that he believes the facts therein stated to be true.

*Exhibit A.*

CLAIM OF LIEN.

PACIFIC COAST PIPE COMPANY,

Claimant,

VS.

KINGS HILL IRRIGATION & POWER COMPANY,

Defendant.

Notice is hereby given that the Pacific Coast Pipe Company, a corporation organized and existing under the laws of the State of Washington with its principal place of business at Seattle in said state, hereby claims a lien upon that certain ditch, flume and canal commonly known as the "Kings Hill

Canal" and the right of way therefor located in Lincoln, Twin Falls, Owyhee and Elmore Counties, State of Idaho, together with all appurtenances thereunto belonging or in anywise appurtenanting and including all main and subordinate laterals, dams, headgates, rights of way, water rights, etc. Said canal is owned and reputed to be owned by the Kings Hill Irrigation and Power Company, a corporation organized and existing under the laws of the State of Nevada and doing business in the State of Idaho, which said canal is more particularly described as follows, to-wit:

The intake of said canal is at a point on the right bank of the Malad River in Lincoln County, State of Idaho, near the North and South line between the NW $\frac{1}{4}$  of the NW $\frac{1}{4}$  and the NE $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 35, Township 6 South of Range 13 East, Boise base and meridian; said point being approximately South 75 degrees 22 minutes, East 1,195.5 feet from the Southeast corner of Section 27, said Township and Range. From the said point of diversion the canal continues along the right bank of said river for a distance of about 5,600 feet to Snake River; thence across Snake River on a steel span bridge in an inverted syphon wooden pipe 1,400 feet to the South side of Snake River; thence running in a Westerly direction along the South side of Snake River for a distance of about twenty miles to a point near the center of Section 5, Township 6 South of Range 11 East, B. M., which is the end of the main canal, from which point, the distribution system, con-

sisting of main laterals known as the Poison Basin Branch, King Hill Syphon, King Hill Branch, King Hill Bench Branch and Glenns Ferry Branch, together with subordinate laterals, extends on, over and across lands in Townships 5 and 6 South, Ranges 10 and 11 East, Boise meridian.

This claim of lien is for the sum of Ten Thousand Seventy-one and Thirty-three Hundredths (\$10,071.33) Dollars, together with interest to date of payment at the lawful rate of seven (7%) per cent per annum upon each and every of the several items for merchandise furnished as per statement hereto annexed, marked Schedule 1 and made a part hereof, from and after thirty (30) days from the date of said several items, less interest on the several credits appearing on said statement, on account of materials furnished by the claimant to, and at the instance of, the Kings Hill Irrigation & Power Company, the owner and reputed owner of said ditch, flume and canal, to be used in the construction and repair of the said ditch, flume and canal. Said materials were furnished to the said Kings Hill Irrigation and Power Company between the 13th day of July, 1909, and the 2nd day of July, 1910, on which said last named date, the claimant ceased to furnish materials for said ditch, flume and canal.

That claimant was and is an original contractor in the furnishing of said materials and ninety (90) days have not elapsed since it ceased to furnish materials for the construction and repair of said ditch, flume and canal.

That there remains a balance due claimant for said materials so furnished between said dates, after deducting all just credits and offsets, the above named sum, with interest as above.

Wherefore, said claimant claims a lien upon said ditch, flume and canal in the sum of Ten Thousand Seventy-one and Thirty-three Hundredths (\$10,071.33) Dollars, together with interest as above, which interest accrued to the 1st day of August, 1910, amounted to \$434.16, making the total claim on August 1st, 1910, \$10,505.49.

PACIFIC COAST PIPE COMPANY,

## SUPPLEMENTAL CROSS COMPLAINT.

Comes now the complainant and by leave of the court first had and obtained files this its supplemental cross complaint and alleges therein as follows:

That, subsequent to the order of this court confirming the said sale by a Special Master, as referred to in the original cross complaint herein, the time allowed by law for the redemption of said property from sale having expired, the said Special Master, on the 5th day of September, 1913, executed, acknowledged and delivered as such Special Master to this cross complainant a deed to the premises in said original cross complaint described, with the appurtenances, and the same ever since have been, and now are, the property of this cross complainant.

Wherefore, cross complainant prays that it may be decreed to be the owner of the premises in said original cross complaint described and that its title thereto may be quieted; that the lien of this cross complainant, referred to and set out in said original cross complaint, may be decreed to be superior and prior to the, or any, lien of the plaintiff or of the several defendants in said action.

N. M. RUICK,  
Attorney for Cross Complainant, Residence, Boise,  
Idaho.

CONTINENTAL AND COMMERCIAL TRUST  
AND SAVINGS BANK, as Trustee,  
Complainant,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY ET AL.,  
Defendant.

*Cross Bill.*

PACIFIC COAST PIPE COMPANY,  
Plaintiff,

vs.

CONTINENTAL AND COMMERCIAL TRUST  
AND SAVINGS BANK ET AL., as Trustee,  
Defendants.

*Answer of Continental and Commercial Trust and Savings Bank, as Trustee, to the Cross Bill of Pacific Coast Pipe Company.*

Now comes Continental and Commercial Trust and Savings Bank, as Trustee, a corporation organized and existing under and by virtue of the laws of the State of Illinois, and a citizen and resident of the State of Illinois, and, saving and reserving unto itself the benefit of all manner of motions to dismiss the Cross Bill herein, and all manner of exceptions to the errors and uncertainties in the Cross Bill herein, for answer thereunto, or to so much thereof as this defendant is advised it is necessary or material for it to make answer unto, answering, avers and alleges as follows:

1. This defendant admits that on or about the ..... day of January, 1913, it filed its Bill of Complaint in this court, upon the equity side thereof, against the Kings Hill Irrigation & Power Company, a corporation organized and existing under the laws of the State of Nevada, and against the cross complainant, Pacific Coast Pipe Company, and others; but neither admits nor denies that, in and by its said Bill of Complaint, it alleged as is set forth in words in said Cross Bill; but, for greater certainty, refers to its said Bill of Complaint filed herein, and makes the same a part hereof.

2. This defendant admits that the cross complainant, Pacific Coast Pipe Company, during all the times in said Cross Bill mentioned, was, and now

is, a corporation organized and existing under the laws of the State of Washington, with its principal place of business in Seattle, in said State; and that the defendant, Kings Hill Irrigation & Power Company, at all the times in the said Cross Bill mentioned was, and now is, a corporation organized and existing under the laws of the State of Nevada, and authorized to do business, and doing business, in the State of Idaho.

3. This defendant admits that the said Kings Hill Irrigation & Power Company now is, and during the times mentioned in said Cross Bill was, the owner of a certain ditch, flume and canal commonly known as the Kings Hill Canal, and the right of way therefor, in Lincoln, Twin Falls, Owyhee and Elmore Counties, in the State of Idaho, together with all appurtenances thereunto belonging or in any wise appertaining, and including all main and subordinate laterals, dams, headgates, rights of way, water rights, etc.; but is without knowledge as to whether said canal is more particularly described as set forth in said Cross Bill, or as to whether such property is the same, or part of the same property described in this defendant's original Bill of Complaint herein, and requires the cross complainant to make strict proof as to such particular description and as to whether said property is a part of the property described in this defendant's original Bill of Complaint herein, so far as it is advised that the same is necessary or material.

4. This defendant further admits that, in and by its said original Bill of Complaint, it seeks to foreclose a Trust Deed or mortgage, given to secure the payment of certain bonds claimed to have been executed and delivered by said defendant Kings Hill Irrigation & Power Company, and for greater certainty this defendant prays leave to refer to its said original Bill of Complaint for a more full and particular description of said Trust Deed or mortgage, and the bonds secured thereby, and for the relief sought by its said Bill of Complaint.

5. This defendant is without knowledge as to whether between the 13th day of July, 1909, and the 2nd day of July, 1910, said cross complainant, at the instance and request of said Kings Hill Irrigation & Power Company, and as an original contractor, furnished, sold, and delivered to said Kings Hill Irrigation & Power Company, at Ballard Station, Seattle, Washington, certain materials to be used, and which were actually used in the construction and repair of a ditch, flume and canal, as in said Cross Bill alleged, at the agreed price and of the reasonable value of Twelve Thousand Three Hundred Sixty-three and 24-100 (\$12,363.24) Dollars, and upon the terms stated; and is without knowledge as to the statement of said materials so furnished, together with the dates upon which the same were furnished, being the dates of invoice as set forth in said Cross Bill; and is without knowledge as to whether any part of said amount has been paid save and except the sum of Two Thousand Two Hundred Ninety-one

and 91-100 (\$2291.91) Dollars; and requires the cross complainant to make strict proof of each and every thereof, so far as it is advised the same is material or necessary. And, further answering, this defendant avers and alleges that it is informed and believes, and therefore states, that if any materials were furnished by said cross complainant to said Kings Hill Irrigation & Power Company, and used in the construction and repair of any ditch, flume and canal, such materials were contracted for and used subsequent to the execution and recording of the Trust Deed or Mortgage to this defendant set forth in this defendant's original Bill of Complaint herein, and with knowledge by said cross complainant of said Trust Deed or Mortgage; and that any rights accruing to said cross complainant on account of the furnishing of any such materials, and the use thereof, are subsequent to, and subject to, the rights and lien of this defendant in, to and upon all of the property of said Kings Hill Irrigation & Power Company, accruing under and by virtue of said Trust Deed or Mortgage, as set forth in this defendant's original Bill of Complaint herein.

6. This defendant is without knowledge as to whether any amounts whatsoever became due and owing to the cross complainant from said defendant Kings Hill Irrigation & Power Company on account of materials furnished, sold and delivered, as alleged in said Cross Bill; and requires the cross complainant to make strict proof thereof, so far as it is advised the same is necessary or material.

7. This defendant is without knowledge as to whether said cross complainant ceased to furnish materials for said ditch, flume and canal on July 2, 1910, and as to whether, within ninety days after it had so ceased to furnish materials, and for the purpose of perfecting a lien upon said ditch, flume and canal, for the money so alleged to be due said cross complainant, said cross complainant, within the time allowed by the laws of the State of Idaho, filed for record in the offices of the County Recorders of Elmore and Owyhee Counties, State of Idaho, its verified lien claim, or as to whether said claim was duly recorded on the records of Elmore County on August 4, 1910, in Book 18 of Liens, on page 401, and on the records of Owyhee County on August 5, 1910, in Book 3 of Leases and Liens, at page 200, or as to whether a copy of said lien claim attached to said Cross Bill is a true and correct copy thereof; and prays that the cross complainant may be required to make strict proof of each and every of its allegations in that regard, so far as it is advised the same is necessary or material.

8. This defendant is without knowledge as to any amounts paid by said cross complainant for the filing or recording of its said lien claims, or as to whether the sum of Seven Hundred and Fifty (\$750.00) Dollars was and is a reasonable fee to be allowed to said cross complainants for the prosecution and foreclosure of any such alleged lien claim as provided by the laws of the State of Idaho; and requires the cross

complainant to make strict proof thereof so far as the same may be necessary or material.

9. This defendant is without knowledge as to whether the cross complainant thereafter at any time, and within the time allowed by the laws of the State of Idaho, commenced an action, and proceeded, in the District Court of the Fourth Judicial District of the State of Idaho, in and for Elmore County, to enforce its said alleged lien; or as to whether summons was duly issued in said action, and served on said Kings Hill Irrigation & Power Company; or as to whether said Kings Hill Irrigation & Power Company appeared in said action, and procured said cause to be removed into the United States Circuit Court, for the District of Idaho, Southern Division; or as to whether said Kings Hill Irrigation & Power Company filed its answer in said cause; or as to whether such proceedings were thereafter had in said United States Circuit Court, or a decree of said court duly entered in said cause on December 30, 1911, by which decree it was ordered, adjudged and decreed that there was then due and owing to the cross complainant by the defendant Kings Hill Irrigation & Power Company the sum of Ten Thousand Seventy-one and 33-100 (\$10,071.33) Dollars, together with accrued interest of Eight Hundred Forty-five and 99-100 (\$845.99) Dollars, and attorneys' fees of Seven Hundred and Fifty (\$750.00) Dollars, making a total of Eleven Thousand Six Hundred Seventy-one and 52-100 (\$11,671.52) Dollars; or as to whether, by said decree, said sum was adjudged to

constitute a lien upon the ditch, flume, canal and right of way described in said decree; or as to whether said property therein described is the same as that referred to in said Cross Bill, or is a part of the same property referred to and described in the original Bill of Complaint filed herein by this defendant; or as to whether said decree directed that said property should be sold by a Special Master appointed by the court for that purpose, within ninety days; or as to whether any proceedings were thereupon taken, and the property in said decree described sold by said Special Master; or as to whether said Special Master made any report of such sale; and requires the complainant to make strict proof of each and every thereof, so far as it is advised that the same may be necessary or material. And, further answering, this defendant avers and alleges that this defendant, as Trustee under said Trust Deed or Mortgage from the Kings Hill Irrigation & Power Company, set forth in its said original Bill of Complaint herein, was not made a party defendant to, and did not appear in, any proceedings taken or had by said cross complainant to enforce its said alleged lien against any of the property of the Kings Hill Irrigation & Power Company; and that this defendant, as such Trustee, at all times had, and now has, a first and prior lien upon all of the property of said Kings Hill Irrigation & Power Company, including the property upon which a lien is claimed by said cross complainant; and that all right, title and interest of said cross complainant on account of its

said alleged lien, are inferior and subsequent to the lien of this defendant accruing under and by virtue of the Trust Deed or Mortgage aforesaid; and that any and all proceedings had or taken by said cross complainant on account of said alleged lien were, and are, of no force and effect against this defendant, and against the right, title and interest of this defendant in and to the property of said Kings Hill Irrigation & Power Company described in said Cross Bill.

10. This defendant is without knowledge as to whether said Kings Hill Irrigation & Power Company, on or about May 1, 1908, entered into a contract in writing with the State of Idaho, whereby the said company undertook and agreed with said state to construct an irrigation system or works, for the purpose of irrigating and reclaiming certain arid public lands of the United States, under the provisions of the Act of Congress known as the Carey Act, and Acts amendatory thereof; and is without knowledge as to whether the materials alleged to have been sold and delivered by the cross complainant to said Kings Hill Irrigation & Power Company were to be used, and were actually used, in the construction and completion of the canals and works required to be constructed, and which were constructed, under the terms of said alleged contract with the State of Idaho; and is without knowledge as to whether said irrigation works so constructed by said Kings Hill Irrigation & Power Company under said alleged contract with the State of Idaho, were constructed over, along, across and upon the public lands of the United States, and the lands of

the State of Idaho, or as to whether the completion of said canals and other structures, comprising the main canal and distribution system of the works so to be constructed, was essential and necessary to the securing to said Kings Hill Irrigation & Power Company of a right of way therefor over said public lands of the United States, and was essential and necessary to the securing to said Kings Hill Irrigation & Power Company of a right, title or interest in and to such right of way; and requires the cross complainant to make strict proof of each and every thereof, so far as it is advised the same is necessary or material.

11. Upon information and belief, this defendant denies that said Kings Hill Irrigation & Power Company had acquired no right, title or interest whatsoever in and to said right of way prior to the furnishing by said cross complainant of the materials in said Cross Bill referred to, and their actual use in constructing and completing the canals and works referred to, being the canals, structure and erection works set out and described in said Cross Bill, and in the original Bill of Complaint herein of this defendant; and denies that the lien of said cross complainant for any materials so alleged to have been furnished to be used, and so alleged to have been actually used, in the said irrigation works and system, canals, pipe lines and other structures, as set out in said Cross Bill, was and is prior and superior to the lien of the Trust Deed or Mortgage set out in this defendant's original Bill of Complaint herein; but, on the contrary, this defendant avers and alleges

that any lien of said cross complainant described in said Cross Bill, is inferior and subsequent to the lien of said Trust Deed or Mortgage to this defendant, set out in this defendant's said original Bill of Complaint herein.

12. This defendant admits that, in addition to the claim of lien by the Trust Deed or Mortgage asserted by this defendant and set out in its original Bill of Complaint herein, the Glenns Ferry Canal Company, Limited, Kings Hill Extension Irrigation Company, Limited, Minneapolis Steel and Machinery Company, State of Idaho, on the relation of John M. Haines, Governor, Joseph H. Peterson, Attorney General, Wilfred L. Gifford, Secretary of State, Grace M. Shepherd, Superintendent of Public Instruction, and Fred Huston, State Auditor, constituting the State Board of Land Commissioners of the State of Idaho, Craster Flat Farm & Orchard Company, and C. R. Shaw, assert, or claim to have, some right, title or interest in and to the irrigation works and property of said Kings Hill Irrigation & Power Company; but this defendant avers and alleges that all such right, title and interest are subsequent to, and inferior to, the lien, and right, title and interest, of this defendant, upon, in and to the irrigation works and all the property of said Kings Hill Irrigation & Power Company; and this defendant is without knowledge as to whether such right, title or interest of said defendants other than the Kings Hill Irrigation & Power Company and Kings Hill Extension Irrigation Company, Limited, are subsequent and subordinate to any right, title, inter-

est or lien of the cross complainant; but this defendant is informed and believes, and therefore states, that the right, title and interest of said Glenns Ferry Canal Company, Limited, and said Kings Hill Extension Irrigation Company, Limited, in and to said irrigation works and property, are superior to any right, title, interest or lien therein of said cross complainant.

13. Further answering this defendant denies that the cross complainant is entitled to any of the relief sought in its said Cross Bill.

14. This defendant prays that it may, under the rules of court in such case made and provided, be permitted to avail itself of all manner of defense, in law or in equity, to the merits of the Cross Bill, in this Answer set forth, of which it might have availed itself by a motion to dismiss, with the same force and effect as though it had filed a motion to dismiss the Cross Bill herein.

15. As to all matters and things in said Cross Bill alleged, and by this Answer not expressly admitted or denied, or not averred to be without the knowledge of this defendant, this defendant denies the same, and requires the complainant to make strict proof thereof.

16. And as a further and separate defense to the Cross Bill filed by said cross complainant, this defendant alleges the fact to be that the said cross complainant has wholly failed to comply with the laws of the State of Idaho relative to foreign corporations doing business in said state, and particu-

larly with Section 2792 of the Revised Codes of Idaho. That said cross complainant during all the times mentioned in its cross complaint was doing business in the State of Idaho, but notwithstanding such fact it failed and neglected to file with the Secretary of State of the State of Idaho a copy of its Articles of Incorporation, certified or otherwise, and failed and neglected to file in the office of the County Recorder of any of the Counties in the State of Idaho a copy of its said Articles of Incorporation, certified or otherwise, and failed and neglected to designate any person residing in the State of Idaho, or otherwise, upon whom process issued by authority of or under any laws of the State of Idaho might or could be served, and failed and neglected to file any such designation of agent with the Secretary of State of the State of Idaho, or in the office of the County Recorder of any of the Counties in the said State of Idaho. But the said cross complainant now is and during all the times mentioned in its said Cross Bill has been in default in said matters, and each and every of them. That by reason of the said defaults of said cross complainant it cannot take or hold title to any realty within the State of Idaho, and the pretended conveyance or certificate of sale under which said cross complainant claims an interest in the said irrigation works, water rights, property and franchises, is absolutely null and void and ineffectual for any and all purposes.

17. As a further and separate defense to the Cross Bill of said cross-complainant, this defendant alleges on its information and belief that the said

decree of foreclosure claimed to have been recovered by the said cross-complainant against the said Kings Hill Irrigation & Power Company and the said alleged conveyance under said decree are void and ineffectual for the reason that the said Glenns Ferry Canal Company, Limited, is and was at the time of the commencement of the said suit to foreclose cross-complainant's alleged lien and indispensable party defendant to said suit of foreclosure, and said Glenns Ferry Canal Company, Limited, was not made a party defendant thereto or therein.

And this defendant having fully answered the Cross Bill of cross-complainant further moves and prays that this defendant be hence dismissed, with its reasonable costs and charges in this behalf most wrongfully sustained.

AMENDED ANSWER TO THE CROSS COMPLAINT OF THE PACIFIC COAST PIPE COMPANY, A CORPORATION.

Comes now the defendant, the Minneapolis Steel and Machinery Company, a corporation, and in answer to the Cross Bill of the Pacific Coast Pipe Company, a corporation, the complainant above named, admits, denies and alleges as follows:

Admits that the cross complainant, the Pacific Coast Pipe Company, was, at all times mentioned in their said Cross Bill, and now is a corporation, organized and existing under the laws of the State of Washington, with its principal place of business in Seattle, in said State:

Admits that the defendant, the Kings Hill Irrigation and Power Company, at all times mentioned in the said Cross Bill, was and now is a corporation, organized and existing under and by virtue of the laws of the State of Nevada, authorized to do business, and doing business in the State of Idaho; admits that at all times mentioned in said Cross Bill, the Kings Hill Irrigation and Power Company was and now is the owner of that certain ditch, flume and

canal commonly known as the Kings Hill Canal and the right of way therefor, located in Lincoln, Twin Falls, Owyhee and Elmore Counties, State of Idaho, together with all appurtenances thereunto belonging or in anywise appertaining, and including all main and subordinate laterals, dams, headgates, rights of way, water rights, etc., which said canal is more particularly described on page 10 of the said cross complaint of the said Pacific Coast Pipe Company, to which reference is made hereby;

Admits that the said property is the same, or part of the same, property described in the original bill of complaint in this action, on which the complainant therein, the Continental and Commercial Trust and Savings Bank, as Trustee, seeks to foreclose a trust deed, or mortgage, as described in the said cross complaint.

As to whether or not between the 13th day of July, 1909, and the 2nd day of July, 1910, or at any other time, or at all, the cross complainant, at the instance and request of the said Kings Hill Irrigation and Power Company, or any one else, and as an original contractor, or otherwise, furnished, sold and delivered or furnished, or sold, or delivered to the said Kings Hill Irrigation and Power Company at Ballard Station, Seattle, State of Washington, or elsewhere, certain materials to be used, and which were actually used in construction and repair of the said ditch, flume and canal, or ditch, or flume, or canal hereinbefore described, or otherwise, at the agreed price and of the reasonable value of Twelve Thous-

and Three Hundred Sixty-three and 24-100 (\$12,363.24) Dollars, or at any other price or value, this defendant is without knowledge and, as to whether the same materials, or any materials, were sold upon the following terms, to-wit: payment to be made in cash, and if not paid interest to be charged after thirty days from the date of invoice, or upon any other terms, this defendant is without knowledge, and therefore denies the same, and the whole thereof.

That, as to whether or not the statement set forth on page 11 of the cross complaint, to which reference is hereby made, is a statement of the said material so furnished, or of any material furnished, or of the date upon which the same, or any materials, were furnished, or whether the said dates in said statement are the dates of invoices respectively, or whether there were or are any invoices, this defendant is without knowledge as to whether or not any materials were furnished as alleged, or otherwise, and therefore denies the same.

As to whether or not any part of the said amount as set forth has been paid, save and except the sum of Two Thousand Two Hundred Ninety-one and 91-100 (\$2,291.91) Dollars, as set forth on page 12 of said cross complaint, or whether any amount whatsoever has been paid by the said Kings Hill Irrigation and Power Company to cross complainant, this defendant is without knowledge, and therefore denies the same, and the whole thereof.

As to whether or not there became or is now due and owing to cross complainant from said Kings Hill Irrigation and Power Company on account of materials so furnished, sold and delivered, or furnished, or sold or delivered, as alleged in the said cross complaint, or otherwise, the sum of Ten Thousand and Seventy-one and 33-100 (\$10,071.33) Dollars, or any other sum or sums, together with, or without, interest to the date of payment, or any other date, at the lawful rate of 7% per annum, or at any other rate, upon each and every of the several items of merchandise furnished, as alleged in said Cross Bill, or otherwise, from and after thirty days from the date of said several items, or any other time, less interest on the several credits hereinbefore in said cross complaint set forth, or otherwise, or as to whether there is or was any sum whatsoever due and owing to the said cross complainant from the said Kings Hill Irrigation and Power Company, this defendant is without knowledge, and therefore denies the same and the whole thereof.

As to whether said cross complainant ceased to furnish said materials for said ditch, flume and canal, as aforesaid, on the 2nd day of July, 1910, or at any other time, or whether or not cross complainant furnished any materials whatsoever to said Kings Hill Irrigation and Power Company, this defendant is without knowledge and, therefore, denies the same, and the whole thereof, and as to whether or not within ninety days after it had ceased to furnish materials therefor, or whether it furnished ma-

terials therefor for the purpose of perfecting a lien on the said ditch, flume and canal, or flume, or ditch, or canal, or for any other purpose, for the moneys so due on account of materials so furnished as aforesaid, or otherwise, or whether any moneys whatsoever were due cross complainant, and as to whether cross complaint, within the time allowed by the law of the State of Idaho, or at any other time, filed for record, in the office of the County Recorder of Elmore and Owyhee Counties, State of Idaho, or at any other place, its claim of lien, duly verified, or otherwise, this defendant is without knowledge, and therefore denies the same, and the whole thereof.

Defendant admits that the said claim of lien was duly recorded in the records of Elmore County on August 4, 1910, and on the records of Owyhee County on August 5, 1910, as alleged in the Cross Bill.

Defendant admits that the said cross complainant paid for the said recording of lien the sum of Four and 20-100 (\$4.20) Dollars.

Denies that the sum of Seven Hundred and Fifty (\$750.00) Dollars is a reasonable fee to be allowed cross complainant for the prosecution and foreclosure of the said lien, as provided by the laws of the State of Idaho, or otherwise.

Defendant admits that on the 31st day of October, 1910, and within the time allowed by the laws of the State of Idaho, cross complainant commenced an action and proceeding in the District Court of the

Fourth Judicial District of the State of Idaho, in and for Elmore County, being a proper court in which to institute such proceedings, to enforce its said lien, and summons was duly issued in said action and served on the said Kings Hill Irrigation and Power Company, which thereupon appeared in said action, and procured said cause to be removed to the United States Circuit Court for the District of Idaho, Southern Division; that said Kings Hill Irrigation and Power Company filed its answer in said cause and such proceedings were thereafter had therein in said United States Circuit Court that a decree of said court was duly entered in said cause on the 30th day of December, 1911, by which decree it was ordered, adjudged and decreed that there was then due and owing to this cross complainant, plaintiff in said action, by the defendant therein, Kings Hill Irrigation and Power Company, a defendant named in this action, the sum of Ten Thousand Seventy-one and 33-100 (\$10,071.33) Dollars, together with accrued interest thereon at the rate of 7% per annum from October 2nd, 1910, to the date of said decree, said interest amounting to Eight Hundred Forty-five and 99-100 (\$845.99) Dollars, together with the further sum of Four and 20-100 (\$4.20) Dollars for filing and recording said claim of lien, and the further sum of Seven Hundred Fifty (\$750.00) Dollars attorney's fees upon the foreclosure of said lien, making a total of Eleven Thousand Six Hundred Seventy-one and 52-100 (\$11,671.52) Dollars, and that said Pacific Coast Pipe Company, plaintiff in said action

and cross complainant herein, have and recover of the said Kings Hill Irrigation and Power Company the said sum of Eleven Thousand Six Hundred Seventy-one and 52-100 (\$11,671.52) Dollars, with interest until paid, and the costs of said cause, and that execution issue therefor.

Defendant admits that it was further, by said decree, ordered, adjudged and decreed that the said sum of \$11,671.52, with accruing interest, constituted a lien upon the ditch, flume and canal and right of way thereinbefore described in the complaint in said action, together with all appurtenances and including all main and subordinate laterals, dams, headgates, rights of way, water right, etc., which said property referred to, set out and described in said decree, is the same as is hereinbefore in this cross complaint described and is the same, or a part of the same, property referred to and described in the original bill of complaint in this action of the Continental & Commercial Trust and Savings Bank.

Defendant admits that it was further, by said decree, ordered, adjudged and decreed that, if said sum of money, with accruing interest and costs, be not paid by the said Kings Hill Irrigation and Power Company within ninety days from the entry of said decree, then R. M. McCracken, Special Master appointed by the Court for that purpose, should sell the property therein described, to satisfy said lien, to the highest bidder for cash at public auction at the door of the court house of Owyhee County,

State of Idaho, in the town of Silver City, in said Owyhee County, State of Idaho, being the county in which the greater part of said property was and is located.

As to whether or not the said sum of money so adjudged by said decree to be due and owing to the plaintiff therein, the Pacific Coast Pipe Company, the cross complainant, or any part or portion thereof, was not paid by the Kings Hill Irrigation and Power Company or any one else within ninety days from the entry of said decree, or any other time, or at all, this defendant is without knowledge, and therefore denies the same, and the whole thereof.

Defendant admits that on the 28th day of May, 1912, at Silver City, in Owyhee County, State of Idaho, by said special master, pursuant to the order and direction contained in said decree, and after due notice of such sale, offered for sale to the highest bidder and sold to this cross complainant, plaintiff in said action, for the sum of Twelve Thousand One Hundred Ninety-two and 60-100 (\$12,192.60) Dollars, being the full amount named in said judgment and decree, with accrued interest and costs, including master's fees, disbursements and commissions on such sale; that said decree further provided, ordered and decreed that the plaintiff might become a purchaser at such sale, and that said Special Master, after the time allowed by law for redemption, should execute a deed to the purchaser of said premises on said sale.

Defendant admits that, thereupon, said Special Master made his report of said sale, and such proceedings were thereupon had that said sale was, on the 9th day of July, 1912, by an order of said court, duly confirmed.

Defendant admits that, heretofore, to-wit, on May 1st, 1908, the said Kings Hill Irrigation and Power Company entered into a contract in writing with the State of Idaho, whereby the said company undertook and agreed with said State to construct an irrigation system or works for the purpose of irrigating and reclaiming certain arid public lands of the United States situated in the counties of Twin Falls, Owyhee and Elmore, in said State of Idaho, under the provisions of Section 4 of an Act of Congress, approved August 18, 1894, commonly known as the Carey Act, and the acts amendatory thereof, and the laws enacted by the State of Idaho in pursuance of the powers granted by said acts of Congress. That a copy of said contract between the said Kings Hill Irrigation and Power Company and the State of Idaho is of the pleadings, records and files in this action and is attached to the complaint in intervention of the State of Idaho, heretofore filed herein as Exhibit 3, so on file in this action as an exhibit attached to said complaint in intervention.

Defendant admits that the works so to be constructed, and which were constructed by said Kings Hill Irrigation and Power Company consisted of a dam or dams, main and subordinate canals, main and subordinate laterals, fluming, trestle works, pipe

lines, bridges for supporting pipe lines, head gates, waste gates and other structures, as described in said contract with the State of Idaho, Exhibit 3, hereinbefore referred to, and the said works were to be constructed and completed and turned over in accordance with the specifications, terms, provisions and conditions of the said contract referred to.

As to whether or not the materials so sold and delivered, or sold, or delivered by this cross complainant to the Kings Hill Irrigation and Power Company, as in the cross complaint set forth, were to be used and were actually used, or were to be used, or were to be actually used in the construction and completion, or construction or completion, of the canals and works, or canals or works, required to be constructed and which were constructed or required to be constructed, or which were constructed under the terms of the said contract for the irrigation and reclamation of the lands referred to and described therein, or otherwise, this defendant is without knowledge and therefore denies the same; and whether any materials were sold and delivered, or sold or delivered by the cross complainant to the said Kings Hill Irrigation and Power Company, this defendant is without knowledge and therefore denies the same.

Defendant admits that the said irrigation works to be constructed, and which were constructed, by the said Kings Hill Irrigation and Power Company under said contract with the State of Idaho, were con-

structed over, along and across and upon the public lands of the United States and the lands of the State of Idaho, and the completion of said canals and other structures, comprising the main canal and distributing system of the works so to be constructed, was essential and necessary to the securing of the said Kings Hill Irrigation and Power Company of a right of way therefor over said public lands of the United States and essential and necessary to the securing of the said Kings Hill Irrigation and Power Company of a right, title, or interest in and to such right of way; as to whether or not the said Kings Hill Irrigation and Power Company had, or acquired any right, title or interest whatsoever, in and to said right of way prior to this cross complainant of the materials hereinbefore in this cross complaint referred to and their actual use in the construction and completion of the canals and works referred to, being the canals, structures and irrigation works hereinbefore set out and described in this cross complaint and in the original bill of complaint herein of the Continental & Commercial Trust and Savings Bank, as Trustee, or at any other time, this defendant is without knowledge, and as to whether or not cross complainant furnished any materials, as set forth in said cross complaint, and whether any materials furnished by cross complainant were used in the construction and completion, or construction or completion, of said canals or works, in said cross complaint referred to, this defendant is without knowledge, and therefore denies the same.

Defendant admits that it has, and claims to have, right, title and interest in and to certain property belonging to the Kings Hill Irrigation and Power Company, and alleges the fact to be:

That the Kings Hill Irrigation and Power Company, a corporation, the defendant above named, and the Elmore Development Company, a corporation, are jointly indebted to this defendant, the Minneapolis Steel and Machinery Company, a corporation, in the sum of \$10,246.03, together with interest thereon at the rate of seven per cent. per annum, since March 1st, 1910, for the construction of a certain steel bridge across the Snake River, at or near the town or village of King Hill, Elmore County, Idaho, the said bridge abutting the bank of the Snake River in Elmore County, Idaho, at a point in Section 12, Lot 1, Township 5 South, Range 10 East, Boise Meridian, near said village of King Hill, and abutting the southerly bank of said river in Owyhee County, Idaho, at a point directly south of the aforesaid abutment in Elmore County; and plaintiff is informed and believes, and hence on information and belief alleges, that the land on which said bridge abuts the southern bank of Snake River in Owyhee County is owned by the defendant, the Kings Hill Irrigation and Power Company, and this defendant alleges that the said bridge is the property of said Elmore Development Company and the said Kings Hill Irrigation and Power Company;

That on the 28th day of February, A. D. 1913, at 25 minutes past 10 o'clock A. M. this defendant filed

its claim of lien for the said sum of \$10,246.03, and interest as aforesaid, in the office of the County Recorder of Elmore County, Idaho, copy of which said claim of lien is attached hereto as Exhibit "A," hereby referred to and made a part hereof;

That on the 18th day of July, 1912, and prior to the institution of this action, this defendant, as plaintiff, instituted an action in the District Court of the Fourth Judicial District of the State of Idaho in and for Elmore County, against the Kings Hill Irrigation and Power Company and the Elmore Development Company, as defendants, demanding judgment against the said defendants, and each of them, for the sum of \$10,246.03, with interest thereon as aforesaid, and for \$1,000.00 attorney's fees, and costs of said action, and for the foreclosure of the said lien hereinbefore described, which said action is now pending in said court;

Denies that the said property, on which defendant claims its said lien, as aforesaid, is the same property, or any part of the same property described in the cross bill of said Pacific Coast Pipe Company, and alleges the fact to be that the said property described in said cross complaint is not a part of the property described in the said cross bill nor in the claim of lien attached thereto as Exhibit "A," or the property described in the judgment and decree set forth in said cross complaint, nor is the said property described and embraced in the defendant's, the Minneapolis Steel and Machinery Company's said lien, a part of the irrigation system of the said Kings

Hill Irrigation and Power Company, on and for which plaintiff claims to have furnished materials.

And for a further and separate defense to said cross bill, this defendant, the Minneapolis Steel and Machinery Company, alleges, that the said bridge, embraced in its said claim of lien, as hereinbefore set forth, and the land upon which the same is situated, is not required for the convenient use and occupation of the improvements claimed by said Pacific Coast Pipe Company under its aforesaid claim of lien and its said judgment and decree, as hereinbefore set forth.

And for a further and separate defense to the cross bill of said Pacific Coast Pipe Company, this defendant, the Minneapolis Steel and Machinery Company, alleges, that the cause of action set forth in the said cross bill, if any, is wholly barred by the provision of Section 5118 of Part 3 of Title 4, Chapter 1, of the Revised Codes of the State of Idaho, providing that: "No lien provided for in this chapter binds any building, mining claim, improvement or structure for a longer period than six months after the claim has been filed, unless proceedings are commenced in a proper court to enforce such lien."

WHEREFORE, the defendant, the Minneapolis Steel and Machinery Company, prays that the bill of the said Pacific Coast Pipe Company, insofar as it affects the property hereinbefore described as embraced by the lien of the said Minneapolis Steel and Machinery Company be denied, and that the

court grant to said Pacific Coast Pipe Company no relief in this action which will in any manner involve the property described in defendant's lien as hereinbefore set forth, and for such other and further relief as to this court may seem meet and equitable.

*Exhibit "A".*

MINNEAPOLIS STEEL AND MACHINERY  
COMPANY, a Corporation,

vs.

KINGS HILL IRRIGATION AND POWER COM-  
PANY, a Corporation, and THE ELMORE DE-  
VELOPMENT COMPANY, a Corporation.

*Claim of Lien.*

NOTICE IS HEREBY GIVEN, That the under-  
signed, MINNEAPOLIS STEEL AND MACHIN-  
ERY COMPANY, a corporation organized and ex-  
isting under the laws of the State of Minnesota, hav-  
ing its principal office at Minneapolis in the said  
State of Minnesota, as an original contractor, files  
this, its notice of lien, claiming a lien under the pro-  
visions of Chapter 1, Title IV, Part III, Section 5110  
to 5124 inclusive, Idaho Revised Codes, of, in and  
to that certain bridge heretofore constructed across  
Snake River in Elmore County, Idaho, at or near  
the town or village of King Hill in said Elmore  
County, together with the approaches thereto and  
sufficient ground on either side of the approaches  
thereof for the convenient use and operation of said  
bridge; and to that end notice is hereby given that  
the undersigned, Minneapolis Steel and Machinery  
Company is the name of the person or corporation  
who entered into a contract in writing, on or about  
the fifteenth day of September, A. D. 1909, with the  
King Hill Irrigation and Power Company, a corpo-  
ration organized under the laws of the State of Ne-  
vada, and the Elmore Development Company, a

corporation, organized under the laws of the State of Idaho, for furnishing and erecting, complete ready for travel, a 353 foot steel highway bridge to be built over the Snake River at King Hill, Idaho; including all steel work, plank floor, railing, wheel grades, tubular piers, concrete cribs and rock fill for same, and ten feet of earth approach on each end of the bridge, all to be erected complete in place ready for travel; said bridge to be constructed in accordance with plans and specifications prepared by the Minneapolis Steel and Machinery Company and approved by the engineer of the said Kings Hill Irrigation and Power Company and the said Elmore Development Company, with a guaranty that said bridge "will sustain the loads specified in the specifications, as well as a 20-inch wood stave pipe filled with water," for which said structure complete, the said Kings Hill Irrigation and Power Company and the said Elmore Development Company agreed to pay the sum of Ten Thousand Five Hundred (\$10,500.00) Dollars, as follows to-wit: Five Thousand Two Hundred and Fifty (\$5,250.00) Dollars thirty days after the arrival of all the material at the bridge site, and the balance of the contract price, to-wit: Five Thousand Two Hundred and Fifty (\$5,250.00) Dollars within sixty days after completion of the contract, or any deficiencies therein.

That the said contract, and the deficiencies therein, was performed in full in every respect on the 30th day of December, 1911.

That no part of said contract price has been paid and there is now due and owing thereon from the said Kings Hill Irrigation and Power Company and the said Elmore Development Company the sum of Ten Thousand Two Hundred and Forty-six and 3-100 (\$10,246.03) Dollars, together with interest thereon at the rate of seven (7%) per cent. per annum since March 1st, 1910; and that said amount last mentioned is due and owing to this claimant for work and material done and supplied to and for the construction and completion of the said steel bridge, its foundations, supports and approaches, after deducting all just credits and offsets.

The name of the claimant is the Minneapolis Steel and Machinery Company and the names of the parties for whom said work was performed and materials furnished are Kings Hill Irrigation and Power Company and the Elmore Development Company, and the date when the last item of labor was performed and labor furnished in the construction of said bridge and completion thereof was December 30, 1911, and the following is a description of the property to be charged with this lien, to-wit:

The 353 foot steel bridge over the Snake River at King Hill, Elmore County, Idaho, together with the necessary approaches thereto and the necessary foundations and supports thereof, and the names of the owners, or reputed owners of the property charged with this lien at the time of the making of this statement are the Kings Hill Irrigation and

Power Company and the Elmore Development Company, as aforesaid.

Dated February 13th, 1912.

MINNEAPOLIS STEEL AND MACHINERY  
COMPANY,

By M. H. Hanauer.

State of Utah,

County of Salt Lake,—ss.

M. H. Hanauer of Salt Lake City, State of Utah, being first duly sworn deposes and says: That he is the agent of the Minneapolis Steel and Machinery Company, claimant in the foregoing claim of lien; that he has knowledge of the facts stated in said claim of lien and that he believes the claim therein set forth to be just.

M. H. HANAUER.

COMPLAINANT, PACIFIC COAST  
PIPE COMPANY.

This defendant, now and at all times hereafter  
saving and reserving unto itself all benefit and ad-  
vantage or exception had or which might be had or

taken to the many errors, uncertainties and imperfections in said Cross Bill contained, for answer thereunto, or to so much or such parts thereof as this defendant is advised is, or are, necessary for it to make answer unto, answering says:.

1. This defendant admits that during the month of January, 1913, the Continental and Commercial Trust and Savings Bank as Trustee filed its Bill of Complaint in this Court, upon the equity side thereof, against Kings Hill Irrigation & Power Company, and this defendant, and other defendants; and admits that in said Bill of Complaint said complainant made certain averments and prayed certain relief, some of which is substantially stated in the Cross Bill filed herein, but all of which averments and prayers for relief are more completely and exactly stated in said original Bill of Complaint, reference to which is hereby made.

2. This defendant denies that Kings Hill Irrigation & Power Company, a defendant herein, is or was, during the times in said Cross Bill mentioned, the owner of the ditch, flume and canal referred to in said Cross Bill, or of the right of way therefor, or the appurtenants thereunto belonging, but states that under an agreement entered into on May 1, 1908, between the Kings Hill Irrigation & Power Company and the State of Idaho, being the agreement referred to in the Cross Bill herein and of record in this cause as Exhibit "3" attached to the complaint in intervention in the State of Idaho heretofore filed herein (to which Exhibit "3" this defen-

dant hereby refers and begs leave to make reference thereto as part of this answer), said defendant, Kings Hill Irrigation & Power Company, agreed that a corporation to be known as Glenns Ferry Canal Company, Limited, should be formed, the authorized stock of which corporation should be 18,000 shares, and that all persons, who, prior to its formation, should have purchased or acquired water rights or shares of water from said Kings Hill Irrigation & Power Company should be entitled to receive and have issued to them shares in such corporation so to be formed, equal in number to the water rights or shares of water then owned and held by such persons; and that it further agreed that the said Glenns Ferry Canal Company, Limited, should have the management, ownership and control of the said irrigation system in said agreement provided for, as fast as the same was completed and turned over to it for operation by the said defendant, Kings Hill Irrigation & Power Company, and that the manner of such turning over should be as follows:

Whenever it should be certified by the Chief Engineer of said defendant, Kings Hill Irrigation & Power Company, and the State Engineer of Idaho that certain portions of the said irrigation works had been so far completed as to permit the operation thereof for delivery of water to purchasers of water rights, the same might, with the consent of the State Land Board, be transferred and delivered over to the said Glenns Ferry Canal Company, Limited, for op-

eration, but that such transfer should not be construed as a final acceptance by said State Land Board of such portion of such canal.

This defendant further states that hereafter this defendant, Glenns Ferry Canal Company, Limited, was formed in accordance with the provisions of said agreement, and the said irrigation system (being the entire system designated in the Cross Bill filed herein) was completed and turned over to this defendant, and that this defendant became and was the owner of said system at a time prior to the 13th day of July, 1909, and has at all times since been the owner thereof, and that at said time there was nothing due to said cross complainant for any materials furnished or work done in the construction of said system.

3. This defendant admits that subsequent to its acquisition of the ownership and control of said irrigation system it permitted the Kings Hill Irrigation & Power Company, a defendant herein, to make certain repairs in said system, which repairs said defendant desired to make in order to induce the said Land Board of the State of Idaho to finally accept the said irrigation system and release the bond given for the faithful performance of the said contract or agreement between said defendant, Kings Hill Irrigation & Power Company, and the said State of Idaho; but this defendant says that all work so done by the said Kings Hill Irrigation & Power Company was in the nature of the repairing of, and not of the construction of, said irrigation system.

This defendant says that it is without knowledge as to whether the cross complainant, Pacific Coast Pipe Company, furnished any materials to said defendant, Kings Hill Irrigation & Power Company, at the place or on the dates set forth in said Cross Bill, or at any other place or on any other dates, and that it is without knowledge as to whether, in case any such materials were furnished, the same were used in the repair of said irrigation system or any part thereof, and that it is without knowledge as to what were the agreed prices and what the reasonable values of the materials, if any, which were furnished, or what the terms were upon which the sales were made, and it further says that it is without knowledge as to whether the dates of invoice and the prices of materials, in case any were furnished, were as set out in the said Cross Bill, and that it is without knowledge as to what amount, if any, became due and owing from said defendant, Kings Hill Irrigation & Power Company, to said cross complainant, and the amount, if any, that was paid the cross complainant by said defendant; but it prays strict proof of each and every of the averments in the Cross Bill relating to said matters.

5. This defendant further says that it is without knowledge as to the dates upon which said cross complainant furnished and ceased to furnish materials (in case it did furnish materials); but this defendant avers that such materials, if any, as were furnished by the cross complainant, were furnished from time to time for repairs upon said irrigation

system, and that at each time when said cross complainant furnished any such materials (if any were so furnished), it filled a separate order for said materials, and as to each order it ceased furnishing materials when the order was shipped.

6. This defendant further says that it is without knowledge as to whether the cross complainant within the time allowed by the laws of the State of Idaho, or otherwise, filed for record in the County Recorder's offices of Elmore and Owyhee Counties, in the State of Idaho, or elsewhere, claims of lien, duly verified or otherwise, and that it is without knowledge as to when or how such claims, in case any were so recorded, were recorded in said counties or elsewhere, and it asks strict proof of all the averments in the Cross Bill regarding said matters; that it states that, if in fact said cross complainant furnished materials at the different times specified in said Cross Bill, then no claim for lien was filed for record within the time allowed by the laws of the State of Idaho after the respective furnishings of materials had ceased, and particularly that no such claim was filed within the time allowed by said laws after the cross complainant had ceased to furnish the materials, if any, which were furnished in the year 1909, and in the winter of the year 1910.

7. This defendant further says that it is without knowledge as to whether the cross complainant herein, on the 31st day of October, 1910, or at any other time, or within the time allowed by the laws of the State of Idaho, or at any other time, com-

menced any action or proceeding in the District Court of the Fourth Judicial District of the State of Idaho, in and for Elmore County, or elsewhere, to enforce its alleged lien, and that it is without knowledge as to what, if any, steps or proceedings were thereafter taken with respect to any such suit or suits, or as a result thereof; but this defendant states that it was and is the owner of said irrigation system, and that such ownership was conferred upon it by the agreement between the State of Idaho and the defendant, Kings Hill Irrigation & Power Company, which agreement is attached to the Bill of Intervention of the State of Idaho heretofore filed herein as Exhibit "3" and in and by the action taken pursuant to said agreement as hereinbefore set forth, and it was on the 31st day of October, A. D. 1910, and for a long time previous thereto had been, such owner of said irrigation system, and was a necessary party to any action or proceeding taken with reference to any lien thereon, but that it never was a party to, and never was served with summons, in any proceeding regarding any such lien.

8. This defendant avers that said cross complainant has not, and had not at any time prior to the filing of the Cross Bill herein, commenced any proceedings to enforce said lien as against this defendant or its interest in the property described in said Cross Bill; and that at the time said Cross Bill was filed, more than two years had expired since the last date when cross complainant claims to have furnished materials, and since the time when cross com-

plainant claims the credit given expired; and that consequently the lien of the cross complainant, if it ever had any lien, has expired and ceased and does not bind any interest of this complainant in said property.

9. This defendant admits the execution of an agreement on May 1, 1908, between Kings Hill Irrigation & Power Company, the defendant herein, and the State of Idaho, and has hereinbefore in this, its answer, made reference to said agreement, and it admits that the works to be constructed and which were constructed by said defendant, Kings Hill Irrigation & Power Company, consisted of a dam or dams, main and subordinate canals and laterals, fluming, trestle work, pipe lines, bridges for supporting pipe lines, headgates, waste gates and other structures as described in the said contract with the State of Idaho, but this defendant denies that the materials, if any, which were sold and delivered by the cross complainant herein to Kings Hill Irrigation & Power Company, a defendant herein, were to be used, or that they were used, in the construction and completion of the canals and works required to be constructed by said agreement, and avers that prior to the furnishing of any such materials, if any such materials were so furnished, said canals and works and irrigation system had been fully constructed.

10. This defendant admits that certain parts of the irrigation works which were so constructed by said defendant, Kings Hill Irrigation & Power Com-

pany, under its said contract with the State of Idaho, were constructed over, along, across and upon public lands of the United States and lands of the State of Idaho, but denies that the same was entirely constructed over such land, and states particularly that the larger part of the lands over, along and across which said irrigation system was constructed (in so far as it was constructed over such public lands and land of the State of Idaho) were lands owned by the State of Idaho and lands to which it had become entitled by virtue of the Act of Congress of the United States, approved August 18, 1894, and commonly known as the Carey Act, and avers that the State of Idaho had granted, and did, by said contract of May 1st, 1908, hereinbefore referred to, grant to said Kings Hill Irrigation & Power Company, a right of way for said canal and irrigation system, and denies that the completion thereof was essential or necessary to securing to said Kings Hill Irrigation & Power Company any of its right of way, but this defendant specifically avers that said Kings Hill Irrigation & Power Company had, in the first instance, acquired, and this defendant had acquired from it, title in and to the entire right of way for said canal and irrigation system prior to the furnishing of any material in said Cross Bill alleged to have been furnished by the cross complainant.

11. This defendant avers that said cross complainant is a corporation organized under the laws of a state other than the State of Idaho, and that it has not at any time filed, with the Secretary of State

or with the County Recorder of any county whatsoever of said state, a copy of its Articles of Incorporation, certified or otherwise; and that it has not, at any time, designated any person in said state upon whom process issued by authority of said state might be served, and that it is accordingly not entitled to any lien whatsoever, for material furnished in, or for use in, said state.

12. This defendant avers that said cross complainant is not entitled to any lien for material, if any, furnished, outside the State of Idaho, to Kings Hill Irrigation & Power Company, a defendant herein, for the reason that the laws of said state do not afford liens on property within it for material furnished, or work performed, outside of its boundaries.

13. This defendant denies all allegations, averments and matters contained in the said Cross Bill, and necessary to be answered by this defendant, which are not above expressly admitted or denied, or stated to be without the knowledge of this defendant; and it asks strict proof of all such matters and also of all matters above stated to be outside the knowledge of this defendant.

14. This defendant denies that the cross complainant is entitled to any of the relief prayed in its said Cross Bill; and this defendant prays the same advantage, as if it had moved to dismiss or demurred, and that it be permitted to avail itself under this answer of all matters of defense which might otherwise be raised by motion to dismiss or by other pleading.

And this defendant accordingly prays to be dismissed with its just costs and charges in this behalf most wrongfully sustained.

GLENNS FERRY CANAL COMPANY, LIMITED.

F. B. EBBERT,

Solicitor for Defendant.

Service of the foregoing answer and receipt of a copy thereof acknowledged this 4th day of Oct., 1913.

N. M. RUICK,

Attorney for Pacific Coast Pipe Company.

(Endorsed) : Filed Oct. 4, 1913. A. L. Richardson, Clerk.

---

*In the District Court of the United States, for the  
District of Idaho, Southern Division.*

CONTINENTAL AND COMMERCIAL TRUST  
AND SAVINGS BANK, as Trustee,  
Complainant,

vs.

KINGS HILL IRRIGATION & POWER COMPANY, a Corporation, GLENNS FERRY CANAL COMPANY,, LIMITED, a Corporation, PACIFIC COAST PIPE COMPANY, a Corporation, KINGS HILL EXTENSION IRRIGATION COMPANY, LIMITED, a Corporation, MINNEAPOLIS STEEL AND MACHINERY COMPANY, a Corporation, and C. R. SHAW,  
Defendants,

AND

THE STATE OF IDAHO, on the relation of John M. Haines, Governor, Joseph Peterson, Attorney General, Wilfred L. Gifford, Secretary of State, Grace M. Shepherd, Superintendent of Public Instruction, and Fred Huston, State Auditor, constituting the State Board of Land Commissioners of the State of Idaho, F. E. WILSON ET AL., and CRASTER FARM & ORCHARD COMPANY,  
Interveners.

*Statement of Evidence on Appeal.*

This cause came regularly on to be heard on the 23rd day of October, 1913, before Hon. Frank S. Dietrich, Judge of the above entitled court, O. O. Haga, Esq., and Messrs. Mayer, Meyer, Austrian and Platt (by Mr. Powell) appearing for plaintiff; B. S. Crow, Esq., for intervener, State of Idaho et al.; Wood & Driscoll (by Mr. Driscoll) for Minneapolis Steel & Machinery Co.; T. S. Risser, Esq., for intervener, Craster Farm & Orchard Co.; N. M. Ruick, Esq., for Pacific Coast Pipe Company, defendant and cross complainant.

Whereupon, the following proceedings were had, to-wit:

The complainants offered and introduced in evidence the deposition of William P. Kopf, a witness on behalf of complainant, which deposition was received without object and by agreement of counsel and the permission of the court was considered read.

It was further conceded by counsel for the respective parties that the said deposition established facts

which entitled the complainant to a foreclosure of a mortgage set out in the complaint. (Deposition omitted.)

Mr. Haga (for complainant) : If the Court please, this closes the case of the complainant except the question of attorneys' fees and disbursements by the trustee, which, we think, should properly be determined when the duties of the trustee are nearer their termination than they are at the present time. In other words, when we reach the point of a distribution of the proceeds of a sale, the trustee will then make proof of its disbursements and of attorneys' fees which it has incurred in the prosecution of its trust and the foreclosure of the bill. With that reservation, the case may be closed now.

Mr. Ruick: I think perhaps it would be well to inform the Court briefly as to what the issues are here, so that the testimony will be intelligible. The Colonial Trust & Savings Bank, as Trustee, brings an action to foreclose the mortgage upon what is known as the Kings Hill Irrigation & Power Project. The Pacific Coast Pipe Company, during the progress of the work on this project, furnished certain material in the shape of wood pipe, materials for wood pipe, and this was, as is alleged in the complaint, between July, 1909, and July, 1910. Within ninety days after the material had ceased to be furnished, they filed lien, which lien was subsequently foreclosed by a suit in this court. None of the other parties to this suit were parties defendant in that action. The Kings Hill Irrigation & Power

Company alone was defendant. A decree was entered and the property was sold under the order of this court by Special Master, who made his return, which return was duly approved by the Court and, after the period allowed by the statutes of Idaho for redemption, a deed was issued by the Special Master to the purchaser, the Pacific Coast Pipe Company. The Pacific Coast Pipe Company alleges the same facts in this suit as it did in the former suit against the Kings Hill Irrigation & Power Company. It sets up its lien and asks the Court to decree that this lien is prior to that of the plaintiff and of the other defendants in the action.

The answer of the Continental & Commercial Trust and Savings Bank puts in issue practically each and every of the allegations of the cross complaint. The principal question arises between the Continental & Commercial Trust and Savings Bank, plaintiff in this action, and the Pacific Coast Pipe Company, relative to the priority of their liens.

Counsel in this case have entered into a stipulation respecting depositions which were used in the former case. These depositions are to be considered as taken in this action. This stipulation reads as follows:

“It is hereby stipulated by and between the respective parties hereto that the evidence (all of which was taken by depositions) heretofore taken in the cases of Pacific Coast Pipe Company vs. Kings Hill Irrigation & Power Company, No. 351, the Pacific Coast Pipe Company vs. Kings Hill Irrigation

& Power Company and Slick Brothers Construction Company, Limited, No. 352, or either of them, and now on file and of record in this court, may be introduced and used on the trial hereof, with the same force and effect as if taken in this suit. The parties hereto expressly waive any objection to the competency of the said evidence because of its having been taken in another suit and waive objection to the form of the questions and answers contained therein or the form of certification thereof or of the exhibits attached thereto or because said exhibits are copies instead of originals, but reserve the right to object to the relevancy or materiality of any question or answer or exhibit contained in, or attached to, the evidence in said cases the same as if the witnesses were personally present and were interrogated and examined in open court on the trial of this cause on the same matters covered by the depositions and exhibits, or either of them, and such objections may be made at the time the depositions and exhibits, or either of them, are offered in evidence or read to the court."

Mr. Driscoll (for Minneapolis Steel & Machinery Company): May it please the Court, the issue between the Pacific Coast Pipe Company and the Minneapolis Steel & Machinery Company is a question as to only a small portion of the property claimed under the lien of the Pacific Coast Pipe Company. We claim a lien on a small amount of this property and, as the cross complaint of the Pacific Coast Pipe Company shows, we were not a party to the former

action and we have pleaded the statute of limitations under the mechanics lien law and, inasmuch as practically all the facts necessary for that matter are shown in the cross complaint, it is a matter that could have been raised by demurrer under the old practice and by the answer in this practice and can be disposed of by the court prior to the introduction of evidence and that is the main issue between the Pacific Coast Pipe Company and the Minneapolis Steel & Machinery Company.

Mr. Haga (for complainant): It seems to me, your Honor, that, on the statement of counsel as to when the material was furnished and the proceedings had in the suit brought to foreclose this lien, and that the cross complaint now before the court was not filed until March 25, 1913, no cause of action is stated in the cross bill against any of the parties now before the court and we now object to the introduction of any evidence on the part of the cross complainant, the Pacific Coast Pipe Company, in this suit, for the reason that it appears by the statement of counsel and from the cross bill on file that the suit was not commenced within the time required by the lien laws of this state and particularly under the provisions of Section 5118, Revised Codes, which requires that the suit must be commenced within six months after the lien is filed and, in any event, within two years after the last material was furnished or the last service rendered. It is outlawed under either of these provisions and under both of these provisions. We, therefore, object to

that evidence being introduced in support of the issues raised by the cross bill.

The Court:

“I will say to counsel that this precise question was submitted to me at the last term at Pocatello and quite elaborately argued and it is now under advisement upon written briefs. I have not yet reached any conclusion in that case. \* \* \*”

Mr. Driscoll (for Minneapolis Steel & Machinery Company): I want to make the same objection that Mr. Haga made to the introduction of evidence.

The Minneapolis Steel & Machinery Company, defendants, object to the introduction of any evidence in support of the cross bill of the Pacific Coast Pipe Company as against the Minneapolis Steel & Machinery Company for the reason that the said cross bill discloses on its face that the cross complainant, the Pacific Coast Pipe Company, has no cause of action and that any cause of action which they may have had is barred by Sec. 5118, of part 3, Title 4, Chapter 1, of the Revised Codes of Idaho.

The Court: I shall overrule the objection pro forma without prejudice to its consideration upon the submission of the cause.

It is agreed by counsel that the objections which have been just made shall extend to all the evidence or proof offered by the cross complainant.

The Court: Yes, you may have your exceptions to the rulings. As I say, it is only a tentative ruling,

however. \* \* \* I have overruled the objection, as I say, now pro forma only for the purpose of letting the testimony go in and later passing upon the merits of the objection.”

To which ruling of the court, counsel for complainant and for the defendant, Minneapolis Steel & Machinery Company, then and there excepted.

Whereupon, counsel for cross complainant, Pacific Coast Pipe Company, filed in this cause, pursuant to the stipulation theretofore read into the record the depositions of William W. Greenwood, L. A. Harding, L. Murray Grant, Charles A. Paul, Arthur A. Anderson, L. E. Hawley and T. B. Garrison, witnesses called on behalf of plaintiff, taken before J. N. Ivey, a Notary Public in and for the State of Washington, residing at Seattle, in Cause No. 351, in this court, pursuant to stipulation of counsel, the depositions being certified by the Notary Public as of date July 1, 1911.

This deposition was received in evidence without objection and by agreement of counsel, with the consent of the court, the same was considered read. (Deposition annexed to this statement as Exhibit A.)

Counsel for complainant, Pacific Coast Pipe Company, then offered, pursuant to the stipulation hereinbefore referred to, the depositions of Heber Q. Hale, Geo. L. Swendsen, taken before J. L. White, an examiner appointed by this court, and certified by him as of date July 11, 1911, in Cause No. 351, in this court, which depositions were received and by

agreement of counsel and the consent of the court was considered read. (Depositions attached to this statement as Exhibit B.)

Warren G. Swendsen, being called and duly sworn as a witness on behalf of the Pacific Coast Pipe Company, testified as follows:

Mr. Ruick: I will state to the court that I am calling Mr. Swendsen solely on the question as to the identity of the property described in the mortgage sought to be foreclosed in this case with the property described in the cross complaint of the Pacific Coast Pipe Company.

(Witness testifies.) I have resided in Boise since October 1, 1909. I am an engineer and a member of the firm of Swendsen, Swendsen & Pierce. The other Swendsen in the firm is George L. Swendsen, my brother. As an engineer, I had to do with the construction and planning of the irrigation system of the Kings Hill Irrigation & Power Company. I was in the service of that company from April 1, 1908, to about October 1, 1909. I have frequently been over the project and have worked on it.

(Here witness is shown Exhibit A attached to the complaint in this action, being a copy of the mortgage sought to be foreclosed; also the cross complaint of the Pacific Coast Pipe Company, and is asked to read the description of the property contained in each.)

Q. Do these two documents refer to the same irrigation system or a part of the same irrigation system?

A. They do.

(Here witness is shown a map marked "Plaintiff's Exhibit 2A") and says:

The original map from this—this was printed, was prepared in our office. This is a map of the irrigation system referred to in the cross complaint of the Pacific Coast Pipe Company.

We now ask that the copy of the agreement of May 1, 1908, between the Kings Hill Irrigation & Power Company and the State of Idaho under which this project was constructed and which is already in evidence as a part of the deposition taken in a former case may be marked cross complainant, Pacific Coast Pipe Company's, Exhibit 1, which is done without objection except the general objection hereinbefore noted. (Exhibit E, attached to this statement.)

Mr. Ruick: We now offer in evidence the claim of lien of the Pacific Coast Pipe Company against the Kings Hill Irrigation & Power Company upon the irrigation system hereinbefore referred to and set out and described in the cross complaint of the Pacific Coast Pipe Company.

Mr. Powell (for complainant): If the Court please, we wish especially to object to that for the reasons given in the prior objection and it has become more apparent now because of the date of the filing of that instrument.

Mr. Driscoll: The same objection.

Which objection was overruled by the Court. To which ruling, counsel for complainant and defendant Minneapolis Steel & Machinery Company duly objected.

Said document was thereupon admitted in evidence and marked cross complainant, Pacific Coast Pipe Company's, Exhibit No. 2. (Exhibit F, attached to this statement.)

Mr. Ruick: It appears from the endorsement upon this claim of lien that the same was filed for record in the county of Elmore at 12:05 o'clock a. m., on the 14th day of August, 1910, and recorded in Book 18 of Liens at page 401.

It is admitted in open court that a duplicate of this claim of lien was filed in the county of Owyhee on the 5th day of August, 1910, at 9:05 o'clock a. m.

It is also admitted that cross complainant paid the sum of \$4.20 for recording said claim of lien. It is also stipulated in open court that \$750.00 is a reasonable attorney's fee for foreclosure, being the sum allowed by the court in the former suit.

This admission to be subject to the general objection heretofore noted.

Mr. Ruick (for cross complainant): We now offer in evidence Articles of Agreement between the State of Idaho and E. A. Hitchcock, Secretary of the Interior, for the purpose of showing that, on the 30th day of March, 1904, there was segregated from the public domain, at the request and on the appli-

cation of the State of Idaho, the lands over which this canal, or the canal, laterals and branches and other works of the Kings Hill Irrigation & Power Company, were constructed, pursuant to the agreement thereafter entered into with the State of Idaho on May 1, 1908. We desire to show that, as early as the 30th day of March, 1904, the lands over which and upon which the irrigation works constructed by the Kings Hill Irrigation & Power Company, under its contract with the State, were segregated from the public domain, for the purpose of showing that this ditch or canal and these works were constructed upon public lands of the United States, to which, by operation of law, the Kings Hill Irrigation & Power Company could only acquire title by virtue of the completion of its works. It is alleged in the cross complaint that these works were constructed on, over and across public lands of the United States. These Articles of Agreement describe the lands which were withdrawn from public entry or rather were withdrawn from entry as early as nineteen four and they include the lands over which this canal and those works were constructed.

Mr. Haga (for complainant): We cannot stipulate to that, but consent that the document may be introduced in evidence.

Mr. Ruick: This is (Idaho State Desert Land Segregation) List No. 7. The agreement between the State of Idaho and the Kings Hill Irrigation & Power Company recites this particular agreement and also recites the fact that the Kings Hill Irriga-

tion & Power Company is the successor in interest of the Glenns Ferry Land & Irrigation Company, at whose instance the State of Idaho caused these lands to be segregated. The mortgage also identifies these lands as List No. 7 and recites the fact that the Kings Hill Irrigation & Power Company is the successor of the Glenns Ferry Land & Irrigation Company.

Certification waived and the document admitted in evidence (subject to the general objection here noted) and marked cross complainant, Pacific Coast Pipe Company's, Exhibit No. 3. (Exhibit G, attached to this statement.)

Mr. Ruick: We now offer in evidence the following papers in cause No. 351, filed October 31, 1910, in the case of Pacific Coast Pipe Company against the Kings Hill Irrigation & Power Company.

It is stipulated by counsel that the complaint was filed in the District Court of the Fourth Judicial District of the State of Idaho in and for Elmore County and the cause was subsequently, upon application of the defendant, removed in to this court.

Complaint in said cause admitted in evidence and marked Pacific Coast Pipe Company's Exhibit No. 4. (Exhibit H attached to this statement.)

Mr. Ruick (for cross complainant): We now offer in evidence the answer of the Kings Hill Irrigation & Power Company in said cause, filed April 13, 1911.

Which document is admitted in evidence and

marked cross complainant, Pacific Coast Pipe Company's, Exhibit No. 5. (Exhibit I attached to this statement.)

Mr. Ruick: We now offer in evidence the replication of the Pacific Coast Pipe Company to the answer of the Kings Hill Irrigation & Power Company, filed in this court May 29, 1911.

Received without objection (except the general objection heretofore noted) and marked cross complainant, Pacific Coast Pipe Company's, Exhibit No. 6. (Exhibit J attached to this statement.)

Mr. Ruick: We now offer the decree in said cause in this court, filed December 30, 1911.

Received in evidence without objection (except as heretofore noted) and marked cross complainant, Pacific Coast Pipe Company's, Exhibit No. 7. (Exhibit K attached to this statement.)

Mr. Ruick: We next offer in evidence an order of sale issued out of this court in the cause referred to, addressed to R. M. McCracken, Special Master, directing the sale of the premises described in the decree in said cause, together with the return of sale.

Document admitted in evidence without objection (except as heretofore noted), marked cross complainant, Pacific Coast Pipe Company's, Exhibit No. 8 (Exhibit L attached to this statement).

Mr. Ruick: We next offer the order confirming the sale in said cause, filed in this court July 10, 1912.

Document admitted in evidence without objec-

tion (except as heretofore noted) and marked Pacific Coast Pipe Company's Exhibit No. 9 (Exhibit M attached to this statement).

By agreement of counsel, the supplement to the Cross Bill of the Pacific Coast Pipe Company is deemed filed for the purpose of offering at this time the Special Master's deed.

Mr. Powell: With the understanding that we object to the filing of any supplemental bill because it is immaterial and irrelevant, but for the purpose of this offer it may be considered as filed subject to our objection. We do not object to it on any other ground than those of the general objection heretofore made.

Deed received in evidence and marked cross complainant, Pacific Coast Pipe Company's, Exhibit No. 10 (Exhibit N attached to this statement).

George Walker, a witness called and duly sworn on behalf of cross complainant, Pacific Coast Pipe Company, testified as follows: I reside in Elmore County. I had to do with the laying of the pipe on the King Hill townsite land from the South side of the river, across the bridge and two branches on the Elmore County side. Close to six thousand feet of pipe was laid under my direction. I believe the Pacific Coast Pipe Company furnished that pipe. I received the pipe, checked it off and unloaded it.

Mr. Ruick: I now show you certain invoices, being part of Exhibit A attached to a deposition in this cause, which was taken originally in Case No.

351, Pacific Coast Pipe Company vs. Kings Hill Irrigation & Power Company, and ask you if you checked over these invoices for the purpose of ascertaining whether or not the pipe and materials therein charged for or included in these invoices was actually received by the Kings Hill Irrigation & Power Company at Kings Hill?

A. It was. It was checked off and unloaded off the cars by me. I was employed by C. H. Hammett, President of the Kings Hill Irrigation & Power Company. My information at the time was that this pipe was laid by and on behalf of the Kings Hill Irrigation & Power Company. This line of pipe began on the top of the bluff—on the left part—on the South side of the river.

Witness has attention called to map, Exhibit 2A, attached to a deposition in this cause, and continues:

We connected this pipe with one of the laterals of the Kings Hill Irrigation & Power Company. We connected it with what is marked on this map, Kings Hill Branch, with the main system of the Kings Hill Irrigation & Power Company.

Q. At what point relative to where it crossed the river—about how far back from the river?

A. I should say a quarter of a mile, probably half a mile. I would not be positive as to the exact distance. We constructed a ditch to the point where we made this connection. This ditch was brought from a point further back from the river. We put in a headgate and a drop, where we connected with the

main ditch. It might have been an eighth or a quarter of a mile, from the point where we put in the headgate in the Kings Hill branch to the point where the pipe proper began. We put in a twenty-inch pipe and connected it with the canal branch. The pipe was carried across Snake River on a branch. There was about 3500 feet of twenty-inch pipe. There was a 12-inch branch put in which reached through the town and up to a ditch outside of the townsite. Then there was a branch that went in another direction. That emptied into a ditch carrying water to irrigate some of Ben Hammett's land, I believe. The water was taken across the river for the townsite and to irrigate adjacent land to the townsite, as I understood. I know of it having been taken across and used for that purpose while I was there. There was approximately 2700 feet of 12-inch pipe. There invoices accompanying the pipe read to the Kings Hill Irrigation & Power Company—the company that was constructing the main system.

#### CROSS EXAMINATION.

Q. Mr. Driscoll: That pipe was laid in the spring of 1910? There is no other land watered from this pipe except lands on the North side of the river?

#### REDIRECT EXAMINATION.

Mr. Ruick: All the material described in these invoices attached to this deposition, Exhibit . . . ., went into the construction of this pipe line and was placed there either by me or under my immediate direction.

## CROSS EXAMINATION.

Mr. Haga (for complainant): I believe we commenced the building of this pipe line in March, 1910, and finished it toward fall of the same year. So far as I know, the irrigation system of the Kings Hill Irrigation & Power Company, on the South side of the river, had been completed before we commenced to build that pipe line. I wasn't very familiar with it. Water had been served to lands for irrigation purposes during 1909. Branch called the Kings Hill branch, shown on the map, Plaintiff's Exhibit 2A, attached to the deposition. Exhibit . . . . was not in existence when we commenced to build the pipe line and it had been used for irrigation purposes on the South side of the river the year before. We connected with that branch and built what was necessary to get the water to the North side of the river. We didn't have anything to do with putting that branch in condition for irrigation on the South side of the river.

Q. Did the pipe line which you constructed or any of the ditches which you constructed, pass over vacant government land or did they pass over land that was in private ownership?

A. Part of it was privately owned, I think is all. Part of it was Carey Act and part of it desert—desert entries. I don't know of any vacant government land at that time. By Carey Act land I mean land that has been entered under the Carey Act. The land on the South side of the river where we commenced the pipe line was held under entry at the time.

## REDIRECT EXAMINATION.

(Mr. Ruick): I mean the land had been taken up, filed on. Where the ditch started it had been taken up under the Carey Act.

Mr. Haga: The ditch that we made to connect with the Kings Hill Branch was all Carey Act land. The pipe line was on desert land, not Carey Act land. By desert land, I mean land that had been filed upon under the desert act, that it was not vacant, unoccupied public land.

George Walker recalled, testifies as follows:

By Mr. Ruick: In my final settlement with the Kings Hill Irrigation & Power Company I was paid in a check, signed Kings Hill Irrigation & Power Company, by O. O. Haga, Secretary. That was for the work I had done there at Kings Hill.

## CROSS EXAMINATION.

Mr. Haga: I call your attention to a map purporting to be a map of the Kings Hill Irrigation & Power Company and project and call your attention to the structures in Sec. 12 of Township 5 South, Range 10 East. You will notice what purports there to be a syphon marked Syphon No. 6. Is that the syphon to which you referred this morning?

A. It is.

Witness continues: We commenced laying the pipe at the end of that dark line marked Lateral No. 9 and, what we constructed and in which we used the material furnished by cross complainant,

commenced at the end of that dark line marked Lateral No. 9 and extended across the river to the town of King Hill. This map is practically a correct representation of it. I know of no particular in which it is incorrect.

### REDIRECT EXAMINATION.

Mr. Ruick: The water was conducted further than the town of Kings Hill. The line running westward on this map to the town of Kings Hill is a twenty-inch main. At the end of that main there was constructed a wooden flume and ditches down in a southwesterly direction for the irrigation of lands lying there. The twelve-inch main, which is indicated in a street by three very narrow lines and which connects with this lateral, No. 10, irrigates lands known as the Ben Hammett lands outside of the townsite. It was the plan or intention, as announced by the President of the company, to irrigate lands on the upper side of the townsite, but these were not actually irrigated.

Mr. Haga: I now offer in evidence the map to which the witness has referred, as complainant's Exhibit 1 and I ask permission to substitute a copy.

Mr. Ruick: This map purports to have been certified on the 17th day of August, 1911. We have no objection to the use of this map by way of illustration, but, as purporting to represent conditions prevailing at an earlier date than that at the time that our lien attached or at the time the mortgage of the plaintiff in this action was executed, we, of course,

object to it for that reason. As illustrating the project at the time this map was certified, we have no objection to it. We will further say that respecting the marks or facts in pencil on the map, we have no knowledge concerning those.

Mr. Haga: We don't offer those. We don't want them to go in at all. I offer the map particularly for the purpose of showing the location of the structure and where they are and as illustrating the case.

Mr. Driscoll: We make the same objection as Mr. Ruick does and we object to it as irrelevant as to any matters prior to the date it was certified.

Mr. Haga (for complainant): In order that there may be no question about the record, your Honor, I desire to make a motion to strike out all the evidence and testimony and proof offered on behalf of cross complainant for the reason that the cross bill does not state a cause of action and it appears therefrom that the lien which cross complainant seeks to foreclose had expired by its own limitation and under the statute before a Cross Bill was filed and that the suit to foreclose the lien is barred by Sec. 5118 of the Codes of this state, and it further appears that, when the lien was foreclosed as against the Kings Hill Irrigation & Power Company, the mortgage of the trustee, which the trustee is now foreclosing, was of record and the trustee was not made a party in that suit.

Mr. Driscoll (for Minneapolis Steel & Machinery Company): We should like to move to strike out

all the evidence offered on behalf of the cross complainant, Pacific Coast Pipe Company, as against the Minneapolis Steel & Machinery Company as incompetent, irrelevant and immaterial and for the reason that the lien of the Pacific Coast Pipe Company, if any, has expired by reason of the provisions of Sec. 5118 of the Idaho Revised Codes, it appearing on the face of the cross complaint and by the evidence that the lien of the Pacific Coast Pipe Company was filed more than six months prior to the filing of the said cross complaint. In the former action below against the Kings Hill Irrigation & Power Company on that lien, the defendant, the Minneapolis Steel & Machinery Company, was neither a party nor privy and their rights attached prior to the institution of the former action.

The Court: The motion will be denied on the same conditions as the objection to the introduction of any testimony was overruled. To which ruling counsel for complainant and for defendant, Minneapolis Steel & Machinery Company, then and there duly excepted.

(Here cross complainant rests.)

Warren G. Swendsen called as a witness on behalf of complainant in rebuttal and having been duly sworn testified as follows:

(By Mr. Haga.)

Q. Calling your attention to the map which has been introduced in evidence as complainant's Ex-

hibit No. 1, can you state what is known as the Tuana Gulch Syphon, where it is located?

A. I do. It is substantially as shown on this exhibit. The pipe line is marked "Lateral No. 1 in Sec. 14" at what is known as Pump No. 3.

#### CROSS EXAMINATION BY MR. RUICK.

That Lateral No. 1 was intended to serve part of the land or irrigate part of the N $\frac{1}{2}$  of Sec. 14, Township 6 South, Range 12 East—was to serve and irrigate lands in the S $\frac{1}{2}$  of Sec. 11, same township and range.

A. I am under the impression that part of the lands in Sec. 7 are served from that particular line. A part of the S $\frac{1}{2}$  of Sec. 10 I am sure is served from that Lateral No. 1. That is known as the Tuana Pumping Plant and pipe lines leading therefrom—Tuana Gulch Pumping Plant. It has also been designated as Pumping Plant No. 3. It is the lateral at Tuana Gulch. The pumping plant is operated at that point by means of an impulse water wheel which receives its water from the main canal of the Kings Hill Irrigation & Power Company. Some of the pipe was thirty inches in diameter, as I remember. The discharge from the pumping, as I remember, was either sixteen or twelve inch machine-banded or iron-wound wooden stave pipe that was built and delivered by the Pacific Coast Pipe Company from Seattle.

The above and foregoing is a statement of the evidence to be included in the record on appeal in the

said cause to the United States Circuit Court of Appeals for the Ninth Circuit, in accordance with Paragraph (b) of Rule 75 of the Rules of Practice for the Courts of Equity of the United States in force February 1, 1913.

N. M. RUICK,  
Solicitor for Defendant and Cross Complainant, Pacific Coast Pipe Company. Residence, Boise, Idaho.

*In Equity. No. 428.*

STIPULATION FOR TAKING DEPOSITIONS  
ON BEHALF OF COMPLAINANT.

It is hereby stipulated and agreed by and between the parties above named, through their respective solicitors, that the depositions of W. P. Kopf, F. H. Jones, and others, of Chicago, Illinois, witnesses on behalf of complainant, shall be taken by and before any Notary Public for Cook County, State of Illinois, whose official character as such Notary Public shall be sufficiently proved by his official seal and the impression thereof affixed to or stamped upon his return to said depositions, and such Notary Public is hereby agreed upon and appointed to take the depositions of said witnesses:

That said depositions shall be taken at the offices of Messrs. Mayer, Meyer, Austrian & Platt, American Trust Building, Chicago, Illinois, on the 12th day of September, 1913, at 2 o'clock P. M. of said day and continuing from time to time thereafter until completed and that the testimony may be writ-

ten down in shorthand by a shorthand reporter, and thereafter typewritten, and after being so typewritten it may be read and corrected by the witness; and said depositions and testimony when taken may be read and used in evidence in said cause on any trial thereof or proceeding therein, subject to the same objections and exceptions as if the witnesses were personally present on the stand, but without objection or exception to the time, place, or manner of taking the same, or to the form of the question, unless noted at the time, or to the form of the certificate of the Notary taking such depositions; and said parties hereby waive any and all objections to such depositions, except as aforesaid, and waive the issuing of any commission herein from said Court, and hereby agree that said depositions shall have the same force and effect as if taken upon commission duly issued herein; and hereby further waive any and all notices and prerequisite forms required by law or rules of court for the taking of depositions;

But the right is hereby reserved to said defendants and interveners, and each and every of them, if not present at the time when the said witnesses, or any of them, are examined on behalf of plaintiff or their depositions taken as aforesaid, upon five days' notice to plaintiff, or its solicitors, of intention so to do, to recall such witnesses for cross-examination, or to otherwise take their deposition, or the depositions of other witnesses bearing upon the matters embraced in the depositions to be taken on behalf of plaintiff, as aforesaid.

That when said depositions have been completed, the said Notary shall attach thereto his certificate and mail the said depositions to A. L. Richardson, Esq., Clerk of the United States District Court, Boise, Idaho.

Dated this 3rd day of September, 1913.

*In Equity. No. 428.*

United States of America,  
Northern District of Illinois,  
Eastern Division,  
State of Illinois,  
County of Cook,—ss.

William P. Kopf, a witness called on behalf of

the complainant herein, and residing at Chicago, Illinois, more than 100 miles from the place where this cause is to be tried, being duly cautioned and sworn to tell the whole truth, and being carefully examined, deposes and says as follows:

*Direct Examination.*

By Mr. Powell, Counsel for Complainant.

Q. Please state your name, age, and place of residence?

A. William P. Kopf; age, 45; 5939 Michigan Avenue, Chicago.

Q. What is your business, Mr. Kopf?

A. Assistant Secretary of the Continental and Commercial Trust and Savings Bank.

Q. How long have you been Assistant Secretary of the Continental and Commercial Trust and Savings Bank?

A. Upwards of 10 years.

Q. Prior to August of 1910 what was the corporate name of the corporation now known as the Continental and Commercial Trust & Savings Bank?

A. The corporate name was The American Trust & Savings Bank.

Q. The Continental and Commercial Trust and Savings Bank is a corporation organized under the laws of the State of Illinois?

A. It is.

Q. You are conversant with the fact that there was a change of name made, along about August 1, 1910?

A. On July 30, 1910, the name of The American Trust & Savings Bank was changed, pursuant to the statutes of Illinois, to Continental and Commercial Trust & Savings Bank.

Q. And since that date the corporation has been known by this latter name, "Continental and Commercial Trust and Savings Bank"?

A. It has.

Q. But it is the same corporation that formerly did business under the name of The American Trust & Savings Bank?

A. It is.

Q. You were Assistant Secretary of The American Trust & Savings Bank back in the years 1908 and 1909, were you not?

A. I was.

Q. And your business as Assistant Secretary has to do with the Trust Department of the Bank?

A. It has.

Q. Do you recall the fact that a trust deed was delivered to The American Trust & Savings Bank by the Kings Hill Irrigation & Power Company along in the latter part of 1908?

A. There was such a trust deed delivered to us, yes.

Q. You have that trust deed in your files?

A. We have.

Q. Will you produce it, and let it be marked Exhibit A?

A. (The witness produced the trust deed mentioned, which was thereupon marked by the Notary as Exhibit A of September 12, 1913.)

Q. Exhibit A that you have produced is the trust deed in question, is it not? Look at it and see (showing same to witness)?

A. It is.

Q. In connection with the acceptance of that trust did you become familiar with the signatures of the officers of the Kings Hill Irrigation & Power Company, Mr. Charles H. Hammett, President, and Mr. Oliver O. Haga, Secretary?

A. I did.

Q. Please examine the instrument, Exhibit A, and tell the court whether the signature that purports to be that of Charles H. Hammett is his signature, as you became acquainted with it and familiar with it?

A. In my opinion the signature of Charles H. Hammett attached to the instrument was written by Charles H. Hammett.

Q. And what do you say as to what purports to be the signature of Oliver O. Haga, attached to it?

A. In my opinion the signature of Oliver O. Haga as Secretary of the Company, attached to the instrument, is the genuine signature of Oliver O. Haga.

Q. Examine the signature, or what purports to be the signature of The American Trust & Savings Bank, executed by E. A. Potter, President, and attested by Frank H. Jones, Secretary, and tell the court whether or not you are familiar with those signatures, and whether they are the genuine signatures of the officers of the bank at that time?

A. I am familiar with the signatures of E. A. Potter and Frank H. Jones, and the signatures appearing on the instrument in behalf of The American Trust & Savings Bank are the signatures of E. A. Potter, President, and Frank H. Jones, Secretary, respectively.

Q. Examine the impression of the seal, or what purports to be the seal of The American Trust & Savings Bank, attached thereto, is that the seal of The American Trust & Savings Bank?

A. It is.

Q. Do you know of your own knowledge that E. A. Potter was President and Frank H. Jones was Secretary of The American Trust & Savings Bank at that date?

A. I do.

Q. They were, were they?

A. They were such officers.

Q. That instrument was received by you some time about the time of the date of the certificate of recording attached thereto, was it?

A. It was, on or about December 8, 1908.

Q. Sometime after that, probably, was it not, Mr. Kopf, before it would reach your files?

A. Yes, some days after that. Yes, sometime after that.

Q. I observe, Mr. Kopf, that the instrument, Exhibit A, seems to bear a stamp and certificate showing its recordation in the office of the Recorder of the County of Twin Falls, State of Idaho. Was that instrument executed in other copies—that is, were there other executed copies of the same instrument furnished, and recorded in other counties?

A. There were six original copies of the instrument executed. One copy was recorded in Twin Falls County, Idaho; another in Owyhee County, Idaho, and another in Lincoln County, Idaho.

Q. Produce the copy that was recorded in Owyhee County, and let it be marked Exhibit B.

(The witness produced the copy mentioned, which was thereupon marked by the Notary as Exhibit B of September 13, 1913.)

Q. Is Exhibit B produced the copy recorded in Owyhee County?

A. It is.

Q. Please produce the copy recorded in Lincoln County, Idaho, and let it be marked Exhibit C.

(The witness thereupon produced the copy mentioned, which was marked by the Notary as Exhibit C of September 12, 1913.)

Q. I asked you a moment ago whether you received that instrument sometime after the date it was recorded. I had reference, in that inquiry, to the time it reached you in its now present recorded form. When, in fact, was it that you accepted the trust, or about what time did you accept the trust?

A. The trust was accepted on November 30, 1908.

Q. And is that the date of the execution of the instrument by The American Trust & Savings Bank?

A. It is.

MR. POWELL: Mr. Ebbert, Exhibits A, B and C, thus produced by the witness, seem to be duplicates, and I would like to inquire at this time if we can do something by which a copy may be substituted, and the originals be retained in the hands of the trustee, as far as you are concerned?

MR. EBBERT: As far as we are concerned.

MR. POWELL: That is agreeable to you?

MR. EBBERT: That is agreeable to me.

MR. POWELL: Q. I observe, Mr. Kopf, that there is attached to Exhibits A, B and C what purports to be a certificate from the Recorder of each of the counties, that the instrument was filed as a

chattel mortgage. That certificate appeared on the instruments as they were finally delivered to you after recordation, did it not?

A. It did.

MR. POWELL: We now offer Exhibit A, together with the certificate of recordation attached thereto, and the certificate of the Recorder of Twin Falls County, Idaho, to the effect that the instrument was filed in the Recorder's office as there shown, and a minute of said instrument, as a mortgage of personal property was made in the record required by law to be kept of chattel mortgages.

I also now offer Exhibit B, together with the certificate of recordation attached thereto and the certificate of the Recorder of Owyhee County, Idaho, to the effect that the instrument was filed in the Recorder's office as there shown, and a minute of said instrument as a mortgage of personal property was made in the record required by law to be kept of chattel mortgages.

I also now offer Exhibit C, together with the certificate of recordation attached thereto and the certificate of the Recorder of Lincoln County, Idaho, to the effect that the instrument was filed in the Recorder's office as there shown, and a minute of said instrument, as a mortgage of personal property was made in the record required by law to be kept of chattel mortgages.

I now offer, to be attached by the Notary and returned as a part of the records, as a part of the tes-

timony being taken, a duplicate copy of Exhibits A, B and C, and ask that the same be marked by the Notary Exhibit D and by him returned and certified to be a true copy of Exhibits A, B and C, and ask permission to retain the possession of Exhibits A, B and C, with the agreement made with counsel that the originals A, B and C, having been marked first by the Notary with their designation, and his name, will be produced by counsel for the complainant, on the hearing, on the demand of any of the parties to the record.

(The said duplicate copy, being a true and complete copy of Exhibits A, B and C, produced by counsel for complainant, was thereupon marked by the Notary as Exhibit D of September 12, 1913, and the same is attached hereto and returned herewith. Copies of the certificates of recordation on Exhibits A and B and C, respectively, are herewith returned, immediately following and attached to said Exhibit D.)

MR. POWELL: Q. Mr. Kopf, after the acceptance by The American Trust & Savings Bank of the trust deed in question, were there bonds certified and delivered, and, if so, how many?

A. The trustee certified and delivered bonds amounting to \$298,500 at par.

Q. Those were delivered on request of the Kings Hill Irrigation & Power Company, were they?

A. They were.

Q. And all in accordance with the terms of the trust deed?

A. Yes sir.

Q. Subsequently, and in the year 1909, was there a supplemental trust deed drawn, between the same parties, the Kings Hill Irrigation & Power Company and The American Trust & Savings Bank?

A. There was.

Q. That instrument likewise was executed in several parts and recorded in the three counties of Twin Falls, Lincoln and Owyhee, was it not?

A. It was.

Q. Produce the three copies that were ultimately delivered to you after they were recorded, and let them be marked Exhibits E, F and G.

(The witness produced the copies mentioned, which were thereupon marked by the Notary as Exhibits E, F and G, respectively, of September 12, 1913.)

Q. Exhibit E which you have produced is the instrument which was recorded in Twin Falls County, is it not?

A. It is.

Q. And Exhibit F is the instrument recorded in what County?

A. Owyhee.

Q. And Exhibit G is the instrument recorded in Lincoln County, Idaho?

A. In Lincoln County, Idaho.

Q. Examine the signatures to these instruments, Exhibits E, F and B and state if you know whether or not you are familiar with the signatures appearing thereon?

A. I am.

Q. As to the signatures of Mr. Charles H. Hammett and Oliver O. Haga, are they their genuine signatures?

A. In my opinion they are.

Q. And as to the signatures of Frank H. Jones and Edwin A. Potter, are those signatures their genuine signatures?

A. They are.

MR. POWELL: We now offer Exhibit E, together with the certificate of the Recorder appearing thereon, which certificate reads as follows:

State of Idaho,

County of Twin Falls,—ss.

I hereby certify that this instrument filed for record at the request of Am. Trust & Savings B'k. at 40 minutes past 4 o'clock P. M., this 23d day of March, A. D. 1909, in my office, and duly recorded in book 7 of mortgages at page 96.

H. T. WEST,

Ex-officio Recorder.

R. H. ROYS, Deputy.

Fees \$12.00 pd.

MR. POWELL: We now offer Exhibit F, together with the certificate of the Recorder appearing thereon, which certificates reads as follows:

State of Idaho,  
County of Owyhee,—ss.

Filed for record this 20th day of March 1909, at 9:30 A. M. at request of The American Trust & Savings Bank and recorded in Book 8 of Mortgages page 26, of the records of said county.

J. S. ST. CLAIR,  
Fees, \$12.00. Ex-officio Recorder.

MR. POWELL: We now offer Exhibit G, together with the certificate of the Recorder appearing thereon, which certificate reads as follows:

State of Idaho,  
County of Lincoln,—ss.

I hereby certify that this instrument was filed for record at the request of Richards and Haga at 2 o'clock P. M., this 19th day of March, 1909, in my office, and duly recorded in Book 4 of Mortgages at page 391.

HARRY W. ANDERSON,  
Ex-officio Recorder.  
Fees, \$12.85. By.....Deputy.

MR. POWELL: And as a part of the offer of Exhibits E, F and G, we offer what purports to be the certificate of D. C. McDougall, Attorney General, endorsed thereon.

(This certificate appears on the last page of the printed copy returned herewith as Exhibit H.)

MR. POWELL: We also offer, as a part of Exhibits A, B and C, what purports to be the certificate of J. J. Guheen, Attorney General, attached thereto.

(This certificate appears upon the printed copy returned herewith as Exhibit D, at the bottom of the next to the last page thereof.)

MR. POWELL: I now request the Notary to return to the witness the Exhibits E, F and G, which have been offered, and substitute and return, as a part of his deposition, a copy thereof, to be marked Exhibit H, with the stipulation on my part in behalf of the complainant, that Exhibits E, F and G will be produced, on the hearing, for the inspection and use of any of the parties to the record. Will that be agreeable to you, Mr. Ebbert, as far as your clients are concerned?

MR. EBBERT: That is satisfactory to me.

(A true and correct copy of said exhibits E, F and G, substituted for said Exhibits, is attached hereto and returned herewith, marked as Exhibit H of September 12, 1913.)

MR. POWELL: Q. Prior to the execution of the supplemental trust deed, which has been marked here as Exhibits E, F and G, had there been any bonds delivered under the original trust deed, certified and delivered by the trustee?

A. There had been delivered bonds to the extent of \$298,500 at par.

Q. After the execution of the supplemental trust deed, what, if you know, became of those bonds which had been issued under the old, original trust deed?

A. The \$298,500 of bonds referred to were surrendered to the trustee together with all the interest coupons originally attached thereto, and such bonds and coupons were canceled and retired.

Q. In connection with the delivery to you of the original trust deed and the supplemental trust deed, and as security for bonds to be issued thereunder, what is the fact as to whether or not settler's contracts in large numbers were delivered to you and left in your possession?

A. There were delivered and assigned to us, pursuant to the terms of the trust deed, water contracts with settlers, which contracts aggregated about \$540,000.

Q. Have you a list of those contracts, showing the names of the makers, and their dates, and so forth?

A. I have.

Q. Will you produce it, and let it be marked Exhibit I?

(The witness produced the list referred to, which was thereupon marked by the Notary as Exhibit I of September 12, 1913.)

Q. This Exhibit I, which you produce, is a list of the contracts referred to?

A. It is.

Q. I observe that the right hand column is a column marked "Deferred payments." Are you able to say at this time whether that is the absolutely correct amount of deferred payments, as they appear at this time on your books?

A. It is correct, within a few hundred dollars.

Q. There may have been some changes on that list from the way it appears now, you say?

A. Yes, resulting from payments made subsequently to the time the list was prepared.

Q. I observe this list purports to be prepared only down to September 17, 1912, by its date at the head, but as you understand the list was checked up down to what date?

A. December 17, 1912.

Q. The settler's contracts in question, with due assignment thereof, are in your possession, as I understand it, then?

A. They are.

Q. You are prepared to produce them here, for inspection of any parties interested, are you?

A. We are.

MR. POWELL: I now offer to produce them, that anybody may cross-examine the witness with reference to them.

(The said list, so produced and identified by the witness, and marked by the Notary as Exhibit I,

was thereupon offered in evidence by counsel for complainant, and it is attached hereto and returned herewith.)

Q. You have the written assignments of the contracts in question, have you not, Mr. Kopf?

A. We have.

Q. Will you produce those written assignments, for inspection, if they are desired?

A. Yes, sir.

MR. POWELL: I now offer to produce the contracts in question, for the inspection of anybody, and announce to counsel that we will produce them on the hearing in court, if desired. Will that be satisfactory, Mr. Ebbert?

MR. EBBERT: That is satisfactory to me.

MR. POWELL: Q. Mr. Kopf, subsequently to the delivery to you of these settler's contracts, and from time to time after the execution of the supplemental trust deed, how many, if any, bonds were certified by the trustee, put out and issued, and turned over to the company?

A. There were certified and delivered bonds amounting to \$358,400 at par.

Q. That is the number of bonds that were certified and delivered so far as the trustee is concerned? That is the number of bonds that are outstanding?

A. Yes, sir.

Q. The trust deed provides for an issuance of \$500,000 of bonds, I believe, but as I understand, then, the number of bonds outstanding is only \$358,400?

A. That is right.

Q. These bonds were made payable at the office of The American Trust & Savings Bank, now Continental and Commercial Trust and Savings Bank, were they not, by their terms?

A. They were.

Q. Can you tell when, if ever, there was any default in the payment of interest on these bonds?

A. The company defaulted in the payment of the installment of six months interest due November 1st, 1911.

Q. Has there ever, so far as your bank is concerned, been any interest paid on these bonds since that date?

A. There has not.

Q. Have you made a computation of the amount that is due, to this date, on those bonds, according to their terms, assuming that the \$358,400 are outstanding?

A. I have.

Q. What is the amount due on the bonds by their terms, computing interest on deferred interest payments at 6%, up to the 12th day of September, 1913?

A. The total amount, including principal, interest, and accrued interest on coupons, is \$412,174.31.

Q. How is that amount made up?

A. Principal of bonds.....	\$358,400.00
Interest on the principal of the bonds to September 12, 1913, at 6% .....	50,892.79
Accrued interest on interest cou- pons, deferred interest, to Sep- tember 12, 1913, at 6% .....	2,881.52

Q. You have made a tabulation of this interest computation, have you not, Mr. Kopf?

A. I have.

Q. Please produce it, and have it marked Exhibit J, and let it be offered in evidence.

(The witness produced the tabulation referred to, which was thereupon marked by the Notary as Exhibit J of September 12, 1913.)

MR. POWELL: We now offer Exhibit J in evidence.

(The said Exhibit J is attached hereto and returned herewith.)

Q. This computation has simply been on the basis of 6% on the deferred interest payments; that is right, is it?

A. It is.

Q. In regard to these bonds, what is the fact as to whether they were all duly certified by the trustee, in the form provided in the trust deed?

A. All of the bonds delivered and outstanding were certified by the trustee in the form provided in the trust deed and in the amendment thereto.

Q. What was the form or language of that certificate endorsed on the bonds? Just tell the Court, if you know.

A. "The within bond is one of the bonds issued under and described in the within mentioned mortgage or deed or trust to the undersigned as trustee, dated November 2, 1908, and certain amendments thereto dated the 1st day of March, A. D. 1909. (Signed) The American Trust & Savings Bank, Trustee, by F. H. Jones, Secretary.

Q. And that certificate was endorsed on all of these bonds that you say were delivered to the order of the company?

A. It was.

Q. Subsequently to the defaulting in the interest, did you receive any notice from bondholders in regard to any action that they desired the bank as trustee to take in this matter?

A. We did.

Q. Was that notice in writing?

A. It was.

Q. Please produce it, and let it be marked Exhibit K.

(The witness produced the notice referred to, which was thereupon marked by the Notary as Exhibit K of September 12, 1913.)

A. It is a notice dated December 13, 1912, signed by William A. Louderback, Albert G. Lester and Joseph E. Otis, committee for Security Holders.

Q. Exhibit K, which you produce, is the instrument in question?

A. It is.

MR. POWELL: We now offer Exhibit K in evidence, and ask that the Notary return a copy thereof, and permit the witness to retain Exhibit K, being an original and part of their files, with the understanding that Exhibit K will be produced on the hearing, for the use of the parties in interest, on demand. Is that agreeable, Mr. Ebbert?

MR. EBBERT: That is agreeable to me.

MR. POWELL: Here is a copy of Exhibit K. Let it be marked Exhibit K-1.

(The said copy was thereupon marked by the Notary as Exhibit K-1 of September 12, 1913, and the same is attached hereto and returned herewith.)

Q. Referring to Exhibit K, Mr. Kopf, I observe this language: "You are hereby directed on account of said defaults and each of them, to declare the principal of all bonds outstanding under and secured by

said trust deed to be due and payable immediately, by notice in writing delivered to the said Kings Hill Irrigation & Power Company." Pursuant to that request did you notify the Kings Hill Irrigation & Power Company?

A. We did.

Q. Have you the acknowledgment from them of that notice, and a copy of the notice that you sent them?

A. We have.

Q. Please produce it.

(The witness produced the paper referred to, and the same was thereupon marked by the Notary as Exhibit L of September 12, 1913.)

Q. This exhibit that you have produced, marked Exhibit L, is an original copy of the notice itself, sent to the Kings Hill Irrigation & Power Company, is it not, or a duplicate copy (indicating)?

A. It is a duplicate of it. There is the notice, the duplicate and the original (indicating).

Q. Calling your attention to the manner in which it is signed, that is the signature of Mr. Jones, is it, attached to the instrument?

A. It is.

Q. I now call your attention to the language on page 5 of this instrument, which purports to be an acknowledgment of the receipt of the notice itself. That came back to you from the Kings Hill Irriga-

tion & Power Company, in the regular course of mail, did it not?

A. It did, and was received by us on December 27, 1912.

MR. POWELL: We now offer Exhibit L, together with the acknowledgment of service thereto attached, on page 5 thereof, being the notice to the Kings Hill Irrigation & Power Company, as identified by the witness, and I ask that the Notary attach a copy, and permit the witness to retain the original as a part of the files of the complainant, with the agreement and understanding that Exhibit L will be produced on the hearing, for the inspection of any of the parties desiring the same, such copy to be marked as Exhibit L-1. Is that agreeable, Mr. Ebbert?

MR. EBBERT: That is agreeable to me.

(A true and correct copy of said Exhibit L, marked as Exhibit L-1 of September 12, 1913, is attached hereto and returned herewith.)

Q. When did you say that came back to you, or was received by you, with the acknowledgment of service?

A. December 27, 1912.

Q. Thereafter you employed counsel to file the bill and institute this foreclosure suit, did you, Mr. Kopf?

A. We did.

Q. What firm of attorneys were employed by you in that connection?

A. Messrs. Mayer, Meyer, Austrian & Platt.

Q. Of Chicago?

A. Of Chicago, Illinois.

Q. And directions were given to them to associate with them associate counsel in Boise, Idaho, were there not?

A. Yes, sir.

Q. And in pursuance to that request and demand of the bondholders this bill for foreclosure was filed?

A. It was.

Q. Referring now to Exhibit K, I see it is recited therein that the parties who signed Exhibit K, this Committee for Security Holders, are the owners and holders of \$281,800, par value, of these bonds, issued under the trust deed in question. What is the fact as to whether or not those bonds were by this committee deposited with you as evidence of their ownership?

A. Such bonds were deposited, and are now in our possession.

Q. What is the aggregate of these bonds that are thus deposited with you at this time?

A. \$281,800.

Q. That is the face value of the bonds?

A. Yes, sir, the par value.

Q. What interest coupons were attached to those bonds, if you know?

A. All of the bonds had interest coupons attached, maturing on and after November 1, 1911, with the exception of \$40,000 of the bonds, which matured May 1, 1911, and had no more interest coupons attached.

Q. There were certain of these bonds, then, that were past due?

A. There were.

Q. That is, the principal on them was past due?

A. Yes, sir.

Q. All the others, though, had the November, 1911, coupons attached?

A. They did.

Q. And those bonds are still in your possession?

A. Yes, sir.

Q. Have you some of them with you?

A. I have three specimens, one of each denomination, a \$100 bond, \$500 bond and \$1,000 bond (producing the same).

Q. The \$100 bond which you have produced bears what number?

A. 581.

Q. The \$500 bond which you have produced bears what number?

A. 469.

Q. And the \$1,000 bond which you have produced bears what number?

A. 211.

Q. The other bonds are of like force and effect, are they, Mr. Kopf?

A. Yes, sir.

Q. They vary in amounts, but they are of the same form as those which you have produced?

A. There are three denominations, varying as to maturities and serial numbers only.

Q. These bonds are in the form as shown in the supplemental trust deed which you have produced?

A. They are.

MR. POWELL: I now offer to produce, and tender for inspection, all of the \$281,800, par value, of the bonds in question, and they are tendered for the inspection of counsel, but we do not feel that they should be introduced here and sent out as a part of this deposition. I will stipulate, however, on behalf of the complainant, that such bonds will be produced at the hearing, if demanded by any of the parties. I trust that will be agreeable to counsel present.

MR. EBBERT: It is satisfactory to me.

MR. POWELL: Q. Now, Mr. Kopf, were there certain payments made to you from time to time on these various settler's contracts? When I say "to you," I mean to the bank.

A. There were.

Q. Have you a list of such payments before you?

A. I have (producing list).

Q. What does such list, as prepared, show? I mean, what in detail do you attempt to show?

A. We attempt to show the collections.

Q. Do you show the numbers of the contracts?

A. We show the maker of the contract, and the number, and the date of payment, and the amount paid, as to principal and interest, as the case may be.

Q. Will you let that instrument be marked as an exhibit, and be offered in evidence? Is that agreeable to you?

A. Yes, sir. It also shows disbursements.

Q. Does the statement as you have it show your disbursements, also?

A. It does.

Q. And shows the balance of cash on hand?

A. Shows the balance of cash on hand as of January 13, 1913, of \$2,776.87, which is also the correct balance on hand at this time.

Q. There has been no variation from that since that time?

A. No, sir.

Q. And is that tabulation a true statement of the receipts and disbursements by the American Trust & Savings Bank, now Continental and Commercial Trust and Savings Bank?

A. It is.

MR. POWELL: Let it be marked Exhibit M, and I offer it in evidence.

(The said list, so produced and identified by the witness, and offered in evidence by counsel for complainant, was thereupon marked as Exhibit M of September 12, 1913, and the same is attached hereto and returned herewith.)

Q. Mr. Kopf, will you prepare and hand to the Notary a list of the bonds by their numbers, as certified and outstanding, and also a list of bonds by their number, which are deposited with you by the Security Holders' Committee, the first list to be known as Exhibit N, and the second list to be known as Exhibit O?

A. Yes, sir.

MR. POWELL: We offer in evidence the said Exhibits N and O.

(The said lists, prepared and furnished to the Notary by the witness, and marked respectively as Exhibits N and O of September 12, 1913, are attached hereto and returned herewith.)

Q. Mr. Kopf, in connection with the supplemental trust deed which has been marked here, produced by you, did you receive from the office of the County Recorder of Owyhee County, State of Idaho, a certificate, showing that that trust deed was filed and recorded and was likewise filed as a chattel mortgage?

A. Yes, sir.

Q. Will you produce the certificate so received?

A. Yes, sir (producing certificate).

(The said certificate, so produced, was thereupon marked by the Notary as Exhibit P of September 12, 1913.)

Q. Exhibit P is the certificate received by you from the Recorder in question?

A. It is.

Q. Did you receive a like certificate from the County Recorder of Twin Falls County, Idaho, in regard to recording the supplemental trust deed out there, and filing it as a chattel mortgage?

A. Yes, sir.

Q. Produce that, please, and let it be marked Exhibit Q.

(The said certificate, so produced, was thereupon marked by the Notary as Exhibit Q of September 12, 1913.)

Q. Exhibit Q is the certificate in question?

A. It is.

Q. Did you receive a similar certificate from the County Recorder of Lincoln County, Idaho, in regard to the recording of the supplemental trust deed in that county, and filing it as a chattel mortgage?

A. Yes, sir.

Q. Will you produce the certificate, please?

A. Yes, sir.

(The said certificate, thereupon produced by the witness, was marked by the Notary as Exhibit R of September 12, 1913.)

Q. Exhibit R, which you produce, is the certificate in question, is it?

A. It is.

MR. POWELL: We offer Exhibits P, Q and R in evidence.

(The said Exhibits P, Q and R are attached hereto and returned herewith.)

Q. As far as you know no suit at law has ever been instituted on any of these bonds?

A. I know of no such suit.

(NO CROSS EXAMINATION.)

WILLIAM P. KOPF.

Subscribed and sworn to before me this 16th day of September, A. D. 1913.

E. A. EULASS,  
Notary Public in and for the County of Cook and  
State of Illinois.

*In Equity. No. 428.*

In the United States of America,  
Northern District of Illinois,  
Eastern Division,  
State of Illinois,  
County of Cook,—ss.

I hereby certify that on the 12th day of September,

1913, before me, E. A. Eulass, a Notary Public in and for the County of Cook and State of Illinois, at the offices of Messrs. Mayer, Meyer, Austrian & Platt, American Trust Building, in the City of Chicago, County of Cook and State of Illinois, personally appeared, pursuant to the stipulation hereto annexed, at 2:00 o'clock p. m. of September 12, 1913, W. P. Kopf, the witness named in said stipulation, and Charles L. Powell, Esq., of Messrs. Mayer, Meyer, Austrian & Platt, appeared as counsel for complainant, and F. B. Ebbert, Esq., appeared as counsel for Kings Hill Irrigation & Power Company, Glenns Ferry Canal Company, Limited, and Kings Hill Extension Irrigation Company, Limited, defendants, and the said W. P. Kopf being by me first duly cautioned and sworn to testify the whole truth, and being carefully examined, deposed and said as appears by the deposition hereto annexed.

And I further certify that the said deposition was then and there reduced to shorthand notes by me, and afterward reduced to typewriting under my supervision, and thereafter subscribed by the witness, and that the same has been retained by me for the purpose of sealing up and directing the same to the Clerk of the Court, as required by law.

And I further certify that the reason why the said deposition was taken was that the said witness resides at Chicago, Illinois, more than one hundred miles from Boise, Idaho, the place where this cause is to be tried.

And I further certify that the several exhibits produced at the taking of said deposition and offered in evidence by counsel for complainant were each and all by me marked with their respective designations, as shown in the foregoing deposition, together with the day of the taking of this deposition, and together with my name, "E. A. Eulass, Notary Public," and each and all of said exhibits were then by the witness turned over to me to be returned as a part of the deposition, or to be copied, in order that copies thereof might be returned as a part of the deposition.

And I further certify that Exhibit D, hereto attached, is a true copy of Exhibits A, B and C, as produced and identified by the witness William P. Kopf, and that Exhibit H is a true copy of Exhibits E, F and G, as produced and identified by the witness William P. Kopf; and I certify that on the page immediately following Exhibit D, as herewith returned, appear true copies of the certificates of recordation and filing, as the same appear upon Exhibits A, B and C, respectively. I further certify that Exhibit I, hereto attached, is the original Exhibit I as produced and identified by the witness William P. Kopf; that Exhibit J, hereto attached, is the original Exhibit J, as produced and identified by the witness William P. Kopf; that Exhibit K-1, hereto attached, is a true copy of Exhibit K, as produced and identified by the witness, William P. Kopf; that Exhibit L-1 is a true copy of Exhibit L, as produced and identified by the witness, William P. Kopf; and that Exhibits M, N, O, P, Q, and R, as returned herewith,

are the original exhibits as produced and identified by the witness, William P. Kopf.

I further certify that I am not of counsel or attorney to either of the parties, nor am I interested in the event of this cause.

I further certify that the fee for taking said deposition, \$24.00, has been paid to me by the complainant, and the same is just and reasonable.

IN TESTIMONY WHEREOF, I have hereunto set my hand and official seal, at the City of Chicago, in the County of Cook and State of Illinois, this 16th day of September, A. D. 1913.

E. A. EULASS,

Notary Public in and for the County of Cook and State of Illinois.

TO KINGS HILL IRRIGATION & POWER COMPANY, a corporation organized and existing under and by virtue of the laws of the State of Nevada, and the maker of a certain deed of trust or mortgage, dated November 2nd, 1908, to The American Trust & Savings Bank (now named Continental and Commercial Trust and Savings Bank), as amended by instrument executed by Kings Hill Irrigation & Power Company under date of March 1st, 1909:

You are hereby notified that the undersigned, as Trustee under the mortgage or deed of trust from Kings Hill Irrigation & Power Company to The American Trust & Savings Bank (now named Continental and Commercial Trust and Savings Bank), as Trustee, as amended by instrument executed by said Kings Hill Irrigation & Power Company under date of March 1st, A. D. 1909, which said original trust deed or mortgage was dated November 2nd, 1908, has received a written notice and request from William J. Louderback, James E. Otis and Albert G. Lester, a Bondholders' Committee, who, as such Bondholders' Committee, claim to be the holders and owners of bonds now outstanding of said Kings Hill

Irrigation & Power Company, of the par value of \$281,800 of the issue of bonds secured by the aforementioned mortgage or deed of trust, as amended by said instrument of date March 1st, 1909, in and by which written notice and request, the said Committee, as the holders and owners of more than one-half of the bonds now outstanding under and secured by said mortgage or deed of trust, have declared the amount of the principal of all of the bonds now outstanding under and secured by said deed of trust, together with all the accrued and unpaid interest thereon, to be immediately due and payable, and have directed the undersigned, as Trustee, forthwith to declare the whole of the principal and interest of all of the bonds outstanding under and secured by said mortgage or deed of trust to be at once due and payable, and to proceed to foreclose the lien of the mortgage or deed of trust upon all of the real estate and personal property of the Kings Hill Irrigation & Power Company, including its irrigation and power system in any court of competent jurisdiction, and to take such other steps as the undersigned may be advised by their counsel as necessary and proper.

And you are further notified that the undersigned, as Trustee, has received a certificate of the Central Trust Company of Illinois, which certificate is deemed by the undersigned, as such Trustee, to be satisfactory, showing that at the time of the making of said request the said William J. Louderback, James E. Otis and Albert G. Lester had on deposit with said Central Trust Company of Illinois bonds

of the said Kings Hill Irrigation & Power Company of the face value of \$281,800, issued under and secured by said mortgage or deed of trust, and that the undersigned, as Trustee, believes the said request in writing and the said certificate to be genuine, and to have been respectively signed by the proper parties.

And you are further notified that the undersigned, as Trustee, as further evidence of the ownership by said William J. Louderback, James E. Otis and Albert G. Lester of said bonds of the face value of \$281,800, has received from said Central Trust Company of Illinois all of said bonds of the aggregate par value of \$281,800, and the same are now on deposit with the undersigned, as Trustee.

And it further appearing to the undersigned, as Trustee, that default has been made in the payment of the principal of such of the bonds secured to be paid by said trust deed, as matured on May 1st, A. D. 1911, and on May 1st, 1912, and in the payment of the installment of interest due and payable November 1st, 1911, and of the interest due and payable May 1st, 1912, and of the interest due and payable November 1st, 1912, on all the bonds secured as aforesaid, and now outstanding, and that such default in the payment of the principal and interest so due and payable has continued thence unremedied and that said defaults have continued for more than ninety (90) days.

NOW THEREFORE, the undersigned, as Trustee, in pursuance of the authority vested in it by the

said mortgage or deed of trust, executed by Kings Hill Irrigation & Power Company, under date of November 2, 1908, as amended by instrument executed by Kings Hill Irrigation & Power Company under date of March 1st, 1909, and in pursuance of the request and direction of the said persons believed by the undersigned to be the holders and owners of bonds secured by the said mortgage or deed of trust to the aggregate face par value of \$281,800, hereby elects to and does hereby declare the whole of the principal and interest of all of said bonds outstanding under and secured by said mortgage or deed of trust, dated November 2nd, 1908, as amended by instrument executed by said Kings Hill Irrigation & Power Company, under date of March 1st, 1909, to be at once due and payable, and hereby declares the whole of the principal and interest of said bonds to be so due and payable pursuant to every right and authority vested in it by the terms of said mortgage or deed of trust so far as the same are now applicable, whether herein enumerated or not.

IN WITNESS of all of which said Continental and Commercial Trust and Savings Bank (formerly named The American Trust & Savings Bank) has caused these presents to be executed by its Secretary thereunto duly authorized and has affixed its corporate seal all on this 20th day of December, 1912.

CONTINENTAL AND COMMERCIAL TRUST  
AND SAVINGS BANK.

By F. H. Harris, its Secretary.  
Boise, Idaho, December . . . ., 1912.

The receipt of the foregoing notice, together with copy thereof, is acknowledged at Boise, Idaho, this . . . . . day of December, 1912.

## REQUEST TO FORECLOSE AGAINST KINGS HILL IRRIGATION & POWER COMPANY.

Chicago, Illinois, December 13, 1912.

TO CONTINENTAL AND COMMERCIAL  
TRUST AND SAVINGS BANK,

(Formerly named The American Trust and Savings Bank) as Trustee under the first mortgage and deed of trust from the Kings Hill Irrigation & Power Company, dated November 2, 1908.

YOU ARE HEREBY NOTIFIED that the undersigned are the holders of bonds aggregating, at the par value thereof, the sum of *Two hundred eighty-one thousand eight hundred* dollars (\$281,800) of the Kings Hill Irrigation & Power Company, secured by a first mortgage and deed of trust to The American Trust and Savings Bank, Trustee, dated November 2, 1908, as amended by instrument executed by said Kings Hill Irrigation & Power Company, under and by virtue of a certain Security Holders' Agreement, dated October 28, A. D. 1911, a copy of which is hereto attached.

YOU ARE FURTHER NOTIFIED that said Kings Hill Irrigation & Power Company made various defaults in the covenants, promises and agreements in said bonds and trust deed contained, on its part to be kept and performed, including the following defaults:

1. In failing to pay the principal of such of the bonds secured to be paid by said trust deed, as matured May 1, A. D. 1911, and of such said bonds as matured on May 1, A. D. 1912, which defaults have continued until this time, said company being still in default in the payment of the principal of the bonds aforesaid.

2. In failing to deposit with you, as Trustee, moneys sufficient to pay the interest, or any part thereof, which matured November 1, 1911, on May 1, 1912, and on November 1, 1912, on all of the bonds secured as aforesaid and now outstanding, and in

failing to pay such interest the Company being still in default in the payment of such interest.

3. In failing to maintain contracts with you, as Trustee, the face value of the unmatured payments of which are equal to one hundred and fifty per cent. of the par value of the bonds outstanding and secured by the trust deed aforesaid.

4. In other respects failing to comply with the terms, covenants and conditions of said trust deed.

You are hereby directed on account of said defaults and each of them, to declare the principal of all bonds outstanding under and secured by said trust deed to be due and payable immediately, by notice in writing delivered to the said Kings Hill Irrigation & Power Company.

You are also hereby requested because of the defaults aforesaid, and each of them, to commence proceedings for the foreclosure of said trust deed and the bonds secured to be paid thereby in any court of competent jurisdiction, and to take such other steps as you may be advised by your counsel as necessary and proper.

We hereby offer to deposit with you Twenty-five Hundred Dollars (\$2500) in cash, and said bonds as indemnity to you against any costs, expenses and liabilities that may be incurred by you by reason of any steps or proceedings taken by you in pursuance of this request and direction.

KINGS HILL IRRIGATION & POWER  
COMPANY

FIRST MORTGAGE SIX PER CENT. GOLD  
BOND

SECURITY HOLDERS' AGREEMENT.

Dated October 28, 1911.

WESTERN TRUST AND SAVINGS  
BANK DEPOSITARY,  
Chicago, Illinois.

WILLIAM J. LOUDERBACK,  
JOSEPH E. OTIS,  
FRANK M. MURPHY,

Committee.

Address: Care Western Trust and Savings Bank.  
Defrees, Buckingham, Ritter, Campbell and Eaton,  
Chicago,

Counsel.

THIS AGREEMENT, made and entered into this 28th day of October, A. D. 1911, by and between the undersigned (hereinafter sometimes called and designated as "Depositors") as holders of certain of the first mortgage six (6) per cent gold bonds, of Kings Hill Irrigation & Power Company (a Nevada corporation), parties of the first part, and William J. Louderback, Joseph E. Otis and Frank Murphy (hereinafter and sometimes called and designated as the "Committee"), parties of the second part, WITNESSETH:

THAT WHEREAS, the said Kings Hill Irrigation & Power Company, by mortgage or deed of trust,

dated November 2, 1908 (which mortgage or deed of trust was amended by an indenture dated March 1, 1909), conveyed to The American Trust and Savings Bank (now Continental and Commercial Trust and Savings Bank), as Trustee, all of the irrigation system of the Irrigation Company, and the other property therein described and conveyed, and

WHEREAS, said mortgage or deed of trust as amended, was so executed and delivered by said Kings Hill Irrigation & Power Company, for the purpose of securing the payment of an authorized issue of \$500,000 of its first mortgage six (6) per cent. gold bonds, each dated the 2d day of November, A. D. 1908, maturing serially on the first day of May of each of the years 1911, to 1917, inclusive, and bearing interest at the rate of six (6) per cent. per annum, payable semi-annually on the first day of May and November, in each year, such interest being evidenced by interest coupons attached to said bonds; and

WHEREAS, there have been executed by said Kings Hill Irrigation & Power Company, certified by said Trustee, delivered to said Kings Hill Irrigation & Power Company, and thereafter negotiated and delivered by it, and there are now outstanding, of the authorized issue aforesaid, bonds, the principal sums of which aggregate \$358,400; and

WHEREAS, said Kings Hill Irrigation & Power Company has made, and is making, or about to make, default in the terms and provisions of its bonds, in-

terest coupons, and mortgage or deed of trust in that it has not paid \$40,000 par value of its bonds, which were due May 1, 1911, and are now outstanding and unpaid, in that it is not prepared to pay the interest coupons attached to the unmatured bonds and due November 1, 1911, and in that it has not performed and is not performing certain other obligations under said mortgage or deed of trust; and

WHEREAS, the undersigned holders of certain of the bonds aforesaid, secured to be paid by said mortgage or deed of trust, deem it proper and wise in view of the circumstances and premises aforesaid that steps should be taken to protect the interests of the undersigned, and wish to provide for a committee to represent them in the premises, and advise and direct the said Trustee from time to time;

NOW, THEREFORE, IN CONSIDERATION OF THE PREMISES and of the advantages which will accrue from a unity of interests and concert of action, the depositors have agreed and hereby do agree to and with each other, and with the Committee, as follows:

FIRST: William J. Louderback, Joseph E. Otis and Frank Murphy and their respective associates and successors hereunder, are hereby made and appointed a committee to act for such of the holders of said bonds as shall sign this instrument or a duplicate thereof, and deposit their bonds hereunder.

SECOND: Any holder of any of the first mortgage bonds aforesaid of said Kings Hill Irrigation

& Power Company may become a party to this agreement, as depositor, by subscribing his name hereto and writing opposite the same his postoffice address and the number of bonds owned by him, and by depositing, in negotiable form under the terms of this agreement, within such period as the Committee may, from time to time, limit for that purpose, with Western Trust and Savings Bank, hereinafter referred to as the Depositary, all of the first mortgage bonds aforesaid held by him, together with the coupons due November 1, 1911, and all subsequently maturing coupons.

This agreement shall become effective and binding as soon as the holders of a majority in amount of such of the bonds aforesaid as are outstanding shall have become parties hereto and deposited their bonds as hereinabove provided; Provided that in case the holders of not less than twenty-five (25) per cent in amount of such bonds shall become parties hereto, the Committee may, at its election, evidenced by a writing signed by a majority of its members and filed with the Depositary, declare this agreement effective, in which event it shall forthwith become and be effective and binding. After the 10th day of November, 1911, which date is agreed upon as the original limit for deposits hereunder, the Committee may in its own absolute descretion, permit or refuse to permit other bondholders to become parties hereto.

THIRD: Upon the return of this agreement, executed by any depositor, and the deposit of his bonds,

as hereinbefore provided, the Depositary shall issue to such depositor a transferable receipt or certificate for the bonds and coupons deposited, which receipt or certificate shall be in a form satisfactory to the Committee.

All such receipts and certificates of deposit shall be subject in all respects to this agreement, and the interests of the depositors therein shall be transferable only in such manner as the Depositary shall approve and after the payment of all the obligations hereunder of the party making such transfer. The acceptance of any transfer shall bind each and every transferee in all respects as if he were an original party to this agreement.

Neither the Committee, nor the Depositary shall be under any obligation whatever to recognize any but the registered holders as the owner or owners of, or entitled to any interest in or under, any of the receipts or certificates so, as aforesaid, to be issued by the Depositary.

FOURTH: In the event any receipt or certificate issued hereunder shall be or become mutilated, lost or destroyed, the Depositary in its discretion may cause to be executed, and delivered to the registered owner of such mutilated, lost or destroyed receipt or certificate, a new receipt or certificate of like tenor and effect, bearing the same serial number or numbers and date, in place of and substitution for such mutilated, lost or destroyed receipt or certificate; but the Depositary shall not be required to execute and deliver any such new receipt or certificate,

except upon the presentation of evidence satisfactory to it of the mutilation, loss or destruction of the original or originals of such receipt or certificate, and upon presentation of indemnity in the premises satisfactory to the Depositary. If such receipt or certificate shall have been mutilated, but not effectually destroyed, such mutilated receipt or certificate shall in that event be surrendered to the Depositary and cancelled as a condition precedent to the issue of a new receipt or certificate in place thereof, and every such duplicate receipt or certificate shall, before delivery thereof, have endorsed upon the face thereof a statement to the effect that the same is a duplicate receipt or certificate and is issued in place and lieu of the original thereof, alleged to have been mutilated, lost or destroyed.

FIFTH: The absolute title, legal and equitable, to all bonds and coupons deposited hereunder, is hereby transferred to and vested in the Committee, and its successors for the purposes hereof, and the Depositary shall deliver said bonds to or upon the written order or orders of the Committee; but the beneficial interest in the net proceeds only thereof (whether new bonds or other obligations, or shares of the capital stock of said Kings Hill Irrigation & Power Company, or the bonds, obligations or shares of the capital stock of any other or new company, or otherwise) shall follow and belong (but subject to the provisions hereof) to the holders from time to time, of the receipts or certificates aforesaid, in proportion to the bonds and coupons represented thereby.

The interest of each depositor hereunder is personally and only in the event of the death of any depositor his rights and interest hereunder shall pass to and vest in his executors or administrators and not in his heirs at law.

SIXTH: The Committee is hereby expressly authorized to exercise all the rights and privileges attendant upon the ownership of all bonds deposited hereunder, and, without in any way limiting its right to exercise any other such rights and privileges, it is expressly agreed that the Committee may act as the absolute owner of said bonds in performing each and every of the following acts:

(a) Attend and vote such bonds at any and all meetings of the bondholders of said Irrigation Company; (b) take and institute, or cause to be taken and instituted, any action or proceeding, legal or otherwise, which it may deem proper; (c) execute or cause to be executed any papers, give directions and make requests to said Trustee, or its solicitors, or to any receiver who may be appointed of said Irrigation Company, or to his attorney, or solicitor, or to any person; (d) demand, collect and receive all amounts, in property or money, which may be due or owing upon or in respect to the deposited bonds, whether for principal or interest or both, or otherwise; (e) consent to the issue of receiver's certificates having liens prior or subsequent to the lien of said bonds and said mortgage or deed of trust, or to the issue of other securities having such prior or subsequent lien; (f) extend the maturities of any

bonds or coupons deposited with them hereunder, and exchange such bonds and coupons for other securities; (g) elect that the bonds secured by said mortgage or deed of trust shall become, and execute a declaration that the same shall be, due and payable, forthwith, or at any other time; and deliver notice of any such declaration to the Irrigation Company and the Trustee, and withdraw and revoke any such election and declaration; (h) execute and deliver to the Trustee a request to declare the bonds secured by said mortgage or deed of trust due and payable, or to prosecute proceedings to foreclose said bonds and mortgage or deed of trust, and secure the appointment of a receiver, or to take any other action as such Trustee, and revoke and withdraw any such request or direction; (i) compromise, release or settle any or all of the claims or rights of the depositors hereunder; (j) obtain, provide and assure to the Trustee, or to any other person, out of the securities or other property held by them, or otherwise, indemnity for any expenses, obligations or liabilities, incurred by it or him in pursuance of any request of the Committee, or of any of the holders of said first mortgage bonds.

The Committee is further authorized to purchase, or cause to be purchased, in its behalf, or for its account, either before or after the adoption and approval of any plan or agreement of re-organization or re-adjustment, the property, or any part thereof, conveyed, assigned, transferred, pledged or held in trust (wholly or partly) to secure the payment of

the said bonds, or upon which said bonds, directly or indirectly, constitute a lien, whether such sale be in pursuance of the mortgage or deed of trust aforesaid, or subject to the lien thereof, or otherwise. Either prior or subsequent to such purchase the Committee is authorized to manage and operate, improve and repair, or provide for the management, operation, improvement or repairing of the property aforesaid or any part thereof; and it is further authorized to aid in the performance, with respect to said property, by said Kings Hill Irrigation & Power Company, or otherwise, of any contract or contracts with the United States or the State of Idaho, or any other public authority or private corporation or any person.

In case of any such purchase the Committee may use the deposited first mortgage gold bonds in payment (in whole or in part) of the purchase price, and may borrow money to aid in such purchase, upon security as hereinafter provided, or otherwise. The Committee may treat any property so obtained in all respects as it is authorized to treat the bonds deposited hereunder and may, in its absolute discretion, conduct or intervene in any proceeding affecting any such property.

In the event of a sale of the property securing the payment of the bonds aforesaid, and in the further event that the proceeds thereof shall not be sufficient to pay the entire amount, principal and interest, of all the bonds secured by the trust agreement aforesaid, the Committee is authorized to take such

action as in its sole judgment may be advisable for the recovery of any deficiency due on such bonds and interest, and, for that purpose, to attach and sell any property still owned by said Kings Hill Irrigation & Power Company.

SEVENTH: By signing this agreement, the Depositors, and each of them, agree with the Committee and with each other that they will at all times, and from time to time, promptly when and as called for by the Committee, pay to the Committee, or such person or bank as may be nominated in the call therefor, their pro-rata share of any sums which may be called for by the Committee for disbursement by it pursuant to the purposes contemplated by this agreement, including reimbursement to the Committee for all sums advanced by it or any of its members, or borrowed by it, for such disbursement; and further, that they will indemnify and save harmless the said Committee from all loss or liability for acts done and liabilities assumed pursuant to said purposes.

It is further expressly agreed that no default of any depositor shall release any other depositor from any of his obligations hereunder, and further that the Committee may in its discretion forfeit the rights of any depositor so in default, including the bonds deposited by him, and all moneys paid by him hereunder, or may take any action, legal or equitable, to compel such depositor to perform his obligations hereunder or to obtain damages for his failure to perform such obligations.

EIGHTH: In the event any depositor shall make default in any of his agreements herein, and any such default shall continue for thirty (30) days after the mailing to such depositor of any call or notice, then the Committee may (in addition to the remedy aforesaid) proceed to sell at public or private sale, all or any part of the interest of such depositor in the bonds so deposited and moneys paid by him and in the property given to secure the payment of such bonds, and to apply the proceeds of any such sale, first, to the payment of the expenses (including attorneys' fees) thereof, and then to the payment of the amount of the default of such depositor, and if there be any surplus of such proceeds the same shall be paid to such depositor. No notice of any such sale need be given to the depositor in default, but in the discretion of the Committee notice of such sale may be given by it, provided and on condition that the depositor shall have previously filed his postoffice address in writing with the Depositary.

NINTH: In the execution of each and several the rights, privileges, powers, and discretions hereby and herein conferred upon it, the members of the Committee shall exercise their own discretion and judgment, and the Depositors shall not, nor shall any one claiming by, through or under them, have any right to in any way govern or direct or interfere with the exercise of the Committee of any such rights, privileges, powers, or discretions.

TENTH: If, during the continuance hereof, any question shall arise, of policy or otherwise, which

the Committee may in its own absolute discretion, desire to submit to the Depositors, it may do so by calling a meeting of the holders of receipts or certificates issued hereunder, and the vote at any such meeting of a majority in interest of those present or represented by written proxy at such meeting shall, at the election of the Committee, but not otherwise, be binding upon all the Depositors and constitute and be full and complete authority to the Committee. No receipt-holder or depositor shall be entitled to any notice unless or until he shall have filed with the Depositary, prior to the original mailing of such notice, his full street address in writing.

ELEVENTH: All property purchased or acquired by or on behalf of, or deposited with or for the Committee, under the authority conferred by any of the provisions of this agreement, as well as the first mortgage gold bonds deposited under the terms hereof, and the obligations of Depositors hereunder, shall be charged with the payment of reasonable compensation to the Depositary and to the members of the Committee for services rendered, and expenses and obligations incurred hereunder, including as part of the expenses of the Committee, wherever such expenses are referred to in this agreement, all counsel fees, indebtedness, obligations and liabilities incurred by them, or any of them, in connection with this agreement, or any of the matters contemplated hereby, and including also the expense of the preparation of this agreement, and the maintenance of, and repairs and improvements upon any property in

which the Depositors, as such, are or shall be directly or indirectly interested; also all expenses and counsel fees incurred by said Continental and Commercial Trust and Savings Bank, Trustee, in connection with any foreclosure proceedings or otherwise, and by any receiver appointed in any such proceedings.

TWELFTH: The Committee shall have power, if and whenever in its sole judgment it shall become desirable, to prepare and adopt a plan or agreement for the reorganization and readjustment of the affairs of said Kings Hill Irrigation & Power Company, or for the creation of a new corporation for the purpose of taking over the property, or any part thereof, heretofore owned by said Company, or for such other readjustment of the affairs of said Kings Hill Irrigation & Power Company, as the Committee in its absolute Discretion shall determine; or it may approve any plan or agreement for such reorganization and readjustment, although not prepared by it. Such plan or agreement may be prepared or approved by the Committee and deposited by it with the Depositary either with or without the institution of any suit to foreclose the mortgage and deed of trust aforesaid, or before or after the sale of any of the property upon which said mortgage or deed of trust constitutes a lien, and may provide for the sale of the bonds deposited as aforesaid, or for the resale (for cash or on credit, or for property) of any property purchased by or acquired on behalf of the Committee, and the Committee is given full power

and authority to also provide, in its sole discretion, but not otherwise, for the recognition of the interests of all, or any number less than all, of the stockholders of said Kings Hill Irrigation & Power Company, or of its general creditors or other creditors having claims inferior or superior to those of the holders of its first mortgage bonds.

In pursuance of any such plan of reorganization or readjustment, the Committee may provide for the sale or distribution of any property, or stock, bonds, or other securities, which may come to its hands, of any corporation now existing or hereafter created, and may also provide for the appointment of directors, officers and managers to take charge of and conduct such reorganization or new company for such period as shall to the Committee seem necessary, and may cause themselves to be elected such officers and directors, officers and manager for their services, and for all expenses, obligations or liabilities incurred by them in connection therewith.

**THIRTEENTH:** Upon the adoption of any such plan of reorganization by the Committee, a copy thereof shall be filed with the Depositary, and thereupon a brief notice of the fact of such adoption and filing shall be prepared and mailed by the Committee to each of the Depositors, addressed to them at the addresses which they shall have written opposite their respective names in the execution of this agreement, or shall have thereafter, and prior to such mailing, given in writing to the Depositary; and the mailing of such notice shall be deemed to be, and shall be,

sufficient and conclusive notice to all depositors, as of the date of such mailing, of the preparation or approval and adoption of such plan or agreement by the Committee and of the filing of a copy thereof with the Depositary. Any depositor hereunder may, within thirty (30) days after the mailing of such notice, file with the Depositary notice in writing that such depositor dissents from such plan or agreement and specifying the reasons therefor. If, within such period of thirty days from the mailing of such notice, depositors entitled to not less than forty (40) per cent in amount of the deposited first mortgage gold bonds shall so file notice of dissent to any such plan or agreement so prepared and approved or adopted by the Committee, such plan or agreement shall not become effective, and the Committee may thereafter, from time to time, prepare or approve and adopt other plan or plans and give notice thereof as aforesaid. If such dissent by such holders of at least forty per cent in amount of the deposited first mortgage gold bonds shall not have been filed within the period and in the manner hereinbefore provided, such plan or agreement shall be binding on all the Depositors, their heirs, executors, administrators, successors, and assigns, all of whom shall be conclusively and finally deemed, for all purposes, to have assented thereto, whether they receive actual notice thereof or not, and shall be irrevocably bound and concluded by the same.

Thereupon the Committee shall be fully authorized to carry out such plan or agreement, and shall have

full power and authority to use, transfer or deliver, under or in accordance with such plan or agreement the deposited bonds and coupons, and all or any part of the property purchased or acquired by or on behalf of, or deposited with the Committee, as fully as though such plan or agreement was and had been expressly assented to by all the Depositors. The interest of the Depositors shall be such only as may be conferred by such plan or agreement, and shall be expressly subject to, and conditioned upon, compliance with the terms and conditions which such plan or agreement may impose as conditions of participation in the benefits thereof.

FOURTEENTH: No enumeration of special powers, or any of the provisions of this agreement, shall be construed to limit any grant of general powers to the Committee contained in or conferred by any of the provisions hereof.

FIFTEENTH: The Committee as at any time constituted, and notwithstanding any vacancy, shall have all the rights, powers, discretions, privileges, immunities and interest of the Committee as originally formed. The Committee may, from time to time, add to its number by electing by the concurring vote of a majority of all its members, as from time to time constituted an additional member or additional members, and the member or members so elected shall have all the powers of, and, together with those herein named, or their successors, shall constitute the Committee under this agreement, with like force and effect as if they were all

specifically named herein as parties of the second part. Any member of the Committee may resign by filing written notice of his resignation with the Depositary and whenever a vacancy shall occur in the Committee, by death, resignation, or increase in number or otherwise, such vacancy shall be filled and a successor shall be elected and appointed by the vote of, or by a written designation filed with the Depositary and executed by a majority of the remaining members of the Committee. Every person so appointed shall have and may exercise all power, discretion, right, privilege, immunity and authority under this agreement previously possessed by any member of the Committee, as hereby constituted, and to the same extent and effect as if he were herein named as one of the Committee.

SIXTEENTH: Neither the Depositary nor the Committee, nor any member thereof, shall be liable for any action taken, in good faith, in the belief that any first mortgage gold bond or other document or any signature, presented to or received by the Depositary, or by the Committee or by any member thereof, or by any agent, officer or representative of either the Depositary or the Committee, is genuine, or is in the hands of the party entitled thereto.

The Depositary and the Committee and its members shall be under no duty or obligation not affirmatively expressed, and assumed by them, in this agreement. They shall be responsible for reasonable diligence in the performance of their duties hereunder, and to that extent only. Said members and the

Depository shall be responsible only for the exercise of good faith in any action taken hereunder or in connection with the subject matter of this agreement; and they shall not, nor shall any of them, be liable for their errors of judgment, or for any error of judgment, misfeasance or nonfeasance of any other member of the Committee, or of any officer, agent, servant or employe selected with reasonable care by the Depository, or by the Committee or any of its members. Any loss or liability of the Depository or of the Committee, or any member thereof, not arising through bad faith, shall be conclusively deemed to be a part of the expense of the Depository or the Committee herein provided for.

SEVENTEENTH: The Committee may act by a majority of its members, either by vote at a meeting or in writing executed without a meeting, and any action taken by any one member of the Committee previously or subsequently authorized, ratified or approved by letter or telegram from one of the remaining members, shall be considered and shall be the action of the Committee. Any member of the Committee may vote or act by proxy or general power of attorney (who may be another member of the Committee or otherwise), and a vote or act of such proxy or attorney shall be as effective as the vote or act of such member. The Committee may limit or extend the time within which, and fix the conditions under which, deposits may be made under this agreement, and may impose penalties in respect to de-

posits received after such limit shall have expired, and, either generally or in special instances, may in its sole discretion accept deposits after any time limit has expired. The Committee shall have power to employ counsel, attorneys, engineers, accountants, experts, agents and employes as in its judgment shall or may be necessary or useful. Neither the Depositary nor the Committee, nor any of its members, shall be personally liable for any act or omission of any officer, agent or employe selected by it, or them, in good faith, nor for any error of judgment or mistake of law. No member of the Committee shall be liable for any act or acts of any other member, nor for anything but his own individual willful misconduct.

**EIGHTEENTH:** For the purpose of securing funds necessary to pay the expenses, liabilities and obligations of the Committee, or to pay liens, taxes, charges, assessments, or other impositions upon, or in respect to, or otherwise to protect, preserve or improve the property or any portion thereof, upon which said bonds or the trust deed by which they are secured, directly or indirectly, constitute a lien, or which may be at any time purchased or acquired by or on behalf of, or deposited with the Depositary or the Committee, or to make any improvements in said property, which the Committee shall consider necessary, or to pay the expense of maintaining the same, or to acquire any property represented thereby, either directly or indirectly, or to discharge or compromise and settle any prior liens, or any claims which

in the judgment of the Committee or its attorneys are or might become prior liens on any of the property aforesaid, or which might tend to decrease or affect the value of said property, or to pay expenses incurred, either before or after the execution of this instrument for any of the purposes aforesaid, or for any other purpose authorized by this agreement, the Committee may borrow money and pledge as security for the payment thereof this agreement and the obligations of the depositors hereunder, also the bonds and coupons deposited hereunder, and any other bonds and coupons at any other time subject hereto, and also any property purchased or acquired by or on behalf of, or deposited with the Depositary or the Committee under the authority conferred by any of the provisions of this agreement. The Committee may apply any sums which shall be collected or received by it to apply on the deposited bonds or coupons, or otherwise, to the payment of any sums so borrowed and to the payment of the expenses, obligations or liabilities aforesaid.

NINETEENTH: Any member of the Committee and any firm or corporation of which he may be a member, agent, employee or officer, or any one or more of them, or any of the officers or agents of either thereof, may be or become a depositor hereunder and pecuniarily interested in any property or matters which are or may become the subject of this agreement of reorganization or adjustment which the Committee may prepare or approve and adopt as herein provided; and may contract with the Com-

mittee, or may be a member of any other committee or syndicate which may contract with the Committee, or which may be formed, constituted or appointed in contemplation of or in connection with any plan or agreement of reorganization or readjustment of said Kings Hill Irrigation & Power Company, or its property.

TWENTIETH: The Depositors expressly agree that time is of the essence of their respective agreements to pay all moneys payable by them hereunder, and for the deposit of their bonds and the execution and return of this agreement, and that any signer hereto, or depositor of bonds hereunder who shall fail to pay any call on him, made by the Committee, within thirty (30) days after such call shall have been mailed to such depositor or within such extended time as the Committee may, by vote or by writing signed by at least a majority of its members, fix for the payment of said sums, shall have no rights under this agreement; and this agreement shall, in the discretion of the Committee, be, as to such person or persons failing to make any such payment within the time aforesaid, the same as if the signature of such person or persons had not been made hereto, or his or their bonds deposited hereunder.

TWENTY-FIRST: The Committee shall not, except at its own election and absolute discretion, be obligated (anything herein contained or implied to the contrary) to make any contract or incur any obligation whatsoever until or unless all funds suffi-

cient, in the judgment of the Committee, for the payment thereof and of all other obligations incurred, or that may be incurred by it, shall then be in its hands and subject to its absolute control for the purposes aforesaid.

**TWENTY-SECOND:** The Committee, by the execution and delivery of this agreement, is under no obligation, legal or equitable, express or implied, to any holder or owner of any of said first mortgage gold bonds, or other creditors or holders of the capital stock of said Kings Hill Irrigation & Power Company, or any person whosoever, other than the holders of certificates or receipts of deposit issued in pursuance of this agreement.

**TWENTY-THIRD:** If an amount of the outstanding first mortgage gold bonds of said Kings Hill Irrigation & Power Company, sufficient to comply with the requirements of paragraph second hereof, shall not be deposited hereunder by said 10th day of November, 1911, or such other date as shall be finally determined upon by the Committee, the Committee may declare this agreement terminated. In any event this agreement shall be terminated upon there being filed with the Depositary a written notice to that effect signed by the registered holders of three-fourths in amount of the bonds deposited hereunder, or it may be terminated by action of the Committee evidenced by a writing signed by a majority of its members and filed with the Depositary; but such termination shall not affect previous acts

or contracts of the Committee. This agreement shall not, however, be effectually terminated until all the expenses incurred by the Committee, including reasonable remuneration to its members and to the Depositary, shall have been paid. Upon the termination of this agreement, whether in pursuance of the provisions of this paragraph, or of a plant of reorganization, or otherwise, the Committee shall file with the Depositary the originals or duplicates of its accounts of receipts and disbursements, and shall mail to each of the Depositors, in so far as their addresses are appended hereto or filed in writing with the Depositary, notice of the filing of said account. If legal proceedings shall not be taken to impeach said accounts, within sixty days after the mailing of said notices, they shall, as against all parties interested therein, be conclusively presumed to be correct.

**TWENTY-FOURTH:** The Committee is hereby authorized to construe this agreement, and its construction of the same, made in good faith, shall be final, conclusive and binding upon the Depositors and upon the holders of all certificates of deposit. The Committee may supply defects and omissions herein or may make such modifications as in its judgment shall be expedient to carry out the same properly and effectively, and its judgment as to such expediency or necessity shall be final and conclusive. The Committee shall have power whenever in its sole judgment it shall be advisable, to amend this agreement.

All amendments shall be filed with the Depositary and copies thereof shall be mailed to the Depositors in the manner provided in paragraph Thirteen hereof for the mailing of notices. Any and every such amendment shall stand and be binding and effectual until and unless disapproved within thirty (30) days after such mailing, by the vote of a majority in interest of the Depositors. The verified certificate of the Secretary or other agent of the Committee as to the mailing of such copies to the Depositors shall be conclusive of the fact of such mailing.

TWENTY-FIFTH: Each of the bondholders assenting hereto and becoming a depositor and beneficiary hereunder shall sign this instrument, or a copy thereof, and as many copies as shall be signed by any or either of such bondholders shall together constitute one and the same instrument, as fully, to all intents and purposes, as if each had signed the same copy hereof, and all of said copies shall be deposited with the Depositary and by it delivered to the Committee. The depositing of bonds hereunder and the acceptance of the receipt or certificate of the Depositary for such bonds shall, at the election of the Committee, but not otherwise, have the same force and effect as if the owner or holder of said bonds had, in addition thereto, subscribed to this agreement.

In witness whereof, all members of the Committee have signed this agreement on the day and year

first above written, and the Depositors have signed this agreement and deposited their bonds.

KINGS HILL IRRIGATION & POWER  
COMPANY

FIRST MORTGAGE BONDS.

To the Central Trust Company of Illinois,  
Depositary,  
125 West Monroe Street,  
Chicago, Illinois.

Gentlemen:

The undersigned Committee appointed by the bondholders of the Kings Hill Irrigation & Power Company under and pursuant to the terms and provisions of the certain Security Holders' Agreement dated October 28, 1911, hereby amend said Agreement and declare said Agreement to be amended in the following particulars, to-wit:

1. By appointing the Central Trust Company of Illinois depositary of said bonds in the place and stead of the Western Trust and Savings Bank.

2. By causing to be inserted in said Security Holders' Agreement the name of the Central Trust Company of Illinois wherever in said Agreement the name Western Trust and Savings Bank appears.

3. By accepting the resignation of Mr. Frank M. Murphy as a member of the Committee and electing Mr. Albert G. Lester a member of the committee as successor to Mr. Murphy.

4. By inserting the name of Albert G. Lester in said Security Holders' Agreement wherever the name Frank M. Murphy appears.

5. By amending paragraph Seventh of the Security Holders' Agreement so that the same shall and does read as follows:

"Seventh: By signing this Agreement the depositors, and each of them, agree with the Committee and with each other that they will at all times, and from time to time, promptly when and as called for by the Committee, pay to the Committee, or such person or bank as may be nominated in the call thereof, their pro rata share of any sums up to, but not, in any event, in excess of, fifteen per cent, of the aggregate of the par values of the bonds deposited respectively by the several depositors, which may be called for by the Committee for disbursement by it pursuant to the purposes contemplated by this Agreement, including reimbursement to the Committee for all sums advanced by it or any of its members, or borrowed by it for such disbursement; and,

further, that they will indemnify and save harmless the said Committee to the extent aforesaid, from all loss or liability for acts done and liabilities incurred or assumed on account of said purpose; provided that no call or assessment in excess of five per cent. of the par value of the bonds so deposited shall be made at any one time and that not more than one such call or assessment shall be made during any one period of ninety successive days."

6. That said Agreement had originally read as now amended in the foregoing particulars.

And the undersigned, pursuant to the provisions of said Agreement, herewith file the said amendments with you, said Central Trust Company of Illinois, as depositary.

Dated, Chicago, Illinois, April 8, 1912.

JOSEPH E. OTIS,  
WILLIAM J. LOUDERBACK,  
ALBERT G. LESTER,  
Security Holders' Committee.

Chicago, Illinois, December 13, 1912.

THIS IS TO CERTIFY that on January 6, 1912, there was deposited with Western Trust and Savings Bank, written notice, signed by the remaining members of the Committee, of the election and appointment of Albert G. Lester to fill the vacancy in the Committee caused by the resignation of Frank M. Murphy.

IT IS HEREBY FURTHER CERTIFIED that on the 8th day of April, 1912, the original of the above instrument of amendment was filed with said Western Trust and Savings Bank.

CENTRAL TRUST COMPANY OF ILLINOIS.

Successor to Western Trust and Savings Bank,  
Depositary,

(Signed)

By W. T. Abbott,  
Vice President.

State of Illinois,  
County of Cook,—ss.

ALBERT G. LESTER, being first duly sworn, deposes and says that he did, on the 8th day of April, 1912, mail copies of a notice containing the foregoing amendments to all holders of record of receipts or certificates of deposit under the Security Holders' Agreement, dated October 28, 1911, and signed by Kings Hill Irrigation & Power Company, and that said notices were addressed to said holders at the addresses written opposite their respective names in the execution of said Agreement, except in so far as said holders have filed notices in writing with the Depositary giving other addresses, in which event such notices were mailed to such new addresses.

(Signed)

ALBERT G. LESTER.

Subscribed and sworn to before me this 13th day of December, 1912.

(Signed)

James M. Cleaver,  
Notary Public.

*In the Circuit Court of the United States of America,  
in and for the District of Idaho, Southern Division.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,  
Defendant.

### STIPULATION.

It is hereby stipulated and agreed by and between the above named plaintiff and defendant, by their respective attorneys, whose names are subscribed hereto, that the depositions of T. B. Garrison, William W. Greenwood, L. Murray Grant, L. A. Harding, Charles A. Paul, Arthur A. Anderson and L. F. Hawley, each and all of them residents at Seattle, State of Washington, witnesses on behalf of the plaintiff, may be taken before J. N. Ivey, Notary Public in and for the State of Washington, residing at Seattle, Washington, or before any other notary public in and for said state, residing at Seattle, Washington, on the 29th day of June, 1911, beginning at 10 o'clock A. M.; that such taking of depositions may be continued from day to day until completed, or may be adjourned by the notary public before whom said depositions shall be taken; that, when the depositions of the above named witnesses, or of such of them as shall be offered for such purpose, shall have been taken and subscribed by them, the notary before whom taken shall attach

thereto his certificate and shall enclose said depositions in a sealed envelope or envelopes and shall deposit the same in the postoffice, postage prepaid, addressed to A. L. Richardson, Clerk of the United States Court, Boise, Idaho.

That, upon receipt of said depositions by said clerk, the same may be immediately published without any order of court therefor and the said depositions, and each of them, or any part or portion thereof, may be introduced in evidence on behalf of either or both plaintiff and defendant.

All objections to want of notice or to the form of taking said depositions, or either of them, or certifying to the same, and any and every objection thereto, are hereby expressly waived, except only objections as to the competency, relevancy or materiality of the same, or of, any part or parts, portion or portions thereof.

It is further stipulated and agreed that the said parties hereinbefore named, and each and all of them, reside more than one hundred (100) miles from the place of trial herein and more than one hundred (100) miles from any place at which a Circuit Court of the United States for the District of Idaho is appointed to be held by law.

Dated, Boise, Idaho, June 12th, 1911.

N. M. RUICK,

Attorney for Plaintiff.

RICHARDS & HAGA,

Attorneys for Defendant.

## EXHIBIT A.

*In the Circuit Court of the United States of America,  
in and for the District of Idaho, Southern Division.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,

Defendant.

THIS IS TO CERTIFY: That in pursuance of the stipulation of the respective parties above named hereunto attached, I, J. N. Ivey, a Notary Public in and for the State of Washington, residing at Seattle, caused to appear before me at 10 o'clock A. M. June 29th, 1911, at the office of Kerr & McCord, 316 Mutual Life Building, Seattle, Washington, William W. Greenwood, L. A. Harding, L. Murray Grant, Charles A. Paul, Arthur A. Anderson, L. F. Hawley and T. B. Garrison, witnesses on behalf of the plaintiff named in the stipulation. J. A. Kerr, Esq., of Kerr & McCord, appeared as attorney for the plaintiff for the purpose of taking this deposition, and Robert Evans, Esq., appeared as attorney for the defendant.

T. B. Garrison, being first duly sworn as a witness on behalf of the plaintiff, testified as follows:

By Mr. Kerr:

Q. State your name, age, place of residence and occupation.

A. T. B. Garrison, age 49 years, residence Seattle, occupation, Manufacturer of water pipe.

Q. What relation do you sustain to the plaintiff, the Pacific Coast Pipe Company?

A. I am the president and General Manager.

At this time by mutual consent of counsel the taking of the deposition of the witnesses named in the stipulation was adjourned until 10:30 o'clock A. M. June 30th, 1911.

.....  
Notary Public.

On this 30th day of June, 1911, at the hour of eleven o'clock A. M. the taking of the testimony in the above entitled cause was resumed pursuant to adjournment. Mr. Garrison was withdrawn from the witness stand and L. M. Grant was duly sworn on behalf of the plaintiff and testified as follows:

By Mr. Kerr:

Q. Please state your name, age, residence and occupation.

A. L. M. Grant, 34 years of age, reside in Seattle, occupation Civil Engineer.

Q. What relation did you sustain in the years 1909-1910 and 1911 to the plaintiff, the Pacific Coast Pipe Company?

A. I was Chief Engineer of the Pacific Coast Pipe Company.

Q. Were you acquainted with George L. Swendsen?

A. Yes, sir.

Q. He was Chief Engineer of the Kings Hill Irrigation & Power Company?

A. Yes, sir.

Q. Was he the Chief Engineer of the Power Company during the time plaintiff was furnishing that Company certain pipe and material for the irrigation project that is referred to in the complaint in this action?

A. Yes, sir.

Q. About what time did your Company open negotiations for the sale of material sued for in the complaint with the defendant, Kings Hill Irrigation & Power Company?

A. Speaking from memory, without checking myself up, I think it was in March, 1909, when we first had negotiations and we carried them on continuously on down to the date of the last correspondence.

Q. Did you on behalf of the plaintiff visit the property upon which this pipe was to be used—the property of the defendant?

A. Yes, sir.

Q. How did you happen to visit their plant in Idaho?

A. I was on a certain trip, the date of which I cannot give without referring to the records and I have not got them with me, and I met Mr. Swend-

sen in Boise; learning from him that his brother, who was assistant engineer, was out on the project and at his invitation and by telephone appointment of Mr. Swendsen with his brother W. G. Swendsen, I met W. G. Swendsen on the project and drove over part of it.

Q. Did you visit that project with a view of supplying defendant with the necessary pipe and material for the construction of the irrigation system?

A. Yes, as a matter of fact at that time there was a part of this material being put in place.

Q. This same material or the old material?

A. The old material.

Q. Are you acquainted with and do you know the amount and character of the material that was furnished by the plaintiff to the defendant Kings Hill Irrigation & Power Company for use in the construction in the main canal and laterals and syphons referred to and described in paragraph three of the complaint?

A. Regarding the material we furnished—

Q. First, was it furnished for the construction of the canal, laterals and syphons referred to in paragraph three of the complaint?

A. In general it was, but I could not state that all of it was used just as covered there, because some of that pipe was used for pumping plants that are not set forth in there, although they are part of that project.

Q. The part of the material that went into the pumping plants was furnished by you to the defendant for the construction of the system down there, referred to in the complaint?

A. Yes, sir.

Q. To what extent did you personally, as Chief Engineer of the plaintiff, carry on the negotiations so far as the correspondence show, with the defendant?

A. I wrote all the letters with reference to the continuous stave pipe and also letters with reference to the banded pipe which required engineering knowledge.

Q. Are you acquainted with the actual material shipped and delivered to the defendant by the plaintiff for use in the system?

A. In general I am. I could not state that I saw absolutely every bit of it.

Q. I call your attention to certain papers and documents which I will mark defendant's Exhibit "A," being a general statement of account between the plaintiff and the defendant, showing a balance due the plaintiff of \$10,071.33 and certain receipted freight vouchers and a letter under date of November 15th, 1909, from the plaintiff to the defendant; a letter from the defendant to the plaintiff dated August 13th, 1909, and statement of account of material furnished under date of July 13, July 17, August 12, October 23, 1909, February 25, February

26, February 28, March 8, May 18, and July 2, 1910, and ask you to state whether these papers show correctly the amount of material furnished to the defendant by the plaintiff and the character of the material and the date when furnished?

A. They do.

Q. I call your attention to a package of papers commencing March 19th, 1909, and closing July 25th, 1910, consisting of original letters from the defendant or its Chief Engineer and your replies thereto and various telegrams passing between the parties, without encumbering the record by identifying these several letters and telegrams by date, and I will enclose them in this envelope and mark it Plaintiff's Exhibit "B" and ask you if this is the correspondence which passed between the parties in this suit with reference to the material furnished and which is the subject matter of this action?

A. It is.

Q. Where the initials W. W. G. appear on these typewritten letters, what does that indicate?

A. It indicates the letters were dictated by W. W. Greenwood, Sales Manager.

Q. And where the papers are initialed L. M. G. by whom were they dictated?

A. They were dictated by me.

Q. How many times, Mr. Grant, did you visit the works of the defendant from early in March, 1909, until July 2, 1910?

A. Do I understand by that the actual project or the office of the Chief Engineer?

Q. The office of the Chief Engineer.

A. I would say at least half dozen times.

Q. Do you know that from the date you commenced to furnish the material, July 13, 1909, until the last was furnished, the defendant was engaged in the construction of this system of theirs for which this material was furnished?

A. Yes, sir.

Q. How was the system constructed during the time this material was furnished, was it constructed as a unit or in sections, or did the work go on all over the system at once?

A. Well, naturally the construction work began at the head works, the attempt was to carry it on so as to get water on that portion nearest the head works first, but it might be termed a continuous construction.

Q. And now in Exhibit A that pipe of the various sizes was furnished from 57 inch pipe down, now where was the largest size pipe used with reference to their head works?

A. They were used at points where the main canal had to be carried across draws or ravines and were in the nature of a continuation of the canal.

Q. As I take it then the 57 inch pipe was used in the main canal?

A. Not being absolutely familiar with their map I could not say whether it was in the main canal or the principal laterals, it was either of the two.

Q. Was that used in the project in the main canal or main laterals from the head works outward?

A. Yes, sir, a link in that construction.

Q. Where was the smaller pipe used, the 12 inch, 20 inch, 43 inch, 24 inch, 2 inch?

A. It would be impossible for me to say precisely where it was used, nor could I say the exact purpose for which all of it was used, but in general it was stated to me that it was to be used on laterals and for certain small pumping plants which are a part of the main project and the purpose of which is to elevate the water to tracts of land that were above the main canal.

Q. Stated to you by whom?

A. By Mr. Swendsen, the Chief Engineer.

Q. Did your Company furnish all the pipe during the period covered by this account for that system being constructed by the defendant, or were they purchasing quantities of pipe from other people?

A. Insofar as I know I think we furnished all the pipe.

Q. This plaintiff had furnished, prior to the furnishing of the material that is here in controversy, to this defendant large quantities of pipe, had it not?

A. Yes, sir.

Q. And had been paid for it?

A. Yes, sir.

Q. And it was used as part of the system?

A. Yes, sir.

Q. Did the plaintiff Company furnish the pipe and material for the construction of their entire system?

A. No, sir. The system across the Snake River, the first work on the line, was furnished by another Company, but it was not altogether satisfactory and the rest of it was given to us.

Q. And with that exception the plaintiff furnished the pipe referred to in Exhibit "a"?

A. All of it to the best of my knowledge.

Q. Do you know about how long they engaged in the construction of the system?

A. Well, there is work still being done on it; that would be to the best of my knowledge from 1909 down to date.

Q. What was the occasion of your various visits to the Chief Engineer?

A. In general the visits were made by appointment with the Chief Engineer to discuss with him in regard to his requirements in the way of large pipe.

Q. In the construction of the system did they re-

quire the various sizes set forth in Exhibit A and that they purchased from your Company?

A. Yes, sir.

Q. At the time the plaintiff began the sale and delivery to them of the pipe was it possible to have figured out the entire amount of pipe that would be required in the various places, or did that develop as the work progressed and the system was extended?

Defendant objects to the question.

A. I think on any large irrigation system the requirements are only finally determined as the work is carried to completion.

Q. At the time your Company sold them this material, was there or was there not any understanding that you were to furnish the material required?

Defendant objects unless shown in writing.

A. There was an understanding of this nature with the Chief Engineer; That he preferred our material and as long as our prices were right, we would get the business.

Q. And it was in pursuance of that understanding that this material was furnished?

A. Yes, sir.

Q. On your several visits to the Chief Engineer was the question of size and character of material furnished discussed? Was that the occasion of your visits?

A. Quite generally, of course. At times when I was passing through Boise I called to see him, just to make a business call, but on the occasion of these special appointments we discussed the size and nature of the pipe.

### CROSS EXAMINATION.

BY MR. EVANS:

Q. You speak about the agreement made with the Chief Engineer; was that with Mr. Swendsen?

A. Yes, I would not be quoted that this was an agreement, I would rather say that it was an understanding.

Q. It was not in writing?

A. No, just a conversation.

Q. At that time you did not know that they would purchase any special quantity?

A. Not any specific amount, no. We knew they would need large quantities.

Q. The price was not agreed on?

A. We agreed that our prices were to be right. It was impossible to agree on prices until we knew the size pipe required.

Q. There was no price fixed on any size at that time?

A. No, only as they were ready to order.

Q. And the size was not agreed upon or fixed?

A. No, only as they were ready to order.

Q. And the orders came in subsequent to that date?

A. Yes, sir.

Q. In other words the understanding with you and the Chief Engineer was that if your prices were right and they saw fit to order from you they would do so and you would fill the order?

A. Yes, sir.

Q. And all orders were subsequently filled in response to telegrams, not letters?

A. I think without exception at this time this method of doing business was carried out; while in Boise Mr. Swendsen, the Chief Engineer, would give me a verbal order and follow with a confirmation by letter.

Q. So that any orders given subsequently were followed out by a written confirmation?

A. I believe so.

Q. Now, you do not know of your own knowledge the description of the property upon which any part or portion of this pipe was used or applied?

A. Well, as an Engineer I could not say I knew that unless I checked up the corners. I simply know we have a map put out by Kings Hill Irrigation & Power Company showing their project and this pipe was used on the land set forth in their map.

Q. Do you know that of your own knowledge aside from seeing the map?

A. Not of all the material, no.

Q. You say a larger size of pipe is used on the mains or laterals, as I understand it you are reasoning about it as an Engineer that the larger parts were used up close to the head works?

A. I have seen the location of the syphons and the main pipe and the plans in Mr. Swendsen's office showing that they are in the main canal and they were designated in that shape by numbers from the head works.

Q. Did you ever see the pipe laid in the particular position as you have indicated on the ground itself?

A. Not this pipe.

Q. You sold a large quantity of pipe prior to this, to this Company?

A. Yes, sir.

Q. Was that all paid for?

A. Yes, sir.

Q. All laid on the ground and in use at the time of your visit referred to?

A. That I cannot say without consulting the records at the office.

Q. Now, the letters that have been put in under Exhibit "B", do they constitute all the letters, telegrams and orders received by you from the defendant Company?

A. I would go just as far as Mr. Garrison in his

testimony, all unless some have been mixed in other files.

Q. It is possible on account of the three different files being mixed up that some might have been overlooked?

A. It is possible, yes.

Q. You would not say these are all?

A. No, sir.

Q. These are what you found in your office on coming down this morning?

A. Yes, sir.

Q. To make the point clear, your Company did not consider itself obliged to furnish any particular quantity of pipe to the defendant until the orders contained in these letters were received and you agreed to fill them from time to time?

A. Decidedly we would not feel obliged to furnish pipe that had not been ordered.

Q. You will say then, as I understand it, that there was no connection at all between the different shipments. They were separate individual transactions?

A. As a business transaction, yes.

Q. They were separate shipments, separate orders and prices were fixed separately at each time?

A. On each general order, not necessarily each shipment. There were often several shipments in one order.

Q. You speak about this being a continuous construction, your statement in that respect is only your reasoning as an Engineer, is it?

A. No, I think I could testify as a matter of personal knowledge. I was on the works there this spring.

Q. You have not been there at all times?

A. No, not at all times, but I know that certain contractors have been there and had their equipment on the ground continuously.

Q. You don't know of your own knowledge that you have furnished all the pipe that went into the system?

A. No, I could not testify to that unless I examined it and had it identified.

Q. So at this time you don't know of your own knowledge?

A. No, sir.

Mr. Garrison recalled:

By MR. KERR.

Q. Mr. Garrison, you are claiming in this action aside from attorney's fees and interest, \$10,071.33, a balance shown to be due you by your Exhibit "a".

A. Yes, sir.

Q. There seems to be no controversy over the value of that material under the pleadings?

A. No, sir.

Q. Did your Company furnish the materials at the times specified in Exhibit "a"?

A. Yes, sir.

Q. I will ask you whether Exhibit "B", the package of correspondence referred to by the witness, Mr. Grant, contains all the letters, telegrams and communications bearing upon the furnishing of this material by you and the character of the contract for furnishing it?

A. No, sir.

Q. Well, it contains the correspondence necessary to enable the court to determine the character of the contract itself?

Defendant objects as calling for the conclusion of the witness.

A. There might be an order left out.

Q. What I want to get at is this, have you carefully examined your files for the purpose of getting all the correspondence passing between the plaintiff and the defendant having any bearing on this controversy?

A. Yes, sir.

Q. And does this Exhibit A contain those letters and communications in writing?

A. Yes, sir.

Q. If there are any others they are not in your files?

A. Or I have overlooked them?

Q. How carefully have you examined them?

A. Mr. Harding looked through and I looked through a portion myself and as far as I can tell we have everything necessary to prove the account.

Q. If you discover any letters or communications in writing passing between the plaintiff and the defendant before this case comes up or at any time you are ready and willing to supply them, if they are in your possession?

A. Yes, sir.

Q. And this Exhibit B contains the correspondence that actually passed between your Company and the defendant?

A. Yes, sir.

Q. Has any part of this \$10,071.33 been paid to you by the defendant?

A. No, sir.

Q. And it is all due?

A. Yes, sir.

Q. Does this Exhibit "A" contain what purports to be duplicates of the original bills for the material furnished to the defendant, together with the statements; are they true and correct copies of the original statements made at the time by the defendant?

A. Yes, sir.

Q. And upon the same letter heads?

A. Yes, sir.

Q. Containing the same terms with reference to interest?

A. Yes, sir.

Q. Has any other firm to your knowledge supplied any part of the material for the defendant Power Company's system of irrigation?

A. Not to my knowledge.

Q. And did your Company furnish from time to time the material for the construction of this system as ordered by the defendant?

A. Yes, sir.

Q. And you continued up until the date of the last item specified?

A. Yes, sir, we carried it as an open account and let them order from time to time.

Q. I find in this Exhibit A one cash item for \$169.88. Did the defendant pay you on account of the purchase of this material any other cash than that?

A. No, sir.

Q. That was the only cash payment?

A. Yes, sir.

Q. There is no dispute between you as to the freight?

A. No, sir.

Q. And these credits for freight are proper credits?

A. Yes, sir, the freight bills that they have paid and sent to us from time to time as material was delivered.

Q. This correspondence has been in the possession of your company since received?

A. Yes, sir.

Q. And is in the same condition as when received?

A. Yes, sir.

#### CROSS EXAMINATION.

By MR. EVANS.

Q. I want to ask you Mr. Garrison about the practice, they would send you an order and you sent back an acceptance for that prior to shipment?

A. Yes, we endeavored to acknowledge all orders that we get.

Q. And the correspondence shows that you did acknowledge all orders received by you from the defendant Company?

A. Yes, sir, it is supposed to be there unless it is in our files and has been overlooked and if overlooked we would be glad to furnish it.

Q. I will ask you to make a thorough search and bring in any other correspondence you may find so that we can attach it.

A. Yes, sir, I will do that.

Q. The acceptance of the order always preceded the shipping and invoice of all goods shipped?

A. Yes, sir.

Q. You sent out the invoice at the time of loading the cars?

A. Yes, sir, naturally.

Q. Supposing they would be paid in thirty days?

A. Yes, sir.

Q. Now, as stated by Mr. Grant, there was no contract made by you before any goods were shipped to the effect that you were to ship these people any special price?

A. Quotations were made on the material when forwarded.

Q. Quotations were made from time to time as they were forwarded?

A. Yes, sir.

Q. There was no agreement prior to any of these shipments that you were to ship certain quantities at stated prices?

A. No agreement except that contained in the proposition and accepted in the order.

Q. Each order was a separate agreement from the other.

A. Yes.

## RE-DIRECT EXAMINATION.

Q. All of these bills for material were due thirty days after date, were they not?

A. Yes, sir.

Q. And in your dealings with these people from July 15th, 1909, until July 2d, 1910, the only payment received on account was the one to which I called your attention?

A. Yes, sir.

Q. And you continued to deliver goods?

A. Yes, sir.

Q. You treated the whole account as an open, running account?

A. Yes, sir.

Q. And you charged them on your books with material?

A. Yes, sir.

## CROSS-EXAMINATION.

Q. Did you send a statement covering the goods shipped?

A. Yes, sir.

Q. And did you send statements at the end of the month?

A. Yes, I suppose so. Statements go out the first of every month.

DIRECT EXAMINATION.

Q. When they sent you this \$169 did they request you to apply it on any particular shipment?

A. No—they might have had a letter saying a certain invoice.

At the time the list of witnesses was sent to the attorney for the plaintiff at Boise, Idaho, the plaintiffs representative here had no knowledge of the nature of the issues made in this case and had inserted into the stipulation to take the testimony the names of W. W. Greenwood, L. A. Harding, Charles A. Paul, Arthur A. Anderson and L. F. Hawley, the testimony of each of whom in the light of the issues is now deemed unnecessary, the said witnesses being witnesses whose testimony was to have been taken for the purpose of showing shipment and delivery. The amount of plaintiff's claim being admitted by the answer, plaintiff waives the taking of their testimony.

State of Washington,  
County of King,—ss.

I, J. N. IVEY, a Notary Public in and for the County of King, State of Washington, do hereby certify that the witnesses T. B. Garrison and L. M. Grant, in the foregoing deposition named, were by me duly sworn to testify the truth, the whole truth, and nothing but the truth, in said cause; that said deposition was taken at the time and place mentioned in the annexed stipulation, to-wit, at the office of Kerr & McCord, 316 Mutual Life Building,

Seattle, King County, Washington, and on the 29th day of June, 1911, between the hours of nine o'clock a. m. and six o'clock p. m., of said day, and continued on the 30th day of June, 1911, between the hours of nine o'clock a. m. and six o'clock p. m., of said day; that said depositions were reduced to writing and when completed were carefully read over by the said witnesses and being by them corrected were by each of them subscribed in my presence.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this 1st day of July, A. D. 1911.

(Seal)

J. N. IVEY,

Notary Public in and for the State of Washington,  
residing at Seattle.

Notary fees, \$15.00.

*In the Circuit Court of the United States of America  
in and for the District of Idaho, Southern Division.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,

Defendant,

### STIPULATION.

In the above entitled cause, it is hereby stipulated by and between the attorneys for the respective part-

ies, plaintiff and defendant, that the depositions of such persons as may be offered as witnesses both on behalf of plaintiff and defendant may be taken before James L. White, as examiner, appointed or to be appointed for that purpose, on the 7th day of July, 1911, beginning at 10 o'clock A. M. on said day; that the taking of said testimony may be continued from day to day or may be adjourned from time to time, the testimony to be taken pursuant to the rules of said court, except insofar as a compliance with said rules shall, with the sanction of the court, have been waived by this stipulation.

And it is further stipulated that all objections to the form and manner of taking or certifying the said testimony, or to a noncompliance with the rules of said court relating thereto, are, so far as the same may, with the permission of the court, be waived, hereby expressly waived, and the said testimony so taken may be received in evidence on behalf of either party to said action, subject only to objections to the competency, relevancy and materiality of the same, which objections shall be noted by the examiner when made and may be renewed at the hearing or trial of said cause.

Dated, Boise, Idaho, June 12th, 1911.

N. M. RUICK,

Attorney for Plaintiff,

RICHARDS & HAGA,

Attorneys for Defendant.

## EXHIBIT B.

*In the Circuit Court of the United States of America,  
in and for the District of Idaho, Southern Division.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,  
Defendant.

## DEPOSITIONS.

I hereby certify that, pursuant to a stipulation of the parties, plaintiff and defendant, in the above entitled action, which stipulation is hereunto attached, I, James L. White, a notary public in and for Ada County, State of Idaho, caused to appear before me at my office, Room No. 603 Idaho Building, Boise, Idaho, at 10:00 A. M., July 7, 1911, the witnesses hereinafter in these depositions severally named, as witnesses on behalf of plaintiff, and no witnesses appearing on behalf of defendant; that at the taking of said depositions, N. M. Ruick, Esq., appeared as attorney for plaintiff, and Richards & Haga appeared as attorneys for defendant.

Heber Q. Hale, being first duly sworn as a witness on behalf of plaintiff, testified as follows:

## DIRECT EXAMINATION BY MR. RUICK.

Q. State your name, age and residence.

A. Heber Q. Hale, age 31, residence, Boise, Idaho.

Q. What official position, if any, do you now hold with the State of Idaho?

A. I am the chief clerk of the State Land Department of Idaho.

Q. You mean by that, chief clerk in the office of the State Board of Land Commissioners of the State of Idaho?

A. I do.

Q. As such, have you in your custody the contract between the Kings Hill Irrigation & Power Company and the State of Idaho, bearing date May 1, 1908, for the construction of an irrigation system under the provisions of the Carey Act?

A. Yes, sir.

(Contract produced and received in evidence, without objection, and marked Plaintiff's Exhibit "1".)

It is hereby stipulated by and between counsel for plaintiff and defendant, respectively, that the certified copy of the contract referred to, of date May 1, 1908, annexed to the deposition in the case now pending in the above entitled court, entitled, "Pacific Coast Pipe Company, a corporation, plaintiff, vs. Kings Hill Irrigation & Power Company, a corporation, defendant," may be considered as attached to and forming a part of these depositions, and may be used with the same force and effect as if attached hereto.

No cross examination.

By agreement, hearing adjourned until 10:00 o'clock A. M. July 8, 1911.

10:00 o'clock A. M., July 8, 1911. Hearing resumed. Heber Q. Hale recalled for further examination.

DIRECT EXAMINATION BY MR. RUICK.

Q. Mr. Hale, have you in your custody, as Chief Clerk in the office of the State Board of Land Commissioners, the map of the Kings Hill Irrigation & Power Company's Carey Act irrigation project?

A. Yes, sir, I have.

(Witness produces blue-print map.)

Mr. Ruick.

We now offer this map in evidence. Received without objection as Plaintiff's Exhibit "2." By agreement, a certified copy or tracing of this map may be substituted for the original.

No cross examination, whereupon the examination of said witness was concluded.

W. H. Puckett, called as a witness on behalf of plaintiff, being first duly sworn, testified as follows:

DIRECT EXAMINATION BY MR. RUICK.

Q. Mr. Puckett, you are regularly admitted to practice as an attorney before the Supreme Court of the State of Idaho?

A. Yes, sir.

Q. How long since you were admitted to practice?

A. About twenty years.

Q. Have you been continuously engaged in the practice of your profession since that time ?

A. I have.

Q. You consider yourself competent to testify as to the value of services as attorney?

A. I do.

Q. In the case of a suit in the United States Circuit Court to foreclose a material men's lien, the amount claimed is \$12,000 and upwards, which sum is conceded to be due. The right to a lien for all or a portion of this amount is contested, as are other points in the case. In other words, it is a contested case, and not a default case. What, in your judgment, would be a reasonable attorney fee to the attorney for the plaintiff in such foreclosure suit?

A. Both suits growing out of the same transaction—this suit and the other one?

Q. No, they relate to separate matters.

A. Would the same legal proposition be raised in both suits?

Q. No, the legal propositions differ in the two cases.

A. I would say about \$1000.00.

## CROSS EXAMINATION BY MR. HAGA.

Q. If the amount recovered should be considerably less than \$12,000, should the fee, in your opinion, be less than what you stated?

A. No, the work has been done whether you win or lose.

Q. So if the recovery should be \$1,000 the fee should be the same, in your opinion, as though the recovery should be \$12,000 or upward?

A. The fee would be the same, because the work is the same. You can't anticipate what your recovery will be, unless you take it upon a percentage basis.

C. C. Cavanah, a witness called on behalf of plaintiff, being first duly sworn, testified as follows:

## DIRECT EXAMINATION BY MR. RUICK.

Q. You are an attorney regularly admitted to practice before the Supreme Court of this State?

A. I am.

Q. How many years' practice have you had in Idaho?

A. About fourteen years.

Q. Have you been engaged continuously in the practice of your profession in Idaho during that period?

A. I have.

Q. You consider yourself competent to testify as to the value of services rendered by an attorney?

A. Yes, sir, I think so.

Q. In the case of a suit pending in the Circuit Court of the United States for the foreclosure of a material men's lien wherein the sum claimed is \$12,000 and upwards, which sum is admitted by the pleadings to be due, but the right to a lien is contested, as are other points in the case, requiring the taking of depositions here and elsewhere, what, in your judgment, would be a reasonable fee to the attorney for the plaintiff in such an action?

A. Well, I should think \$1,000.

Q. You would regard that fee as reasonable?

A. Yes, sir.

#### CROSS EXAMINATION BY MR. HAGA.

Q. Would the amount recovered in the suit in any way vary your estimate of the value of the services? That is to say, if the lien should be recovered for \$4,000 and no lien for the balance of the claim, would that vary your opinion as to the matter?

A. No, I think not. I take the same view as Mr. Puckett—I would base it upon the work involved. That is the idea I have always entertained in these matters. Of course, it is hard to say just what the amount should be.

Q. That is to say, the amount that the defendant should pay in the case I have just stated, would

be the amount the plaintiff should be liable for to its attorney? That is to say, if the lien is recovered for only \$1,000, the defendant should not be required to pay the same amount as attorney's fee as if the lien had been recovered for the full amount?

A. I do not quite catch your idea.

Q. Your estimate was the sum that plaintiff should pay his attorney for his services, and not the amount the defendant should be liable for as reimbursement in the event the lien was for only a small portion of the amount claimed?

A. No, my idea is that the sum of \$1,000 would be a reasonable compensation to the plaintiff's attorney in the action related by Mr. Ruick. It doesn't make any difference to me whether the defendant or plaintiff paid it, I consider that a reasonable sum for the services rendered.

Q. You are basing that wholly independent of whether it is paid by the defendant or by the plaintiff?

A. Yes, sir, it doesn't make any difference who paid it, I consider that a reasonable fee to the attorney for plaintiff in the case.

Geo. L. Swendsen, a witness called on behalf of plaintiff, being first duly sworn, testified as follows:

DIRECT EXAMINATION BY MR. RUICK.

Q. What is your profession, Mr. Swendsen?

A. Civil Engineer.

Q. How many years' practice have you had in your profession?

A. Sixteen years.

Q. Were you the Chief Engineer of the Kings Hill Irrigation & Power Company, a corporation engaged in the construction of an irrigation system under the provisions of what is known as the Carey Act, and under a contract with the State of Idaho?

A. Yes, sir.

Q. When did your services with them in that capacity begin—about?

A. April 1st, 1908.

Q. And have you continued in that capacity up to the present time?

A. No, sir.

Q. When did that relation cease?

A. About the end of 1910.

Q. Then you were such engineer from April 1st, 1908, continuously up until the latter part of 1910?

A. No, I should not say continuously. My continued services ended sometime in August or September, 1909, with the Kings Hill Irrigation & Power Company, but I was engaged in various matters for them until about the date stated.

Q. Then your relations as engineer for them continued; in other words, you were consulted in matters?

A. Yes, sir.

Q. As such Chief Engineer, did you have general charge and supervision of the planning and construction of the irrigation system of that company?

A. Yes, sir.

Q. Who were associated with you in that capacity, or under you as engineer?

A. W. G. Swendsen, W. A. Alexander and Harry Cole; those were the three principal men.

Q. During what season was most of the work on the Kings Hill Irrigation & Power Company's project done?

A. 1908 and 1909.

Q. Do you recall the purchase or the ordering by that company, through yourself as Chief Engineer or otherwise, from the Pacific Coast Pipe Company, of Seattle and Ballard, Washington, of certain material to be used in the construction of this system?

A. Yes, sir, I remember they furnished the materials.

Q. Do you recall whether or not they were principally ordered through you, or by you, as the Chief Engineer?

A. I am not sure whether I ordered the majority of them, or whether the orders were sent to the Boise office and transmitted by Mr. Cunningham.

Q. Who prepared the plans and specifications forming the basis of these orders given the Pacific Coast Pipe Company?

A. I did.

Q. Mr. Swendsen, you have knowledge of all the materials which were supplied by the Pacific Coast Pipe Company to the Kings Hill Irrigation & Power Company?

A. Yes, sir.

Q. And the Pipe Company furnished to the Irrigation Company invoices, did they not, of those different shipments?

A. Yes, sir.

Q. And I believe there is no dispute so far as you know, between the Pacific Coast Pipe Company and King's Hill Irrigation & Power Company, the materials which were actually furnished and supplied?

A. I could not answer that definitely, because I do not know what their arguments are about.

Q. Mr. Swendsen, were the materials which were ordered by the Kings Hill Irrigation & Power Company of the Pacific Coast Pipe Company ordered for, and were the same to be used in, the construction of its irrigation system?

A. Yes, sir.

Q. The Kings Hill Irrigation & Power Company did not order of the Pacific Coast Pipe Company

any materials which were not for use in the construction of its irrigation system, so far as you know?

A. Not to my knowledge.

Q. If any materials were ordered, or if different materials were ordered, by the Kings Hill Irrigation & Power Company so far as you have any knowledge, and particularly those which were ordered by you on behalf of the Company, they were all for use in the construction of this irrigation system?

A. With one small exception—a pipe ordered for an individual, which pipe came through the Kings Hill Company, which comes to my memory, but was a very small item.

Q. And these materials were ordered to be used in the construction of that system?

A. Yes, sir.

Q. And they were actually used in that construction?

A. Yes, sir.

Q. And were these materials, or identical materials, essential to the completion of the system, Mr. Swendsen?

A. Yes, sir.

Q. These materials were ordered in order to fill specifications, were they not?

A. Yes, sir.

Q. Now, respecting the item of interest on invoices, are you familiar with the invoices that were rendered by the Pacific Coast Pipe Company—with the different shipments and the terms?

A. No, sir; I only had to do with quantities and qualities.

Q. Have you seen their invoices?

A. Yes, sir.

Q. Do you recall that all invoices of the Pacific Coast Pipe Company which were rendered to the Kings Hill Irrigation & Power Company specified that interest should run at the rate of eight per cent per annum after thirty days?

A. No, sir, I do not recall that feature at all. It may be there.

Q. About when did construction begin on this project of the Kings Hill Irrigation & Power Company?

A. In April, 1908.

Q. The materials in question in this suit, Mr. Swendsen, were furnished between some date in December, 1909, and some date in June, 1910. During that period, was construction work going on on the project?

A. It was in July, 1909.

Q. This material which was furnished by the Pacific Coast Pipe Company for the Kings Hill Irrigation & Power Company was put in place in the

system upon its arrival or within a reasonable time thereafter, was it not?

A. Yes, sir.

Q. In other words, it was usually required as soon as it got there?

A. With one slight exception—there is some that is not yet in place.

Q. Attached to the depositions of Garrison and Grant, and possibly others, in this case is a quantity of correspondence signed “Kings Hill Irrigation & Power Company,” in one form or another, “By Geo. L. Swendsen, Chief Engineer.” Are you the individual referred to there, Mr. Swendsen?

A. Yes, sir.

Q. You recall conducting quite an extensive correspondence with the Pacific Coast Pipe Company in relation to this material?

A. Yes, sir.

#### CROSS EXAMINATION BY MR. HAGA.

Q. And was the main canal completed before December 28th, 1909?

A. Yes, sir.

Q. The Company had furnished water for irrigation during at least a part of the season of 1909, had it not?

A. Yes, sir.

Q. Then the construction work done after December 28th, 1909, would be confined to branch canals, laterals, service ditches, etc?

A. Yes, sir, it was confined exclusively to two branches.

Q. What branches were they?

A. The branch going to King Hill and the pumping system at Tuana Gulch.

Q. The irrigation system, without those two branches which you have spoken of on which this material was used, could serve quite a large acreage of land, could it not?

A. Yes, sir.

Q. And, as a matter of fact, it does serve quite a large acreage—quite an acreage depending upon those two canals?

A. Yes, sir.

Q. In ordering material, Mr. Swendsen, or before ordering material, were prices quoted by the plaintiff in this case, or were prices requested by you?

A. Yes, sir, on all the pipe prices were requested.

Q. And they furnished prices at which they should supply pipe or material?

A. Yes, sir.

Q. In doing so, was anything said about interest?

A. No, sir, nothing said to me about it.

Q. In their quotation of prices, was anything said about interest?

A. No, sir.

Q. Their engineer, Mr. Grant, conferred with you several times in person, I believe, in relation to the material you would be using down there?

A. Yes, sir.

Q. Did he ever refer to interest?

A. No, sir.

Q. I believe there is no contract for the furnishing of this material covering the whole amount furnished?

A. Not to my knowledge.

Q. The orders were made as you discovered from time to time that you needed pipe, or the material which they could furnish?

A. Yes, sir.

Q. Whatever contracts there were consisted of the orders which were from time to time made for material?

A. No, sir, I should say that that consisted of all quotations which were sent here and considered by myself in connection with Mr. Hammett, together with the orders made.

Q. But these quotations were made from time to time as the material was required by you in the work?

A. Yes, sir.

#### RE-DIRECT EXAMINATION BY MR. RUICK.

Q. These branch lines to which counsel refers, and the pumping plant in connection with Tuana Gulch, they were all a part of the system were they

not, and essential to its completion as per contract with the State?

A. No, the King Hill branch was not essential to the completion of the contract with the State, and I do not know about the Tuana Gulch.

Q. Were they not for lands that the company had contracted to irrigate for the State?

A. Not the King Hill system; they were private lands.

Q. They were private lands such as referred to in the agreement with the State?

A. They were on the other side of the river.

Q. But they were such lands as the irrigation company was permitted, under the contract, to sell water for, were they not?

A. I presume so.

Q. And the water came from the same source as the water for the irrigation of the Carey Act lands?

A. Yes, sir.

Q. You say nothing was said about interest in any quotations of the Pacific Coast Pipe Company?

A. No, sir; I do not remember of its ever being mentioned.

Q. There was no necessity for making reference to interest when the terms of the company were indicated by their invoices, specifying the terms as thirty days, and interest after 30 days?

Objected to by Mr. Haga, as calling for conclusion of the witness.

Q. What were the terms that were understood, Mr. Swendsen? Thirty days, was it not?

Objected to by Mr. Haga, as leading.

A. I had no understanding in regard to terms.

Q. You would not have it understood, Mr. Swendsen, that you did not have an understanding with the Pacific Coast Pipe Company as to the terms of payment?

A. Nothing was said in their quotations, and nothing said in my asking for proposals.

Q. Do you not understand, from their invoices or otherwise, that their terms were thirty days?

A. I repeat, I had no understanding about the matter—didn't give it any consideration.

Q. Never entered into your calculations as to how long a time would be allowed the company for the payment for these materials?

A. The Boise office had charge of that matter.

Q. The Boise office of the Kings Hill Irrigation & Power Company, you refer to; not your own office?

A. Yes, sir; the company's office.

Further hearing continued until 2:00 o'clock p. m., this date, July 8th, 1911.

Two o'clock p. m., July 8, 1911, hearing resumed, attorneys for both parties being present. There being no further witnesses offered for either side, the taking of depositions is concluded.

State of Idaho,  
County of Ada,—ss.

I, James L. White, a Notary Public in and for the County of Ada, State of Idaho, do hereby certify that, pursuant to the foregoing and annexed stipulation, the witnesses, Heber Q. Hale, W. H. Puckett, C. C. Cavanah and Geo. L. Swendsen, were required to appear before me, at my office, room 603 Idaho Building, Boise, Idaho, on the 7th and 8th days of July, 1911, and being by me first severally duly sworn to testify to the truth, the whole truth and nothing but the truth in said cause; that said depositions were taken at the time and place herein before mentioned, between the hours of 9:00 o'clock a. m. and 6:00 o'clock p. m. of said days, being continued from said 7th day to said 8th day of July, 1911, by consent of all parties, N. M. Ruick, Esq., appearing, at the taking of said depositions, as attorney for plaintiff, and Richards & Haga appearing as attorneys for defendant; that said depositions were reduced to writing by me, and the reading of said depositions and the subscribing of the same by said witnesses were, by the counsel for the respective parties, then and there duly waived.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal, this 11th day of July, 1911.

(Seal) JAMES L. WHITE,  
Notary Public in and for Ada County, State of Idaho.

## EXHIBIT E.

*This Agreement*, made and entered into, in duplicate, this 1st day of May, 1908, by and between the STATE OF IDAHO, the party of the first part, through the State Board of Land Commissioners of said State, said Board consisting of Frank R. Gooding, Governor; Robert Lansdon, Secretary of State; John J. Guheen, Attorney General, and S. Belle Chamberlain, Superintendent of Public Instruction of said State, and the KINGS HILL IRRIGATION & POWER COMPANY, a corporation organized and existing under the laws of the State of Nevada and doing business in the State of Idaho under and by virtue of a compliance with the laws thereof, the party of the second part, WITNESSETH: That,

*Whereas*, the Glenns Ferry Land & Irrigation Company, predecessor in interest of the said party of the second part, did heretofore, to-wit, on the 18th day of May, 1903, file with the said State Board of Land Commissioners of the State of Idaho, a proposal for the Construction of certain irrigation works situated in the counties of Lincoln, Cassia (now Twin Falls), Owyhee and Elmore in said State of Idaho, under the provisions of Section 4 of the Act of Congress approved August 18th, 1894, commonly known as the Carey Act, and the acts amendatory thereof, and the laws enacted by the State of Idaho in pursuance of the power granted by the said Acts of Congress; and,

*Whereas*, at the request of the State of Idaho, the lands lying under said irrigation works have been

by contract between the United States and the State of Idaho, bearing date the 30th day of March, 1904, set apart by the United States in compliance with the provisions of said Acts of Congress, the said lands being designated as List No. 7 of the State of Idaho, copies of said list being on file in the United States Land Offices at Boise and Hailey, Idaho, and the said lands so set apart and included in said list No. 7 being particularly and fully set out in the said contract between the United States and the State of Idaho, to which reference is hereby had for a full and complete description of said lands; and,

*Whereas*, on the 6th day of May, 1904, the said State Board of Land Commissioners, pursuant to resolution duly passed on said date by said Board, entered into a formal contract with the said Glenns Ferry Land & Irrigation Company, Limited, for the construction of said irrigation works in pursuance to said proposal; and,

*Whereas*, the said Glenns Ferry Land & Irrigation Company, Limited, after expending large sums of money under said contract and partially completing the said irrigation works, sold, transferred and conveyed all its rights, title and interest in said irrigation works and in and to said contract with the State of Idaho, dated May 6th, 1904, to the said Kings Hill Irrigation & Power Company, the party of the second part hereto; and,

*Whereas*, on the 22nd day of January, 1908, the said State Board of Land Commissioners, pursuant

to resolution theretofore passed by said Board, entered into a contract with the party of the second part for the completion of said irrigation works; and

*Whereas*, it satisfactorily appearing to said Board from the reports of engineers and others familiar with said irrigation works and the lands situated thereunder and to be irrigated therefrom that the cost of constructing and completing said works will greatly exceed the estimates of construction upon which the price of water rights was fixed and determined in the said contract of January 22nd, 1908, and the said contract of May 6th, 1904, and that the amount of land that can be irrigated from such irrigation works is considerably less than what is shown by the proposal of the said Glenns Ferry Land & Irrigation Company as susceptible of irrigation therefrom and that by reason thereof it is now deemed necessary and proper to increase the price at which water rights may be sold by the party of the second part for the irrigation of said lands, and to otherwise change and modify the said contract of January 22nd, 1908, and the said contract of May 6th, 1904; and

*Whereas*, the said State Board of Land Commissioners have resolved to enter into a new contract with the said party of the second part upon the terms and conditions hereinafter set forth, and have directed the execution of this agreement;

*Now, Therefore*, in consideration of the premises and of the covenants and agreements hereinafter

mentioned and to be kept and performed by the respective parties hereto, it is mutually covenated and agreed, as follows:

## I.

### PURPOSES OF CONTRACT.

The said party of the second part agrees to construct and build the said irrigation works mentioned in said proposal and hereinafter referred to and more particularly described, and to provide for the sale of shares of water rights in said irrigation works from time to time, as and in the manner hereinafter provided to persons filing upon portions of the lands hereinbefore described and referred to, and to the purchasers and owners of school and other State lands and to the owners of other lands situated under said irrigation works, or any extension thereof and which are susceptible to irrigation therefrom; such shares or water rights to be sold on the terms hereinafter specified, and also to finally provide the manner of transferring the ownership, management and control of said works to the purchasers of said shares of water rights as hereinafter provided.

## II.

### GENERAL SPECIFICATIONS FOR CONSTRUCTION.

It is hereby agreed that the party of the second part shall construct the said irrigation works according to the following specifications:

*Point of Diversion.* The main canal of said irri-

gation system diverts water from the Malad River at a point on the right bank of said river near the north and south line between the NW $\frac{1}{4}$  of the NW $\frac{1}{4}$  and the NE $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Sec. 35, Twp. 6, South of Range 13 East, Boise base and meridian; said point between approximately South 75 degrees 22 minutes, East 1,195.6 feet from the southeast corner of Section 27, said township and range.

*General Course of Canal.* From the said point of diversion the canal continues along the right bank of said river for a distance of about 5,600 feet to Snake River; thence across Snake River on a steel span bridge in an inverted syphon wooden pipe 1,400 feet to the south side of Snake River; thence running in a westerly direction along the south side of Snake River for a distance of about twenty miles to a point near the center of Section 5, Township 6, South of Range 11 East, B. M., which is the end of the main canal, with the lower or northwesterly end of the distribution system extending to a point near the northeast corner of Section 33, Township 5, South of Range 10 East. The said bridge to have a supporting strength four times the weight of the pipe and water resting on it, and the said pipe to be from 5 to 5 $\frac{1}{2}$  feet in diameter, as may be deemed necessary by the State Engineer in order to carry the water required for the irrigation of the lands herein mentioned. Steel spans and pipe to be constructed and guaranteed by responsible contractors.

*Head-Works.* The head-works shall consist of a timber crib rock filled overflow diversion dam about

6 feet high; the cribs to be built of 8x8 inch Oregon fir timber, drift bolted with  $\frac{3}{4}$ -inch iron, about 80 feet long by 15 feet wide, with four head-gates, each four feet wide, substantially supported into entry-way to the canal.

*Structures.* All fluming, trestle works, pipe lines, bridges, headgates, waste-gates, pressure boxes and other structures shall be constructed in accordance with plans filed in the office of the State Engineer; provided, that such structures shall have a minimum capacity of 200 cubic feet per second, as the total delivery through the structures on the main canal line.

*Canal.* The main canal in earth section shall be on a grade of .00025 and of such section and depth as to provide a minimum carrying capacity of 200 cubic feet per second, to be reduced in capacity and dimensions as the water is diverted by laterals for irrigation purposes, but always to be of sufficient capacity to fully irrigate the lands herein mentioned and provided for, and to be constructed and built in accordance with the general plans and specifications hereinbefore referred to and filed in the State Engineer's office, and under his general supervision and direction.

*Laterals.* There shall be constructed such subordinate laterals with the necessary weirs and distributing gates as may be required to carry the water of such canal to within one-half mile of each quarter section described in the contract between the United

States and the State of Idaho and hereinafter referred to, and the lands of the State of Idaho hereinafter mentioned and all other lands, to be irrigated from said canal, so that the same may be available for use; all of said laterals, works, main canal, flumes, pressure boxes, trestles, bridges and pipe lines and other structures to be used in connection with said irrigation works shall be built and constructed in a good and workmanlike manner, and under the direction of the State Engineer and subject to his approval and the approval of the State Land Board.

It shall be the duty of the said party of the second part to file with the State Engineer of Idaho, notes showing the size and the courses and distances from angle to angle of the canal and main laterals, as soon as the same shall have been finally determined; provided, however, the changes may be made in the plans and specifications from time to time by agreement between the State Engineer and the State Land Board and the said second party, such changes, however, not to be of such character as will in any way impair the efficiency, durability or utility of the works for the purposes for which they are intended; and said second party shall on demand of said party of the first part, furnish such other and further detailed specifications and plans as said first party may require.

The main canal of this system shall have a carrying capacity, when completed, sufficient to deliver, simultaneously, one cubic foot of water per second

of time to every eighty acres of land described in this contract, together with all other lands susceptible of irrigation from said irrigation works and herein specified or referred to as nearly as the same can be estimated and agreed upon between the State Engineer and the State Land Board and the engineer of said second party.

The plans, specifications and details for the construction of the dams, canals, laterals, head-gates, bridges, trestle work, flumes and other structures required in the construction of such irrigation works, so far as the same are covered by the specifications hereinbefore referred to and to be filed and submitted herein, shall be submitted to the State Engineer and the State Land Board for their approval, prior to the beginning of construction or completion of said works, and the work, when completed, shall be in accordance with the specifications as finally determined upon, and to the satisfaction of the State Engineer and the State Land Board.

### III.

#### RIGHT OF WAY.

The said party of the first part grants to the said party of the second part, a right of way across all lands belonging to the State of Idaho, or that may be ceded to the State of Idaho, by virtue of the Act of Congress commonly known as the Carey Act, or by any other laws for the construction and operation of said reservoir and irrigation system, which right of way shall be equal to the actual width of the canal,

lateral or waste ditch at its base, from toe to toe of the embankment, together with a strip of land along one side of such canal, lateral or waste ditch and adjacent thereto, not to exceed fifty (50) feet in width along the main canal, thirty (30) feet in width along the laterals leading from said main canal, and a proportionate width along the smaller laterals and waste ditches; said right of way to be located as designated by the Chief Engineer of the party of the second part and approved by the State Engineer, and in all cases to be sufficient of ingress or egress along said canal, lateral or waste ditch, in proportion as the necessity therefor exists, and all water users on lands irrigated from said irrigation system shall have such right of way as may be necessary from the second party's canal or laterals to their own land in order to construct and maintain the necessary service ditches for their own use, and such right of way across said lands as may be necessary for waste ditches. No more laterals service or waste ditches shall be constructed across any premises than are necessary in the opinion of the Chief Engineer of the Company and the State Engineer, to properly irrigate the land so intended to be irrigated from such ditches and to carry away the waste water therefrom.

The laterals, service and waste ditches shall be constructed under the direction of the Chief Engineer of the Company and subject to his approval and the approval of the State Engineer. In case any land owner is dissatisfied with the location of any service

ditch across his premises he shall have the right to appeal to the State Board of Land Commissioners, whose decision shall be final. Detail maps showing the location of laterals and waste ditches constructed by the second party shall be filed with the Board and with the State Engineer, but such filing need not be made prior to the lands being thrown open for settlement.

#### IV.

#### APPROPRIATION OF WATER.

It is understood that the said party of the second part is the owner of the right to divert water from the Malad River at the point hereinbefore described, under the following appropriations made by its predecessors in interest: That certain appropriation made on the 26th day of March, 1902, by one Herman Rapp and one Ernest Pearson for the diversion of five hundred (500) cubic feet of water at the point above described to be used for irrigation and power purposes, and under that certain appropriation made by the said Glenns Ferry Land & Irrigation Company, Limited, on the 7th day of August, 1902, for the diversion and appropriation of five hundred (500) cubic feet of water to be used for irrigation purposes, and under that certain permit issued by the State Engineer of the State of Idaho on the 23d day of January, 1904, to F. J. Hagenbarth and R. J. Shields, being Permit No. 438, for eleven hundred (1100) cubic feet per second of the waters of said river to be diverted at the point of diversion hereinbefore described.

And the said party of the second part hereto agrees to cause to be furnished and delivered to the said canal out of the said appropriations, an equal amount, when measured at the points herein provided, to one-eightieth (1-80) of a cubic foot of water per second of time, for each and every acre of land described in the list of lands attached hereto and marked "Exhibit A", and being a portion of the lands segregated from the public domain and embraced in said contract between the United States and the State of Idaho, generally known as the Carey Act lands and hereinafter referred to as such, and for the irrigation of the lands belonging to the State of Idaho and lying under said irrigation works and susceptible of irrigation therefrom, and for the irrigation of all other lands embraced or mentioned in this contract and lying under and susceptible of irrigation from said canal and irrigation works; said water to be delivered and measured within one-half mile of the quarter section in which the land so irrigated or susceptible to irrigation therefrom is situated.

## V.

### ENTRY OF LANDS.

Upon the execution of this contract and when the said canal shall be so far completed as to ensure the delivery of water for irrigation and reclamation of said lands, the State Board of Land Commissioners of first part shall cause to be opened for settlement as provided by law, the lands described in the list of lands hereto attached as "Exhibit A", and known

as the Carey Act lands; provided, however, that second party nor any of its officers or employees shall not be permitted to file on any land under such canal as the agent or attorney-in-fact for any other person; and second party hereby warrants the title to said canal and irrigation system and to the water rights above mentioned, and agrees to defend such title at its own cost and expense in the event of any litigation concerning the same, before such canal and irrigation system is finally transferred and turned over to the corporation to be formed as hereinafter set forth.

## VI.

### APPLICATION FOR LANDS.

The said party of the first part through its State Board of Land Commissioners, agrees that it will not approve any application for or filing on said Carey Act lands, until the person or persons so applying shall furnish to the said Board a true copy of the contract entered into with the said party of the second part for the purchase of sufficient shares or water rights in said irrigation works, or shares of stock in the corporation to be formed as hereinafter provided, for the irrigation of the lands applied for, it being understood that such applicant shall have acquired a right to at least one-eightieth (1-80) of a cubic foot of water per second of time for each acre filed upon. And the said party of the second part hereby stipulates and agrees that to the extent of the capacity of said irrigation works, after such lands are open for entry and settlement, it will

sell or contract to sell water rights or shares for Carey Act lands so to be filed upon, to the qualified entrymen thereof, and to the purchaser of lands belonging to the State of Idaho and embraced within this contract, without preference or partiality other than that based upon priority of application.

## VII.

### SALE OF LANDS BY THE STATE.

That the said party of the first part, acting through its State Board of Land Commissioners, agrees to sell the Carey Act lands herein mentioned to such persons as are or will be by law entitled to file upon the same, for the sum of fifty cents (50c) per acre, one-half of which shall be paid at the time of application for the entry of such land made to the said Board, and the remaining one-half paid at the time of making final proof thereon.

## VIII.

### PRICE OF WATER RIGHTS.

Said party of the second part further agrees and undertakes that it will sell or cause to be sold to the person or persons filing upon any of the lands herein described, or to the owners of other lands not described herein but which are or may be susceptible of irrigation from its canal system, by good and sufficient contract of sale with the right of possession and enjoyment by the purchaser pending its fulfillment, a water right or share in said canal for each and every acre filed upon or purchased from the State or acquired from the United States, each of

said shares or water rights shall represent a carrying capacity in said canal sufficient to deliver water at the rate of one-eightieth (1-80) of one (1) second foot per acre per second of time, and each share or water right sold or contracted, as herein provided, shall also represent a proportionate interest in said irrigation works, together with all rights and franchises therein, based upon the number of shares finally sold in said irrigation works. Said irrigation system, however, to be built in accordance with the plans heretobefore filed with the Board, which irrigation system, according to said plans, has been determined by the State Engineer to have the carrying capacity hereinbefore mentioned.

Such water rights or shares shall be sold to the person or persons aforesaid for lands included in said segregations and for lands adjacent thereto or that can or may be irrigated therefrom when completed, at a price not exceeding Sixty-five (\$65.00) Dollars per share, except as is hereinafter provided, the same to be paid as follows: Not to exceed ten (10) per cent of the purchase price to be paid in cash at the time of sale, and the remainder to be paid in not less than nine annual installments; no such annual installment to exceed ten (10) per cent. of the purchase price. All deferred payments to bear interest at the rate of six (6) per cent. per annum, interest payable annually. The number of payments and the amount of each of such payments to be clearly stated in all contracts for the purchase of water rights, which may be entered into between

second party and such purchasers. Before any application for entry is received or approved, a copy of the form of water right contract used or to be used by second party in the sale of water rights, shall first be approved by the Board and no other form shall be used than the ones so approved.

To the person or persons purchasing any portion or portions of Sections numbered Sixteen (16) or Thirty-six (36), or any other lands belonging to the State of Idaho, and within the exterior limits of said segregations and which are susceptible of irrigation and reclamation from said irrigation system, water rights or shares shall be sold at a price not to exceed forty (\$40.00) dollars per share; provided, said water rights or shares are purchased within one year after the purchase of the lands from the State, and not exceeding Sixty-five (\$65.00) dollars per share at any time thereafter. Such payments to be made in annual installments as hereinbefore provided in the sale of water rights for Carey Act lands and all deferred payments to draw interest at the rate of six (6) per cent. per annum, interest payable annually.

In case purchasers or entrymen on lands other than those segregated under the Carey Act, decline to purchase water rights for two years or more after the water is ready for delivery, then two (\$2.00) dollars may be added to the price of the water right for each year's delay, or fraction thereof.

It is further agreed that no payment other than the initial payment and no interest shall be required under any contract either for Carey Act lands or

State or private lands, until the water for the said land is available from said canals for distribution at a point within one-half mile of each legal subdivision of one hundred and sixty (160) acres of the said land, and such water must be available at the beginning of the irrigation season in order to make such payments become due, and all payments and interest provided in said contracts shall be advanced in time according to the delay in the delivery of said water as aforesaid.

It is understood and agreed that the said party of the second part shall charge interest at the rate of six (6) per cent. per annum upon all deferred payments whenever said shares are sold upon a time contract. This agreement shall not, however, be construed to prevent the sale of shares or water rights to purchasers upon terms more favorable than those hereinbefore provided, or to prevent the payment of installments of the purchase price in advance of the maturity of the same at the option of the purchaser. But in no case shall water rights or shares be dedicated to any of the lands aforementioned or sold beyond the carrying capacity of the said canal system or in excess of the appropriation of water as hereinbefore mentioned.

## IX.

### TRANSFER OF POSSESSION AND MANAGEMENT OF CANAL.

It being necessary to provide a convenient method of transferring the ownership and control of said

canal and irrigation works from the said party of the second part herein to the purchasers of said water rights in said canal and for determining their rights among themselves and between said purchasers and the party of the second part herein, and for the purpose of operating and maintaining said canal during the period of construction and afterward, and for the purpose of levying and collecting tolls, charges and assessments for managing said canal and for the management and operation thereof, it is hereby provided that as soon as said lands are ordered thrown open for settlement, a corporation, to be known as the Glenns Ferry Canal Company, Limited, shall be formed at the expense of the party of the second part, the Articles of Incorporation of said Company to be approved by the Attorney General of the State of Idaho; that the authorized capital stock of said corporation shall be 18,000 shares, which amount is intended to represent one share for each acre of land which may hereafter be irrigated from said canal. All persons who prior to the formation of such corporation have purchased or acquired water rights or shares of water from said second party for the irrigation of lands embraced in this contract and being then the owners of such rights or shares, shall be entitled to receive and have issued to them, shares in such corporation so to be formed, equal in number to the water rights or shares of water then owned and held by such persons, and the remainder of the capital stock of such corporation shall be issued to the party of the second

part in consideration of the covenants and agreements herein contained, in order to enable it to deliver to purchasers of water rights the shares of stock representing the same. Said shares of stock, however, shall have no voting power and shall be without force or effect until they have been sold or contracted to be sold to the purchasers of land under said irrigation works.

At the time of the purchase of any water right after the formation of said corporation, there shall be issued to the purchaser thereof, one share of the capital stock of said corporation for each acre of land entered or filed upon. That the said party of the second part herein shall in case said water rights or shares of stock are not fully paid for, require the endorsement and delivery to it of said stock, and shall at the same time, require of said purchaser an agreement that until thirty-five (35) per cent. of the purchase price of said stock has been paid, the said party of the second part herein shall vote said stock in such manner as it may deem proper at all meetings of the stockholders of said corporation.

But the said second party hereto, nor the said Glenns Ferry Canal Company, Limited, cannot in any manner control any of the said system so as to limit the liability of the second party under the terms of this contract.

The said Glenns Ferry Canal Company, Limited, shall have the management, ownership and control, as above set out, of the said irrigation system as

fast as the same is completed and turned over to it for operation by the said party of the second part, as hereinafter provided. Whenever it is certified by the Chief Engineer of the Company and the State Engineer of Idaho, that certain portions of the said irrigation works have been so far completed as to permit the operation thereof for delivery of water to purchasers of water rights, the same may, with the consent of the State Land Board, be transferred and turned over to the said Glenns Ferry Canal Company, Limited, for operation. Such transfer and operation, however, shall not in any manner lessen the responsibility of the said second party with reference to the terms of this contract, nor shall such consent upon the part of the State Land Board be construed as a final acceptance of such portion of such canal, it being always understood that the acceptance of said irrigation system must be in its entirety, and that the bond given for the faithful performance of said contract must be made and be liable for the substantial completion of the entire irrigation system.

## X.

### WATER RIGHT DEDICATED.

The contract of sale of water right and the certificates of shares of stock in the corporations to be formed as hereinbefore provided, shall each upon being issued to the purchaser or holder of land under the said irrigation works, be made to indicate and define in the contract or certificate, as the case may be, the amount of water, to-wit: one-eightieth

of a cubic foot per second of time, allotted to each acre represented thereby, and a carrying capacity in the canal sufficient therefor, such water to be delivered from the canal during each and every irrigation season, and to be measured at or within one-half mile of the quarter section in which the land is situated, in such quantities and at such times as the condition of the soil, crops and weather may determine, but according to such rules and regulations, based upon a system of distribution of water to the irrigators in turn and by rotation, as will best protect and serve the interests of all users of water from such canal system. It is agreed that such system of distribution by rotation shall be devised by said party of the second part and used (if necessity arises) by the said Glenns Ferry Canal Company, Limited, during the period while it has the management of the said system; said system of rotation, however, to be approved by the State Engineer.

The sale or contract of water rights to a purchaser shall be a dedication of the water to the land to which the same is to be applied, and the water right so dedicated shall be a part of and shall relate to the water right belonging to the said system of canal.

## XI.

### MEASUREMENT OF WATER AND CHARGES FOR DELIVERY.

The party of the second part agrees to construct the said irrigation system so that water conducted through its canals may be available at points not to

exceed one-half mile, measured in a direct line, from each quarter section of land described in said segregations, and to be irrigated and reclaimed by water conducted through said canals. That it will construct and place in position, all headgates, flumes, weirs and other devices for the control and measurement of water in the main canals and in the main laterals, it being intended that the settlers shall, under the direction of the Chief Engineer of the second party, build and furnish one gate or measuring device for his use, but that all other gates, weirs and measuring devices in the main canals, main or subordinate laterals, shall be furnished and constructed by the second party. Plans for measuring devices, headgates, and weirs are to be approved by the State Engineer.

No charge shall be made to the purchaser for the delivery of water for said lands, or lands adjacent thereto prior to the first day of April, 1909. For each succeeding year thereafter, while the second party retains the control of the said Glenns Ferry Canal Company, Limited, said company may charge and assess the purchasers of water rights in said irrigation system not to exceed the sum of sixty cents (60c) per acre for each acre of land for which a water right has been purchased, the same to become due at the beginning of each irrigation season, if the water is ready for delivery at the beginning of such seasons, and such water must be available for use at a point within one-half mile of each quarter section of such land. If the sum so raised shall be in-

sufficient for the purpose of maintaining, operating and keeping in repair the said system and paying the expenses for the management thereof, then the said party of the second part will furnish all the additional funds necessary to supply such deficiency.

A main lateral, within the meaning of this contract, is a lateral taken from the main line of the canal. A subordinate lateral, within the meaning of this contract, is a lateral built for the purpose of conducting water from a main lateral to a point within one-half mile of the place of intended use. A coulee or draw used as a main lateral or a subordinate lateral shall also be included within these terms.

## XII.

### INCREASE OF CAPACITY OF CANAL.

The party of the second part shall be entitled at any time within three years from the date hereof to increase the appropriation of water from the Malad River at the point of diversion herein described, and to increase the capacity of the said canal or any laterals thereof, and to use the same so enlarged or increased for the purpose of carrying any water belonging to the said party of the second part under present appropriations or such additional appropriations; provided, however, that such use shall be allowed only upon the making of such reasonable arrangements as to expenses of care and maintenance of the canal and irrigation system as may be agreed upon between the said party of the second part and

the said Board of Land Commissioners of the State of Idaho, or the said corporation to be formed as hereinafter provided. Any rights acquired by the party of the second part under the provisions of this section shall be at all times held, used and employed subject and subordinate to the rights of the purchasers of shares of stock or water rights to the use of water for irrigation purposes, as provided in this contract; and there shall be conveyed and transferred to the said Glenns Ferry Canal Company, Limited, out of the water appropriations of second party, so much of such appropriations as may be necessary to deliver to each and every purchaser of water rights or shares of stock in said Glenns Ferry Canal Company, Limited, the amount of water required to be delivered under the several contracts of purchase made with second party when measured at the points of measurements as hereinbefore fixed, and the balance of such appropriations is reserved to second party to be utilized or sold for power or other purposes.

### XIII.

#### COMPLETION OF CANAL.

Said party of the second part agrees to immediately commence the work of constructing the said canal and irrigation system and to continue to prosecute such work of construction diligently and continuously to completion, unless temporarily interrupted by snow, rain or cold weather, and there shall be no cessation of work for more than sixty days, without the consent of the Board, and the said irri-

gation works shall be entirely completed within three years from this date, and at least one-third of the construction work shall be completed within one year from the date hereof, and at least two-thirds of such construction work shall be completed within two years from the date hereof.

It is understood that changes and alterations in the plans and specifications heretofore prepared and filed, may be made at any time, with the consent of the State Board of Land Commissioners.

#### XIV.

#### FORFEITURE.

The said party of the second part agrees, upon failure on its part to begin the construction of said canal within the time specified in this contract, or upon failure to proceed with or prosecute such work of construction as in this contract provided, after receiving sixty days' notice from the State Board of Land Commissioners, that the portions of said canal which may have been constructed and any and all rights which the party of the second part may have in or to the said canal or irrigation system, shall be at once forfeited to the said party of the first part, the State of Idaho, and the said party of the first part, acting through its State Board of Land Commissioners, may declare all the right, title and interest of second party hereunder and in the said canal system forfeited and proceed to enforce the bond filed by second party, and take possession of the said canal and irrigation works and all the rights

which the said party of the second part may have acquired therein, in accordance with the provisions of the laws of the State of Idaho, and particularly section 13 of an Act approved March 2nd, 1899, Session Laws 1899, Page 287.

## XV.

### MORTGAGE.

The right, title and interest of the second party in the said works and irrigation system and in the said lands may be mortgaged, as provided by the said Act of Congress and the laws of the State of Idaho, hereinbefore referred to; the form of such mortgage to be approved by the Attorney General of Idaho.

## XVI.

### ESTIMATED COST.

The estimated cost of the proposed irrigation works is five hundred thousand (\$500,000.00) dollars, and the price at which water rights are fixed herein and for which liens are authorized against the separate legal subdivisions of land herein described, is deemed necessary in order to pay the costs and expenses of reclamation and interest thereon.

## XVII.

### EXISTING LAWS PART OF CONTRACT.

It is hereby understood and expressly agreed that this contract is made and entered into by virtue of the provisions and subject to all of the conditions of an Act of Congress, commonly known as the Carey Act, approved August 18th, 1894, and the acts amen-

datory thereof, and the laws of the State of Idaho accepting the terms and provisions of the said Carey Act, and the contract between the United States and the State of Idaho segregating from the public domain the lands herein designated as Carey Act lands, and that such laws and contract are as much a part of this contract as if specifically herein set forth; and the said agreement of May 6th, 1904, between first party and the said Glenns Ferry Land & Irrigation Company, Limited, and the said agreement of January 22nd, 1908, between the parties hereto, are superseded by this agreement, and the parties hereto shall from henceforth be governed and their respective rights and equities be determined by this agreement and by said contract between the United States Government and the State of Idaho, and by the laws of the State of Idaho and Acts of Congress above mentioned. This agreement, however, shall not be construed or understood as destroying any right or property gained or acquired by the said Glenns Ferry Land & Irrigation Company, Limited, under the said agreement of May 6th, 1904, or by the party of the second part under the said agreement of January 22nd, 1908, but it is intended to preserve and protect all such rights and property and to create other rights in addition thereto in second party.

### XVIII.

#### HIGHWAYS.

Entries of land are understood to be made subject to a right of way, without compensation to the

entryman, for roads upon all exterior section lines and also upon all half-section lines, which may be designated by the Board of County Commissioners, as may be provided by law; and such entries shall likewise be subject to such rights of way for such other roads, not exceeding fifty (50) feet in width, as second party may deem necessary; subject, however, to the approval of the State Board of Land Commissioners.

## XIX.

### DELIVERY OF WATER TO USERS.

It is agreed that the said Glenns Ferry Canal Company, Limited, shall not deliver water to or permit the use thereof from said irrigation system by persons who have not purchased water rights or who are not holders of stock in said Glenns Ferry Canal Company, Limited, or who are not otherwise entitled thereto under this contract.

## XX.

### WATER SUPPLY FOR CITIES AND TOWNS.

It is understood and agreed that so much water as may be necessary for the use of cities and towns and the inhabitants thereof, which cities and towns must necessarily take their water supply from said system of canals, shall be furnished from said canal system to said cities and towns and the inhabitants thereof, upon such terms of sale or rental as may be agreed upon by the party of the second part and the said cities and towns, or the owners of the lands upon which the same are established, or the residents

therein. Said cities and towns must contribute to the maintenance and support of said irrigation system in proportion to the amount of water used by them, and shares of stock of the Glenns Ferry Canal Company, Limited, shall be issued for the amounts of water represented by said use to the trustees of any village or the mayor of any city, in trust, for the use and benefit of the towns and cities and the inhabitants thereof.

## XXI.

### AMENDMENTS.

This contract may be altered and amended by second party with the consent of the first party, for the purpose of carrying out the objects of the contract, and for the purpose of meeting any conditions now unforeseen.

## XXII.

### BOND.

The said second party agrees to furnish a good and sufficient bond for the faithful performance of the within contract.

*This Agreement* is executed in duplicate, one copy thereof to be filed with the party of the first part, and the other to be delivered to the party of the second part.

*In Witness Whereof*, the said party of the first part, the State of Idaho, has caused this agreement to be signed by its Governor and President of the State Board of Land Commissioners of the State of Idaho, and the said party of the second part has

hereunto caused its corporate name to be subscribed by its President and its corporate seal affixed, attested by its Secretary, the day and year first above written.

For the STATE OF IDAHO,

By F. R. Gooding,

Governor and President of the State Board of Land Commissioners.

Attest: M. I. Church, Secretary.

KINGS HILL IRRIGATION & POWER COMPANY,

By Chas. H. Hammett, President.

Attest: O. O. Haga, Secretary.

State of Idaho,  
County of Ada—ss.

I, N. Jenness, Register of the State Board of Land Commissioners of the State of Idaho, do hereby certify that the foregoing is a true and correct copy of the contract of the Kings Hill Irrigation & Power Company, as same appears on file in this office.

*In Witness Whereof* I have hereunto set my hand and affixed hereto the official seal of the said Board this 5th day of July, 1911.

N. JENNESS, Register.

(Seal)

By H. Q. Hale, Chief Clerk.

## EXHIBIT F.

### CLAIM OF LIEN.

PACIFIC COAST PIPE COMPANY,

Claimant,

vs.

KINGS HILL IRRIGATION & POWER COMPANY,

Defendant.

Notice is hereby given that the Pacific Coast Pipe Company, a corporation organized and existing under the laws of the State of Washington with its principal place of business at Seattle in said state, hereby

claims a lien upon that certain ditch, flume and canal commonly known as the "Kings Hill Canal," and the right of way therefor located in Lincoln, Twin Falls, Owyhee and Elmore Counties, State of Idaho, together with all appurtenances thereunto belonging or in anywise appurtenanting and including all main and subordinate laterals, dams, headgates, rights of way, water rights, etc. Said canal is owned and reputed to be owned by the Kings Hill Irrigation and Power Company, a corporation organized and existing under the laws of the State of Nevada and doing business in the State of Idaho, which said canal is more particularly described as follows, to-wit:

The intake of said canal is at a point on the right bank of the Malad River in Lincoln County, State of Idaho, near the North and South line between the NE $\frac{1}{4}$  of the NW $\frac{1}{4}$  and the NE $\frac{1}{4}$  of NW $\frac{1}{4}$  of Sec. 35, Twp. 6, South of Range 13 East, Boise base and meridian; said point being approximately South 75 degrees 22 minutes East 1,195.5 feet from the southeast corner of Section 27, said Township and Range. From the said point of diversion the canal continues along the right bank of said river for a distance of about 5,600 feet to Snake River; thence across Snake River on a steel span bridge in an inverted syphon wooden pipe 1,400 feet to the south side of Snake River; thence running in a westerly direction along the south side of Snake River for a distance of about twenty miles to a point near the center of Section 5, Township 6, South of Range 11 East, B. M., which is the end of the main canal, from which point, the distribution system, consisting of main laterals

known as the Poison Basin Branch and Glenns Ferry Branch, together with subordinate laterals, extends on, over and across lands in Townships 5 and 6 South, Ranges 10 and 11 East, Boise Meridian.

This claim of lien is for the sum of ten thousand seventy - one and thirty - three hundredths (\$10,-071.33) dollars, together with interest to date of payment at the lawful rate of seven (7) per cent, per annum upon each and every of the several items for merchandise furnished as per statement hereto annexed, marked Schedule 1 and made a part thereof, from and after thirty (30) days from the date of said several items, less interest on the several credits appearing on said statement, on account of materials furnished by the claimant to, and at the instance of, the Kings Hill Irrigation & Power Company, the owner and reputed owner of said ditch, flume and canal, to be used in the construction and repair of the said ditch, flume and canal. Said materials were furnished to the said Kings Hill Irrigation & Power Company between the 13th day of July, 1909, and the 2nd day of July, 1910, on which said last named date, the claimant ceased to furnish materials for said ditch, flume and canal.

That claimant was and is an original contractor in the furnishing of said materials and ninety (90) days have not elapsed since it ceased to furnish materials for the construction and repair of said ditch, flume and canal.

That there remains a balance due claimant for said materials so furnished between said dates, after de-

ducting all just credits and offsets, the above named sum, with interest as above.

*Wherefore*, said claimant claims a lien upon said ditch, flume and canal in the sum of ten thousand seventy-one and thirty-three hundredths (\$10,-071.33) dollars, together with interest as above which interest accrued to the 1st day of August, 1910, amounted to \$434.16, making the total claim on August 1st, 1910, \$10,505.49.

PACIFIC COAST PIPE COMPANY,

By N. M. Ruick,

Agent and Attorney. Residence, Boise, Idaho, Attorney for Claimant.

B. W. Oppenheim,  
Notary Public, Ada County, Idaho.

## EXHIBIT G.

ARTICLES OF AGREEMENT BETWEEN E. A. HITCHCOCK, SECRETARY OF THE INTERIOR, FOR AND ON BEHALF OF THE UNITED STATES OF AMERICA, AND JOHN T. MORRISON, GOVERNOR, FOR AND ON BEHALF OF THE STATE OF IDAHO.

These articles of agreement, made and entered into this 30th of March, A. D. 1904, by and between E. A. Hitchcock, Secretary of the Interior, for and on behalf of the United States of America, party of the first part, and John T. Morrison, Governor, for and on behalf of the State of Idaho, party of the second part.

*Witnesseth*, That in consideration of the stipulations and agreements hereinafter made, and of the fact that said State has under the provisions of section 4 of the act of Congress approved August 18, 1894, of the act of Congress approved June 11, 1896, and of the act of Congress approved March 3, 1901, through J. B. Lafferty, its proper officer, thereunto duly authorized, presented its proper application for certain lands situated within said State and alleged to be desert in character, and particularly described as follows, to-wit:

Total number of acres, estimated. 17,666.72 acres  
and has filed a map of said lands, and exhibited a  
plan showing the mode by which it is proposed that

said lands shall be irrigated and reclaimed, and the course of the water to be used for that purpose, the said party of the first part contracts and agrees, and, by and with the consent and approval of Theodore Roosevelt, President thereof, hereby binds the United States of America to donate, grant and patent to said State, or to its assigns, free from cost for survey or price, any particular tract or tracts of said lands, whenever an ample supply of water is actually furnished in a substantial ditch or canal or by artesian wells or reservoirs, to reclaim the same, in accordance with the provisions of said acts of Congress, and with the regulations issued thereunder, and with the terms of this contract, at any time within ten years from the date of approval of the said map of the lands.

It is further understood that said State shall not lease any of said lands or use or dispose of the same in any way whatever, except to secure their reclamation, cultivation, and settlement; and that in selling and disposing of them for that purpose the said State may sell or dispose of not more than 160 acres to any one person, and then only to bona fide settlers who are citizens of the United States, or who have declared their intention to become such citizens; and it is distinctly understood and fully agreed that all persons acquiring title to said lands from said State prior to the issuance of patent, as hereinafter mentioned, will take the same subject to all the requirements of said acts of Congress and to the terms of this contract, and shall show full com-

pliance therewith before they shall have any claim against the United States for a patent to said lands.

It is further understood and agreed that said State shall have full power, right, and authority to enact such laws, and from time to time make and enter such contracts and agreements, and to create and assume such obligations in relation to and concerning said lands as may be necessary to induce and cause such irrigation and reclamation thereof as is required by this contract and the said acts of Congress; but no such law, contract, or obligation shall in any way bind or obligate the United States to do or perform any act not clearly directed and set forth in this contract and said acts of Congress, and then only after the requirements of said acts and contract have been fully complied with.

Neither the approval of said application, map, plan, nor the segregation of said land by the Secretary of the Interior, nor anything in this contract, or in the said acts of Congress, shall be so construed as to give said State any interest whatever in any lands upon which, at the date of filing of the map and plan hereinbefore referred to, there may be an actual settlement by a bona fide settler, qualified under the public land laws to acquire title thereto.

It is further understood and agreed that as soon as an ample supply of water is actually furnished in a substantial ditch or canal, or by artesian wells or reservoirs, to reclaim a particular tract or tracts of said lands, the said State, or its assigns, may make proof thereof under and according to such rules and

regulations as may be prescribed therefor by the Secretary of the Interior, and as soon as such proof shall have been examined and found to be satisfactory, patents shall issue to said State, or to its assigns, for the tracts included in said proof.

The said State shall, out of the money arising from its disposal of said lands, first reimburse itself for any and all costs and expenditures incurred by it in irrigating and reclaiming said lands, or in assisting its assigns in so doing, and any surplus then remaining after the payment of the cost of such reclamation shall be held as a trust fund to be applied to the reclamation of other desert lands within said State.

This contract is executed in duplicate, one copy of which shall be placed of record and remain on file with the Commissioner of the General Land Office, and the other shall be placed of record and remain on file with the proper officer of said State, and it shall be the duty of said State to cause a copy thereof, together with a copy of all rules and regulations issued thereunder or under said acts of Congress, to be spread upon the deed records of each of the counties in said state in which any of said lands shall be situated.

In testimony whereof, the said parties have hereunto set their hands, the day and year first herein written.

E. A. HITCHCOCK,  
Secretary of the Interior.  
STATE OF IDAHO,

By Jno. T. Morrison, Governor.

APPROVAL.

TO ALL TO WHOM THESE PRESENTS SHALL  
COME, GREETING:

Know ye that I, Theodore Roosevelt, President of the United States of America, do hereby approve and ratify the attached contract and agreement, made and entered into on the 30th day of March, 1904, by and between E. A. Hitchcock, Secretary of the Interior, for and on behalf of the United States, and John T. Morrison, for and on behalf of the State of Idaho, under section 4 of the act of Congress approved August 18, 1894, the act approved June 11, 1896, and the act approved March 3, 1901.

THEODORE ROOSEVELT.

General Land Office,  
Railroad Division "F",  
March 19, 1904.

I hereby certify that this contract has been examined and compared with the duplicate, and found to be identical therewith, that the tracts therein described are duly indicated on the map and filed with said contract, and are shown by the records of this office to be vacant and unappropriated.

C. A. OBENCHAIN,  
Examiner.

Approved: S. S. Marr, Chief of Division.

Mineral Division,  
March 21, 1904.

This certifies that the surveyed tracts selected herein were not returned as mineral and are not in

townships containing mining claims of record in this office. No examination of the unsurveyed lands has been made.

C. A. HOLLINGSWORTH,  
Examiner.

Approved: W. G. Potter, Chief of Division.

## EXHIBIT H.

*In the District Court of the Fourth Judicial District  
of the State of Idaho in and for the County  
of Elmore.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,  
Defendant.

## COMPLAINT.

Plaintiff complains and alleges:

### 1.

That the plaintiff, Pacific Coast Pipe Company, during all the times hereinafter mentioned was and now is a corporation organized and existing under the law of the State of Washington with its principal place of business in Seattle in said State.

### 2.

That defendant, Kings Hill Irrigation & Power Company, at all times hereinafter mentioned was and now is a corporation organized and existing

under the laws of the State of Nevada and authorized to do business in the State of Idaho.

That the said Kings Hill Irrigation & Power Company, Defendant herein, now is and during the times hereinafter mentioned, was the owner of that certain ditch, flume and canal commonly known as the "Kings Hill Canal," and the right of way therefor located in Lincoln, Twin Falls, Owyhee and Elmore Counties, State of Idaho, together with all appurtenances thereunto belonging or in anywise appurtenanting and including all main and subordinate laterals, dams, headgates, rights of way, water rights, etc., which said canal is more particularly described as follows, to-wit:

The intake of said canal is at a point on the right bank of the Malad River in Lincoln County, State of Idaho, near the North and South line between the NW $\frac{1}{4}$  and NW $\frac{1}{4}$  and the NE $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 35, Township 6 South of Range 13 East, Boise base and meridian; said point being approximately South 75 degrees 22 minutes East, 1,195.5 feet from the southeast corner of Section 27, said Township and Range. From the said point of diversion the canal continues along the right bank of said river for a distance of about 5,600 feet to Snake River; thence across Snake River on a steel span bridge in an inverted syphon wooden pipe, 1,400 feet to the south side of Snake River; thence running in a westerly direction along the south side of Snake River for a distance of about twenty miles to a point near the center of Section 5,

Township 6, South of Range 11 East, B. M., which is the end of the main canal, from which point, the distribution system, consisting of main laterals known as the Poison Basin Branch, King Hill Siphon, King Hill Branch, King Hill Bench Branch and Glenns Ferry Branch, together with subordinate laterals, extends on, over and across lands in Townships 5 and 6 South, Ranges 10 and 11 East, Boise Meridian.

That, between the 13th day of July, 1909, and the 2nd day of July, 1910, plaintiff, at the instance and request of defendant and as an original contractor, furnished, sold and delivered to defendant at Ballard Station, Seattle, State of Washington, certain materials to be used and which were actually used in the construction and repair of the said ditch, flume and canal hereinbefore described at the agreed price and of the reasonable value of twelve thousand three hundred sixty-three and twenty-four hundredths (\$12,363.24) dollars, upon the following terms, to-wit: Payment to be made in cash and, if not paid, interest to be charged after thirty (30) days from the date of invoice.

That a statement of which said materials so furnished, together with the dates upon which the same were furnished, being the dates of invoice, respectively, is as follows, to-wit:

1909.

July 13	To Mdse.	\$ 152.48
July 17	To Mdse.	17.40

		\$2,291.91

and that there is now due and owing to this plaintiff from defendant on account of materials so furnished, sold and delivered as aforesaid, the sum of ten thousand seventy-one and thirty-three hundredths (\$10,071.33), together with interest to date of payment at the lawful rate of seven (7) per cent. per annum upon each and every of the several items for merchandise furnished, as per statement in Paragraph 4 of this complaint alleged, from and after thirty (30) days from the date of said several items less interest on the several credits hereinbefore in this paragraph set forth.

6.

That plaintiff ceased to furnish materials for said ditch, flume and canal, as aforesaid, on the 2nd day of July, 1910, and within ninety (90) days after it had ceased to furnish materials therefor, as aforesaid, and for the purpose of perfecting a lien on said ditch, flume and canal for the moneys so due on account of materials furnished, as aforesaid, plaintiff filed for record in the offices of the County Record-ers of Elmore and Owyhee Counties, State of Idaho, its claim of lien duly verified, which said claim was duly recorded on the records of said Elmore County on August 4, 1910, in Book 18 of Liens at Page 401 and on the records of said Owyhee County on August 5, 1910, in Book 3 of Leases and Liens, at Page 260; that a copy of said claim of lien is hereto attached, marked "Exhibit A", and made a part of this complaint.

7.

That plaintiff paid for the filing and recording of said claim of lien the sum of four and twenty hundredths (\$4.20) dollars, no part of which has been repaid to it.

8.

That the sum of one thousand (\$1,000) dollars is a reasonable fee to be allowed the plaintiff in this action for the prosecution of the same and the foreclosure of said lien, as provided by the laws of this state.

9.

That the said canal system cannot be divided into parts or sections and that it is necessary to sell the whole thereof, including the dams, ditches, flumes and laterals, rights of way and all the property and appurtenances connected therewith as hereinbefore set forth and described, to satisfy the claim of plaintiff.

*Wherefore*, plaintiff prays judgment against the defendant:

1.

For the sum of ten thousand seventy-one and thirty-three hundredths (\$10,071.33) dollars, together with interest to date of payment at the lawful rate of seven (7) per cent. per annum upon each and every of the several itmes for merchandise furnished, as per statement in paragraph 4 of this complaint alleged, from and after thirty (30) days from

the date of said several items less interest on the several credits hereinbefore in Paragraph 5 of this complaint set forth.

2.

For its costs and disbursements herein incurred, including the sum of four and twenty hundredths (\$4.20) dollars paid for filing and recording claim of lien and the sum of one thousand (\$1,000) dollars, attorneys' fees for the prosecution of this action.

3.

That it may be decreed that the said claim of lien so filed by plaintiff was and is a valid and subsisting lien against said canal system of defendant, together with the dams, ditches, canals, and laterals, rights of way and all the property and appurtenances connected therewith, as hereinbefore in Paragraph 3 of this complaint and in the said lien described, for the amount of said claim of lien less any payments which may, subsequent to the filing of this complaint, be made thereon.

4.

That it be decreed that the said canal system, as hereinbefore described, be sold under decree of this court and that the proceeds of such sale be first applied to the payment of the costs thereof and that the balance be applied to the payment of the amount due plaintiff under its said lien, together with costs, including the filing and recording of said claim of lien and attorney's fees.

5.

And for such other and further relief as to the court shall seem meet.

N. M. RUICK,  
B. W. OPPENHEIM,

Attorneys for Plaintiff. Residence, Boise, Idaho.

State of Idaho,  
County of Ada—ss.

N. M. Ruick, of said county, being duly sworn, says he is Attorney for the Plaintiff in the above entitled action; that he has read the foregoing complaint and knows the contents thereof and that the same is true of his own knowledge except as to matters which are therein stated to be on his information or belief and as to those matters he believes it to be true.

That the reason this verification is not made by the plaintiff is that it is a foreign corporation having no officer or officers or place of business resident or within the State of Idaho.

## EXHIBIT I.

*In the Circuit Court of the United States of America,  
in and for the District of Idaho, Southern Division.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,  
Defendant.

## ANSWER.

The defendant, Kings Hill Irrigation & Power Company, now and at all times hereafter saving to itself all, and all manner of benefits, or exceptions, or otherwise, that can or may be had or taken to the many errors, incidents and imperfections in the bill contained for answer thereto, or so much thereof as this defendant is advised it is material or necessary for it to make answer to, answers and says:

## I.

Admits the allegations in Paragraph I.

## II.

Admits the allegations in Paragraph II.

## III.

Answering Paragraph III of said bill of complaint, denies that the said defendant, Kings Hill Irrigation & Power Company now is, or during the times or any of them, in said bill of complaint mentioned, was the owner of that certain ditch, flume and canal described in said bill of complaint, as "Kings Hill Ca-

nal," or any part thereof, or the right of way therefor described in said bill of complaint, or any part thereof, or the appurtenances mentioned in said bill of complaint as thereunto belonging, or any part thereof other than as conditioned upon and subject to that certain Act of the United States Congress commonly known as the Carey Act, and that said Act of the Legislature of Idaho accepting the benefits of said Carey Act and subject to the terms and provisions of that certain contract between the State of Idaho and the said defendant for the construction of the said Kings Hill Canal.

#### IV.

Answering Paragraph IV of said bill of complaint, this defendant admits that between the 13th day of July, 1909, and the 2d day of July, 1910, the said plaintiff, at the instance and request of this defendant, furnished, sold and delivered to said defendant the materials mentioned in said bill of complaint, but this defendant denies that such materials were furnished the said defendant at the instance or request of said defendant as an original or other contractor other than as owner, subject to the rights hereinafter set forth, and this defendant further denies that the said materials or any part thereof, were furnished by the said plaintiff to the said defendant upon any contract of any nature or kind other than the mere ordering of such materials from time to time as required by the defendant, on open, general and current account, without any agreement or understanding as to where, or when, or how, such materials, or

any part thereof, were to be used; and denies that if the payments for said materials were not made in cash interest was to be charged after thirty (30) days from the date of invoice, or any other time; and denies that there was ever at any time any understanding or agreement relative to the payment of interest on any deferred payments for such materials.

## V.

Answering the Paragraph V of said bill of complaint, this defendant admits payments made as therein stated, but this defendant denies that there is any interest due or owing said plaintiff at the rate of seven (7) per cent. or any other rate upon each or every or any of the several items of merchandise mentioned in said bill of complaint from or after thirty (30) days or any other number of days from the date of said several items, less interest on the several or any of the credits mentioned in said bill of complaint set forth in Paragraph V or otherwise, or at all.

## VI.

Answering Paragraph VI of said bill of complaint, this defendant admits that the plaintiff ceased furnishing such materials on the 2d day of July, 1910, but this defendant denies that within ninety (90) days after said plaintiff had so ceased to furnish such materials, or for the purpose of proving a lien on said ditch, flume or canal, or otherwise, for the money or any part thereof, due on account of said materials furnished, or otherwise, plaintiff filed for

record in the offices or either of them, of the County Recorders of Elmore or Owyhee Counties, State of Idaho, its claim of lien, duly verified or otherwise, as to the items of merchandise mentioned in Paragraph IV of Bill of Complaint, and alleged to have been furnished on July 13th, July 17th, August 12th, and October 23d, 1909, or any of them. But this defendant admits that the plaintiff filed for record in said Counties, the same as recorded, the claim of lien mentioned in said bill of complaint as therein alleged.

## VII.

Answering Paragraph VIII of said Bill of Complaint this defendant denies that One Thousand Dollars (\$1,000.00) or any other sum is a reasonable fee to be allowed the plaintiff in this action for the prosecution of the same or the foreclosure of the said alleged lien.

## IX.

Answering Paragraph IX of said Bill of Complaint, this defendant admits that this canal system could be divided in parts or sections, but denies that it is necessary to sell the whole or any part thereof, or any of the appurtenances connected therewith to satisfy the claim of plaintiff, or any part thereof.

And further answering plaintiff's Bill of Complaint, this defendant alleges:

That this defendant, by specific and current orders, at intervals as it required the materials set forth in Paragraph IV of said Bill of Complaint, re-

quested said plaintiff to ship the said materials to the said defendant, and the same were so shipped and used by the defendant in the construction of the structures mentioned in Paragraph III of said Bill of Complaint, which structures were erected under the terms and provisions of and subject to that certain Act of Congress of the United States commonly known as the Carey Act, and under the terms and provisions of and subject to that certain Act of the Legislature of the State of Idaho accepting the benefit of the said Carey Act, and pursuant to the terms and provisions of that certain written contract between the State of Idaho and this defendant, providing for the construction of the said canal system, pursuant to the terms and provisions of the said Acts and each of them, and not otherwise, and by reason thereof such canals, flumes and structures described in said Bill of Complaint are not subject to the claim of lien alleged in said plaintiff's Bill of Complaint, or any such claim of lien.

*Wherefore*, this defendant having fully answered, traversed and avoided or denied all the matters in said Bill of Complaint materially to be answered according to its best knowledge and belief, humbly prays this Honorable Court to enter its decree, and that this defendant be hence dismissed with its reasonable costs and charges in this behalf most wrongfully sustained.

EXHIBIT K.

*In the Circuit Court of the United States, for the  
District of Idaho, Southern Division.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

VS.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,  
Defendant.

*No. 351. Decree.*

This cause came on to be heard at this term, and was argued by counsel; and, thereupon, upon consideration thereof:

It was ordered, adjudged and decreed that there is due and owing to plaintiff, Pacific Coast Pipe Company, by defendant, Kings Hill Irrigation & Power Company, the sum of Ten Thousand Seventy-one Dollars Thirty-three Cents (\$10,071.33), together with accrued interest thereon at the rate of Seven Per Cent (7%) per annum from October 2nd, 1910, said interest amounting to Eight Hundred Forty-five Dollars Ninety-nine Cents (\$845.99), together with the further sum of Four Dollars Twenty Cents (\$4.20) for filing and recording plaintiff's claim of lien herein, together with the further sum of Seven Hundred Fifty (\$750.00) Dollars attorneys' fees herein, or the sum total of Eleven Thousand Six Hundred Seventy-one Dollars Fifty-two Cents (\$11,671.52), and that plaintiff, Pacific Coast Pipe Company, have and recover of the defendant,

Kings Hill Irrigation & Power Company, the said sum of Eleven Thousand Six Hundred Seventy-one Dollars Fifty-two Cents (\$11,671.52), with interest until paid and the costs of this cause, for which execution will issue.

And it was further ordered, adjudged and decreed that the said sum of Eleven Thousand Six Hundred Seventy-one Dollars Fifty-two Cents (\$11,671.52), with accruing interest, is a lien upon that certain ditch, flume and canal and right of way therefor, described in the complaint herein and located in Lincoln, Twin Falls, Owyhee and Elmore Counties, State of Idaho, together with all appurtenances thereunto belonging or in anywise appurtenant and including all main and subordinate laterals, dams, headgates, rights of way, water rights, etc., which canal is more particularly described as follows, to-wit:

The intake of said canal is at a point on the right bank of the Malad River in Lincoln County, State of Idaho, near the North and South line between the Northwest Quarter of the Northwest Quarter ( $NW\frac{1}{4}$  of  $NW\frac{1}{4}$ ) and the Northeast Quarter of the Northwest Quarter ( $NE\frac{1}{4}$  of  $NW\frac{1}{4}$ ) of Section Thirty-five (35), Township six (6) South, Range thirteen (13) East, Boise base and Meridian; said point being approximately South 75 deg. 22 min., East one thousand one hundred ninety-five and five-tenths (1195.5) feet from the Southeast corner of Section twenty-seven (27), said township and range. From the said point of diversion the canal continues

along the right bank of said river for a distance of about five thousand six hundred (5600) feet to Snake River; thence across Snake River on a steel span bridge in an inverted syphon wooden pipe one thousand four hundred (1400) feet to the South side of Snake River; thence running in a westerly direction along the South side of Snake River for a distance of about twenty miles to a point near the center of Section five (5), Township six (6) South, Range eleven (11) East, Boise Meridian, which is the end of the main canal, from which point the distribution system, consisting of main laterals known as the Poison Basin Branch, Kings Hill Syphon, Kings Hill Branch, King Hill Bench Branch and Glenns Ferry Branch, together with subordinate laterals, extends on, over and across lands in Townships five (5) and six (6) South, Ranges ten (10) and eleven (11) East, Boise Meridian, not including or covering what is known as the "Craster Flat" unit or lateral.

And it was further ordered, adjudged and decreed that, if said sum of money with accruing interest and the costs of this cause are not paid or caused to be paid by the defendant, Kings Hill Irrigation & Power Company, within ninety days from the entry of this decree, then R. M. McCracken, Special Master, shall sell the property hereinbefore described, to satisfy plaintiff's lien, to the highest bidder for cash at public auction at the door of the Court House of Owyhee County, State of Idaho, in the Town of Silver City, in said Owyhee County,

State of Idaho, the county in which the greater part of said property is located.

That thirty days' notice of such proposed sale, giving the time and place thereof and a description of the property to be sold, shall be given by said Special Master by advertisement once a week for four weeks prior to such sale in the Owyhee Nugget, a newspaper printed, regularly issued and having general circulation in Owyhee County, State of Idaho, and in the Shoshone Journal, a newspaper printed, regularly issued and having general circulation in Lincoln County, said state, in both of which counties a portion of said property is situated.

And further that the Special Master making such sale may, either personally or by some person to be designated by him to act in his name, and by his authority, adjourn the sale from time to time without further advertisement, but only on the request of the plaintiff or its attorneys or by order of the court or judge thereof.

That the plaintiff may become a purchaser at such sale.

That said Special Master, after the time allowed by law for redemption, execute a deed to the purchaser or purchasers of said premises on said sale.

That said Special Master, out of said proceeds, retain his fees, disbursements and commission on said sale and pay to plaintiff, or its attorneys, out of said proceeds its costs in this suit and the monies found to be a lien upon said premises as hereinbefore de-

creed, with interest thereon from this date at the rate of seven (7%) per cent per annum, or so much thereof as said proceeds of sale will pay for the same.

That the defendant and all persons claiming or to claim from or under it be forever barred and foreclosed of and from all equity of redemption and claim in and to said premises and every part thereof, from and after the delivery of said Special Master's deed.

That the purchaser or purchasers of said premises at such sale be let into possession thereof and that the defendant in possession of said premises or any part thereof, or any person who, since the commencement of this action, comes into possession of it, deliver possession thereof to such purchaser or purchasers on production of the Special Master's deed for such premises or any part thereof.

And it was further ordered, adjudged and decreed that if the monies arising from the said sale shall be insufficient to pay the amount so found due to the plaintiff, as above states, with interest and costs and expenses of sale, as aforesaid, the Special Master shall specify the amount of such deficiency and balance due to plaintiff in his return of said sale, and that on the coming in and filing of said return the Clerk of this court docket a judgment for such balance against the defendant, Kings Hill Irrigation & Power Company, and that the said defendant pay to the said plaintiff the amount of such deficiency and judgment, with interest thereon at the rate of seven per cent per annum from the date of said last

mentioned return and judgment and that the plaintiff have execution therefor.

It was further ordered that R. M. McCracken be and he hereby is designated and appointed a Special Master to make the sale hereby ordered and decreed and to execute and deliver a deed of conveyance of the property so to be sold, to the purchaser or purchasers thereof, on the order of the court or a judge thereof confirming such sale, the court, however, reserving the right to appoint, in term time or at chambers, another person such Special Master with like powers, in case of the death or disability to act of the Special Master hereby designated, or in case of his resignation or failure to act or removal by the court.

Done this 14th day of December, 1911.

FRANK S. DIETRICH,  
District Judge.

Costs taxed at \$36.45.

EXHIBIT L.

*In the District Court of the United States, for the  
District of Idaho, Southern Division.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,

Defendant.

*Order of Sale.*

*The President of the United States:*

To R. M. McCracken, Special Master in Chancery,  
*Greeting:*

*Whereas*, Pacific Coast Pipe Company, a corporation, on the 14th day of December, 1911, recovered a judgment and decree against Kings Hill Irrigation & Power Company, a corporation, in an action wherein the said Pacific Coast Pipe Company, a corporation, is plaintiff and the said Kings Hill Irrigation & Power Company, a corporation, is defendant, which said judgment and decree is recorded in Judgment Book One of said court, on page 485, and which is in the words and figures following, to-wit:

(See Exhibit K of this statement for copy of decree, which is made a part of this Order of Sale.)

Now, therefore, you, the said R. M. McCracken, are hereby commanded and required to proceed to notice for sale, and to sell the premises hereinbefore described, to apply the proceeds of such sale to the satisfaction of said judgment and decree with the interest thereon, and costs, together with your fees, and to make and file your return of such sale to the Clerk of the said District Court within sixty days from the date hereof, and to do all things according to the terms and requirements of the said judgment and the provisions of the statute in such cases made and provided.

Witness the Honorable FRANK S. DIETRICH,  
Judge of the District Court of the United States, for  
the District of Idaho, and the seal of said Court, this  
17th day of April, 1912.

A. L. RICHARDSON,

Clerk.

*In the District (Formerly Circuit) Court of the  
United States, for the District of Idaho,  
Southern Division.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,

Defendant.

No. 351.

*To the Honorable, the Judge of the District (former-  
ly Circuit) Court of the United States for the Dis-  
trict of Idaho, Southern Division:*

The undersigned, appointed Special Master in the  
above entitled cause by an order contained in the de-  
cree made therein on December 14, 1911, and filed  
December 30, 1911, and directed by an order of sale  
issued out of the District Court of the United States,  
for the District of Idaho, in said cause, on the 17th  
day of April, 1912, to make sale of the property of  
the Kings Hill Irrigation & Power Company, a cor-  
poration, described in the decree and order of sale

hereinbefore referred to, respectfully reports that, pursuant to law and the terms of said decree, he caused thirty (30) days' notice of such proposed sale to be given by advertisement once a week for four weeks prior to such sale in the Owyhee Nugget, a newspaper printed, regularly issued and having a general circulation in Owyhee County, State of Idaho, as also in the Shoshone Journal, a newspaper printed, regularly issued and having a general circulation in Lincoln County, said state, in both of which counties a portion of said property was and is situated, in which notices, and each of them, there was given the time and place of such proposed sale and a description of the property to be sold.

That, on the day fixed for said sale, to-wit, on the 28th day of May, 1912, I proceeded to Silver City, in Owyhee County, said State of Idaho, and then and there, at the time and place advertised for said sale, offered for sale to the highest bidder the said property described in said decree, and in said notices of sale, in accordance with the terms of said decree, order of sale and notice of sale, of which terms I then and there made due and public proclamation; whereupon, at said time and place, Pacific Coast Pipe Company, plaintiff in said action, bid the sum of Twelve Thousand One Hundred Ninety-two and Sixty Hundredths (\$12,192.60) Dollars, being the full amount named in said judgment and decree, with accrued interest and costs, including Master's fees, disbursements and commissions on said sale, which said bid being the only bid made or offered at said

sale, I thereupon struck off and sold the said property to said Pacific Coast Pipe Company.

That the property so offered for sale and sold was and is described in said decree and in said order and notice of sale, and is described as follows:

That certain ditch, flume and canal and right of way therefor, described in the complaint herein and located in Lincoln, Twin Falls, Owyhee and Elmore Counties, State of Idaho, together with all appurtenances thereunto belonging or in anywise appurtenanting and including all main and subordinate laterals, dams, head-gates, rights of way, water rights, etc., which said canal is more particularly described as follows, to-wit:

The intake of said canal is at a point on the right bank of the Malad River in Lincoln County, State of Idaho, near the North and South line between the Northwest Quarter of the Northwest Quarter ( $NW\frac{1}{4}$  of  $NW\frac{1}{4}$ ) and the Northeast Quarter of the Northwest Quarter ( $NE\frac{1}{4}$  of  $NW\frac{1}{4}$ ) of Section thirty-five (35), Township six (6) South, Range thirteen (13) East, Boise base and meridian; said point being approximately South 75 deg. 22 min., East one thousand one hundred ninety-five and five-tenths (1195.5) feet from the Southeast corner of Section twenty-seven (27), said township and range. From the said point of diversion the canal continues along the right bank

of said river for a distance of about five thousand six hundred (5600) feet to Snake River; thence across Snake River on a steel span bridge in an inverted syphon wooden pipe one thousand four hundred (1400) feet to the South side of Snake River; thence running in a West-erly direction along the South side of Snake River for a distance of about twenty miles to a point near the center of Section five (5), Town-ship six (6) South, Range eleven (11) East, Boise Meridian, which is the end of the main canal, from which point the distribution system, consisting of main laterals known as the Poison Bench Branch and King Hill Syphon, King Hill Branch, King Hill Bench Branch and Glenns Ferry Branch, together with subordinate later-als, extends on, over and across lands in Town-ships five (5) and six (6) South, Ranges ten (10) and eleven (11) East, Boise Meridian, not including or covering what is known as the Craster Flat unit or lateral.

All of which is reported to this Honorable Court for its information and such action as it may deem proper in the premises.

R. M. McCRACKEN,  
Special Master.

---

## EXHIBIT M.

*In the District (Formerly Circuit) Court of the  
United States, for the District of Idaho,  
Southern Division.*

PACIFIC COAST PIPE COMPANY, a Corporation,  
Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COM-  
PANY, a Corporation,  
Defendant.

The report of Robert M. McCracken, heretofore appointed Special Master to make the sale heretofore ordered and decreed, having been duly filed and it appearing therefrom that said Special Master duly struck off and sold as one parcel and as an entirety the whole of the property mentioned and described in said decree to the plaintiff in said cause, Pacific Coast Pipe Company;

And it appearing further that notice has been duly given to the attorneys for said defendant of the return and report of sale by said Special Master and that plaintiff would move for a decree to be entered confirming the said sale;

*Now, therefore*, it is, on motion of the attorneys for plaintiff, by the Court ordered, adjudged and decreed that the said sale be, and the same is, hereby confirmed.

FRANK S. DIETRICH,  
United States District Judge.

Dated July 9, 1912.

## EXHIBIT N.

*This Indenture*, made this 5th day of September, 1913, between R. M. McCracken, Special Master appointed by the Judge of the District (formerly Circuit) Court of the United States, for the District of Idaho, Southern Division, in that certain action entitled Pacific Coast Pipe Company, a corporation, plaintiff, vs. Kings Hill Irrigation & Power Company, a corporation, defendant, the party of the first part, and the Pacific Coast Pipe Company, a corporation of the State of Washington, with its principal place of business at Seattle, County of King, in said State of Washington, the party of the second part.

## WITNESSETH:

*Whereas*, in and by a certain judgment or decree rendered by the District (formerly Circuit) Court of the United States, for the District of Idaho, Southern Division, on the 14th day of December, 1911, and entered therein on the 30th day of December, 1911, in a certain action then pending in said court, wherein the Pacific Coast Pipe Company, a corporation, was plaintiff and the Kings Hill Irrigation & Power Company, a corporation, was defendant, and of which said judgment or decree a certified copy was delivered to said party of the first part, as such Special Master, for execution, it was, among other things, ordered, adjudged and decreed, that, if the said judgment was not paid within ninety days from the entry of said decree, the party of the first part as such Special Master should sell the property hereinafter and in said decree described, to satisfy plain-

tiff's lien in said action decreed, to the highest bidder for cash at public auction at the door of the Court House of Owyhee County, State of Idaho, in the town of Silver City, in said Owyhee County, State of Idaho; that thirty (30) days' notice of such proposed sale, giving the time and place thereof and a description of the property to be sold, should be given by said Special Master by advertisement once a week for four weeks prior to such sale in "The Owyhee Nugget," a newspaper printed, regularly issued and having general circulation in Owyhee County, State of Idaho, and in the "Shoshone Journal," a newspaper printed, regularly issued and having general circulation in Lincoln County, State of Idaho; that the plaintiff might become a purchaser at such sale; and that said Special Master, after the time allowed by law for redemption, execute a deed to the purchaser of said premises on said sale; and

*Whereas*, the said Special Master, did, pursuant to law and the terms of said decree, cause thirty (30) days' notice of such proposed sale to be given by advertisement once a week for four weeks prior to such sale in "The Owyhee Nugget," a newspaper printed, regularly issued and having general circulation in Owyhee County, State of Idaho, as also in the "Shoshone Journal," a newspaper printed, regularly issued and having general circulation in Lincoln County, said state, in both of which counties a portion of said property was and is situated, in which notices, and each of them, there was given the time

and place of such proposed sale and a description of the property to be sold; and

*Whereas*, on the day fixed for said sale, to-wit, on the 26th day of May, 1912, the said Special Master did duly sell at public auction at the door of the Court House of Owyhee County, State of Idaho, in the town of Silver City, in said Owyhee County, State of Idaho, agreeably to the said judgment or decree and the provisions of law, the premises in said judgment or decree mentioned; at which sale the premises in said judgment or decree and hereinafter described, were fairly struck off to the said Pacific Coast Pipe Company, the said party hereto of the second part, for the sum of Twelve Thousand One Hundred Ninety-two and Sixty Hundredths Dollars (\$12,192.60), lawful money of the United States, it being the highest bidder and that being the highest sum bid for the same; and

*Whereas*, the said party of the second part thereupon paid to the said Special Master the said sum of money so bid by it; and

*Whereas*, the said Special Master thereupon reported the said sale to said court and the said court did, on the 10th day of July, 1912, enter an order confirming said sale to the party of the second part herein; and

*Whereas*, more than one year has elapsed since the date of said sale and no redemption has been made of the premises so sold, as aforesaid, by or on

behalf of the said judgment debtor, the said defendant, or by or on behalf of any other person;

*Now, Therefore, this Indenture Witnesseth*, that the said party of the first part, the said R. M. McCracken, Special Master, in order to carry into effect the sale so made by him as aforesaid, in pursuance of said judgment or decree and in conformity to the statute in such case made and provided, and also in consideration of the premises and the sum of Twelve Thousand One Hundred Ninety-two and Sixty Hundredths Dollars (\$12,192.60), lawful money of the United States, so bid and paid to him by said purchaser, the said Pacific Coast Pipe Company, the receipt whereof is hereby acknowledged, has granted, bargained, sold and conveyed and by these presents does grant, bargain, sell and convey unto the said party of the second part and to its successors and assigns forever:

That certain ditch, flume and canal and right of way therefor described in the complaint herein and located in Lincoln, Twin Falls, Owyhee and Elmore Counties, State of Idaho, together with all appurtenances thereunto belonging or in anywise appurtenanting and including all main and subordinate laterals, dams, headgates, rights of way, water rights, etc., which said canal is more particularly described as follows, to-wit:

The intake of said canal is at a point on the right bank of the Malad River in Lincoln County, State of Idaho, near the North and South line between the

Northwest Quarter of the Northwest Quarter (NW $\frac{1}{4}$  of NW $\frac{1}{4}$ ) and the Northeast Quarter of the Northwest Quarter (NE $\frac{1}{4}$  of NW $\frac{1}{4}$ ) of Section thirty-five (35), Township six (6), South, Range thirteen (13) East, Boise base and Meridian; said point being approximately South 75 degrees 22 minutes East one thousand one hundred ninety-five and five tenths (1,195.5) feet from the southeast corner of Section twenty-seven (27), said township and range. From the said point of diversion the canal continues along the right bank of said river for a distance of about five thousand six hundred (5,600) feet to Snake River; thence across Snake River on a steel span bridge in an inverted syphon wooden pipe one thousand four hundred (1,400) feet to the south side of Snake River; thence running in a westerly direction along the south side of Snake River for a distance of about twenty miles to a point near the center of Section five (5), Township six (6) South, Range eleven (11) East, Boise Meridian, which is the end of the main canal, from which point, the distribution system, consisting of main laterals known as the Poison Basin Branch, King Hill Syphon, King Hill Branch, King Hill Bench Branch, and Glenss Ferry Branch, together with subordinate laterals, extends on, over and across lands in Townships five (5) and six (6) South, Ranges ten (10) and eleven (11) East, Boise Meridian, not including or covering what is known as the Craster Flat unit or lateral.

Together with all and singular the tenements, hereditaments, and appurtenances thereunto belong-

ing, or in any wise appertaining, and the reversion and reversions, remainder and remainders, rents, issues, and profits thereof,

To have and to hold, all and singular, the premises above mentioned and described, and hereby conveyed, or intended so to be, together with the appurtenances, unto the said party of the second part, its successors and assigns forever.

*In Witness Whereof*, the party of the first part as Special Master as aforesaid, has hereunto set his hand and seal the day and year first above written.

(Seal)

R. M. M'CRACKEN,  
Special Master.

Witnesses:

W. C. Bower,  
Ella Woods.

United States of America,  
District of Idaho,  
County of Ada—ss.

On this 5th day of September in the year 1913, before me, A. L. Richardson, Clerk of the Circuit Court for the District of Idaho, personally appeared R. M. McCracken, known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

*In Witness Whereof*, I have hereunto set my hand and affixed my official seal, the day and year in this certificate first above written.

A. L. RICHARDSON,  
Clerk.

The above and foregoing statement of the evidence on the appeal having been presented to me for settlement and it appearing to me that the same is true, complete and properly prepared; and it further appearing to me that the solicitors for plaintiff and for all other parties to the suit, were duly notified of the lodgment of such statement and have made no objections and have proposed no amendments thereto.

The said statement is, therefore, approved this 30th day of June, 1914.

FRANK S. DIETRICH,

United States District Judge, District of Idaho.

*Indorsed: Filed June 30, 1914. A. L. Richardson Clerk.*

CONTINENTAL & COMMERCIAL TRUST &  
SAVINGS BANK,

Plaintiff,

vs.

KINGS HILL IRRIGATION & POWER COMPANY, et al.,

Defendants and Interveners.

No. 428

*Memorandum Decision.*

Nov. 18, 1913.

Mayer, Meyer, Austrian & Platt, and Richards & Haga, Attorneys for Plaintiff.

N. M. Ruick, Wood & Driscoll, Benjamin S. Crow, F. B. Ebbert, and T. S. Risser, Attorneys for Defendants and Interveners.

## DIETRICH, DISTRICT JUDGE:

1. The controlling question in the controversy between the plaintiff and the defendant, Pacific Coast Pipe Company, is thought to be ruled by the decision filed in this court November 18, 1913, in the case of Utah Implement-Vehicle Company vs. Frank C. Bowman, Trustee, and others; for the information of counsel and for their convenience a copy of that decision, so far as it is pertinent, is appended hereto. The only consideration suggested as possibly differentiating the two records is that here the loss of the Pipe Company's lien through failure to make the plaintiff a party to its foreclosure suit is not pleaded. But it is not incumbent upon the plaintiff to plead this fact as an affirmative defense to the cross complaint. The universal practice, so far as I have observed, is for the plaintiff, in a suit to foreclose a mechanic's lien, to plead all the facts necessary to show that its claim constitutes a valid subsisting lien, including the fact that it has not been lost by lapse of time; and a complaint failing so to do is held to be demurrable. This rule it is thought is supported both upon principle and by the weight of authority. *Davis vs. Bartz*, 69 Wash. 395, 118 Pac. 334. *Fury v. Boekler*, 6 Mo. App. 29; *Badger L. Co. v. Staley* (Mo.), 125 S. W. 779. *Peterson v. Dillon*, 67 Pac. 397. *Savings Bank v. Powhatan, etc.*, 46 S. E. 294. *Stern v. La Compaignie*, 110 Fed. 996. *The Harrisburg*, 119 U. S. 199. *Arnson v. Murphy*, 115 U. S. 579. *Frates v. Sears*, 77 Pac. 905. *Graves v. Seifreid*, 87 Pac. 674. *Boncofska v. Jacobsen*, 104 Pac. 117.

2. From the conclusion stated in the foregoing paragraph it also follows that the Pipe Company now has no lien upon the bridge upon which the Steel & Machinery Company claims a lien; and therefore it has nothing to foreclose. If it now holds the legal title to the bridge, apparently it may contest the Machinery Company's foreclosure in the state court.

3. The complainant's trust deed does not purport to describe the bridge or any property in Elmore County, and the lien thereof must therefore be held to be limited to property situate in Lincoln, Twin Falls, and Owyhee Counties, and not to extend to the bridge or the pipe line carried thereon, or the ditches on the north side of Snake River supplied by such pipe line.

4. The evidence shows that the outstanding bonds secured by the trust deed aggregated \$358,400.00. They bear interest at the rate of six per cent. per annum, and no interest has been paid thereon since May 1, 1911. The complainant is therefore given a decree for \$358,400.00, with simple interest thereon at the rate of six per cent. per annum from May 1, 1911, up to the date of the entry of the decree.

Under Section 1539 of the Idaho revised codes, it is not thought that interest can be allowed upon the overdue interest coupons. *Vermont Loan & Trust Co. v. Hoffman*, 5 Idaho, 376; 49 Pac. 314. *Cleveland v. Western Loan & Savings Co.*, 7 Idaho, 477; 63 Pac. 885.

5. Let the complainant prepare a decree in harmony herewith, the same to guard the rights of the Extension Company, the State, and the settlers, to the extent agreed upon at the hearing. Draft of decree should be submitted to counsel for the several interests represented. It is desired that the decree be drafted and offered for signature without unreasonable delay.

EXCERPT FROM DECISION IN  
UTAH IMPLEMENT-VEHICLE CO., a Corpora-  
tion,

v.

FRANK C. BOWMAN, as Trustee, and others.

The precise question therefore is, whether or not a lien claimant under the machinics' lien law of Idaho loses his priority of lien as against a junior mortgagee, by foreclosing his lien without bringing in and making a party to such foreclosure suit the mortgagee, the period provided by the statute in which proceedings may be commenced for the enforcement of the lien, expiring during the pendency of the suit.

A mechanics' lien is wholly the creature of statute, and therefore the question must be referred to the statutory law of the state. In construing such statutes two principles are to be borne in mind: Upon the one hand, they are to be construed liberally, with a view to effecting their object and doing substantial justice, and upon the other hand, we must take them as we find them, and we are

not at liberty to add to or subtract therefrom. The question of policy is one exclusively for the legislature, and it is our function only to ascertain, if possible, the intent of the statutes, and then administer them in such a manner as to give effect thereto.

Section 5110 of the Idaho Revised codes provides generally that every person performing labor upon, or furnishing materials to be used in the construction of a building, has a lien upon the same for the work done or materials furnished. Section 5114 provides that such liens are preferred to other incumbrances attaching subsequent to the time when the building was commenced or the work done or materials furnished. Section 5115 requires that any person claiming a lien shall, within the period therein prescribed, file his verified claim therefor, containing certain statements of fact, in the office of the county recorder of the county in which the property is situated. Section 5118 is as follows: "No lien provided for in this chapter binds any building, mining claim, improvement or structure for a longer period than six months after the claim has been filed, unless proceedings be commenced in a proper court within that time to enforce such lien; or, if a credit be given, then six months after the expiration of such credit; but no lien shall continue in force under this chapter for a longer period than two years from the time the work is completed, or credit given, unless proceedings to enforce the same shall have been commenced." Section 5124 provides that the general rules of civil procedure pre-

scribed by the codes shall apply in proceedings to foreclose liens. No other provisions are thought to have any material relation to the question under consideration, and it is apparent that, of those referred to, Section 5118, which is set out in full, is of primary importance. Admittedly, if no action at all is commenced within the period therein named, the lien lapses and absolutely ceases to exist as to all the world. The contention of the defendant, however, is that, under this section, "proceedings" are "commenced" when a suit to foreclose the lien is brought by the lienor against the owner of the property upon which the lien is claimed. The reasoning is that, in a suit of foreclosure of a mortgage or of a mechanics' lien, the owner of the title to the property is the only indispensable party, and that while others may be proper parties, their presence is not essential to the validity of the decree which may be entered therein. It is doubtless true that the owner of the property is the only indispensable party to such suit, and in a case where he is the sole defendant the decree is not void; it is effective to the extent of cutting off his rights and estate, and doubtless a deed issued to a purchaser upon a proper sale had under the provisions of such decree, operates to transfer his title to the purchaser. But upon the other hand, it is also undoubtedly the case that incumbrancers who are not made parties to such suit are in no wise affected by the decree, and their liens remain unimpaired. If not entirely aside from the point, therefore, it is certainly not

conclusive of the question under consideration to say that the decree entered in the consolidated case in the state court, foreclosing the liens of the several claimants, is valid. Likewise a decree would be valid if the suit were prosecuted against but one of several part owners of the property; but in such case what would be the status of the lien as touching the interests of the other part owners? So the plaintiff here, conceding that the decree in the former suit is conclusive upon the parties thereto, contends only that it is in no wise bound thereby, and that, the time having long since elapsed for foreclosing the liens against it, they have therefore ceased to exist, so far as its interest is concerned. And it must be conceded that its rights were not, and could not be, affected by a suit to which it was not a party. The record in that case cannot operate even as *prima facie* evidence against it. If it were assumed that the lien claimants are not prejudiced by the lapse of time, they could not now bring forward the decree as the measure or evidence of their rights, but as against the plaintiff they would be compelled to make proof *de novo* in support of their claims, the same as if such decree had never been entered. *Hassall v. Wilcox*, 150 U. S. 493. In that view it follows that no proceedings were ever commenced to enforce the liens against the interest of this plaintiff.

The real question, therefore is, whether or not the commencement of a proceeding against one party in interest operates to keep alive the lien as to all

parties in interest. It will be observed that Section 5118 does not purport in terms to prescribe who shall be made parties to the suit, either plaintiff or defendant, and in giving to it a practical construction it is necessary to interpolate a designation or description of the parties. Defendant would make the clause, "unless proceedings be commenced in a proper court, etc.," read, "unless proceedings be commenced in a proper court *against the owner of the property*, etc.," whereas the plaintiff would have it read, "unless proceedings be commenced in a proper court *against the person or persons against whose interests the lien is asserted*, etc." After the most earnest consideration, I cannot escape the conclusion that this latter view is in substantial accord with the true intent of the legislature. No lien, it is provided, shall bind the property for a period of more than six months, "unless proceedings be commenced in a proper court within that time to enforce such lien." But proceedings to enforce the lien against what and against whom? The natural answer is, the lien against the right or interest of anyone against whose right or interest the lien is claimed or asserted. The proceeding is one to foreclose a right, an estate, an interest, and it should be instituted against all those whose rights, estates or interests are claimed to be subordinate, and which may therefore be subject to foreclosure. Surely it is not sufficient merely to bring in such parties as will enable the plaintiff to procure some sort of valid decree. As already suggested, a suit by the claim-

ant against one of several co-owners of the property might result in a valid decree; it would establish the lien as against the estate of such defendant, and the ensuing sale would effectually foreclose his right. But by no one, as I understand, is it contended that such a proceeding would operate to keep alive the lien upon the interests of other part owners. If, then, such an interest remains unaffected thereby, why should an exception be made in the case of a mortgagee or the holder of an estate or interest of a different character? The proceeding is to be commenced to enforce the lien, not against a single specified estate or interest, but against any estate, interest, or right which the lienor claims to be adverse and subordinate to his lien, and therefore subject to foreclosure, and the privilege of commencing a proceeding for such a purpose, that is, for any foreclosure or the foreclosure of any right or interest, is, as to such right, interest, or estate, limited to the specified period.

If now we turn from an analysis of the text to a consideration of the reasons for enacting the provision and the objects to be affected thereby, we are impelled to the same conclusion. We must assume that the legislature acted neither arbitrarily nor capriciously, but upon the other hand the reasons must have seemed to it cogent for requiring suit to be commenced in so short a time. Manifestly, the principal, if not the only, purpose of such a limitation could have been to require that the amount and dignity of the lien be judicially ascertained and

established while the transaction out of which it arises is sufficiently recent to render the facts reasonably accessible to all parties concerned. Any dispute touching the amount of the claim, the date of its origin, or the time to which the lien relates, is thus to be conclusively settled while the facts are still fresh and the witnesses are available. Now it cannot be doubted that it is often quite as important, if not more important, to an incumbrancer who is a stranger to the transactions upon which the claim of lien is based, to have the benefit of this protection as to the owner himself, who is in a better position to know the facts and to preserve the evidence thereof. Disputes not infrequently arise between mortgagees and lien claimants touching the priority of their respective liens, and inasmuch as the facts establishing the date as of which the mechanics' lien attaches, often rest entirely in parol, and can therefore easily be colored or perverted, it is important that the issue be promptly determined. If we give place to the view urged by the defendant it could very well happen that after the lapse of years a mortgagor would for the first time learn or have reason to suspect that a title originating in the foreclosure of a mechanics' lien was claimed to be superior to the lien of his mortgage. Not having been made party to the suit, his natural presumption would be that the priority of his mortgage is conceded, and there would be nothing in the transfer of title or change of possession to put him upon his guard.

The argument that the limitation does not apply to a mortgage, because the validity and amount of a mechanics' lien may be established in a suit between the claimant and the owner of the property alone, and that the only issue in which the mortgagee is interested, namely, the date or relative dignity of the lien, may be tried out in a subsequent suit to redeem, insofar as it has any force at all, rests upon an erroneous assumption, which is, that the mortgagee has no right to question the amount or validity of the claim of lien. These are issues which the incumbrancer equally with the owner may raise, and for that purpose the mortgagee is entitled to his day in court. If, for instance, a lien were asserted for the value of material which was never furnished for use in a structure covered by the mortgage, it must be clear that the mortgagee may, by showing the fact, defeat the lien or reduce the amount thereof. As was pertinently said in *Davis v. Bartz*, 118 Pac. 334: "A mortgagee has something more than a mere right to redeem as against an antecedent lien. He has a right to contest its validity or assail its priority, if the evidence warrants either defense. He is entitled to his day in court upon these matters within the period fixed by the statute." See also *Hassal v. Wilcox*, 130 U. S. 493. *Davis v. Alvord*, 93 U. S. 545. *Brown v. Cornwell* (Va.), 60 S. E. 623. *Eastmore v. Brinkler*, 113 Ga. 637, 39 S. E. 105. *Adams v. Central City Granite Co.*, 154 Mich. 448, 117 N. W. 932. *Federal Trust Co. v. Guigues*, 76 N. J. Eq. 495, 74 Atl. 652.

Without prolonging the discussion, it is to be added only that upon the principal question the decided cases are not entirely in unison. Of those cited for the defendant, *De La Vergne Refrigerating Co. v. Montgomery Brewing Co.*, 57 Fed. 111, and *Monk v. Exposition, etc. Co.*, (Va.), 68 S. E. 280, it may be conceded, strongly tend to support its position. In *Cornell v. Conine-Eaton Lumber Co.*, (Colo.), 47 Pac. 912, it is made clear that the conclusion reached was the result largely, if not entirely, of the emphasis placed upon a provision of the statute not found in the Idaho law. In the others, namely, *Whitney v Higgins*, 10 Cal. 547; *Gamble v. Voll*, 15 Cal. 507, and *Gaines v. Childers* (Ore.), 63 Pac. 487, while certain language is used favorable to the defense, the precise question was not involved, and they are, to say the least, not directly in point. Furthermore, it is to be added, the construction which the defendant places upon the two California cases, seems to be out of harmony with the more recent decision in *Frates v. Sears* (144 Cal. 246, 77 Pac. 905), where the court cites with apparent approval, *Falconer v. Cochran* (68 Minn. 405, 71 N. W. 386), which unquestionably supports the plaintiff's contention here.

Upon the other hand, it is thought that the conclusion we have reached has the unequivocal sanction of the following cases: *Davis v. Bartz* (Wash.), 118 Pac. 334; *Deming-Colborn, etc., v. Union Nat'l, etc.*, (Ind.) 51 N. E. 936; *Union Natl, etc., v. Helberg*, (Ind.) 51 N. E. 916; *Stoermer v. People's Sav-*

*ings Bank* (Ind.), 52 N. E. 606; *Green v. Sanford* (Neb.), 51 N. W. 967; *Ballard v. Thompson* (Neb.) 58 N. W. 1133; *Smith v. Hurd* (Minn.) 52 N. W. 922; *Hokanson v. Gunderson* (Minn.), 56 N. W. 172; *Falconer v. Cochran* (Minn.), 71 N. W. 386; *Dunphy v. Riddle*, 86 Ill. 22; *Crowl v. Nagle*, 86 Ill. 437; *McGraw v. Bayard*, 96 Ill. 146; *Jacks v. Sullivan* (Mo.), 30 S. W. 890; *Badger L. Co. v. Staley* (Mo.), 125 S. W. 779. I refrain from collocating other cases, cited as indirectly tending to the same result.

*In the District Court of the United States for the  
District of Idaho, Southern Division.*

CONTINENTAL AND COMMERCIAL TRUST  
AND SAVINGS BANK, as Trustee,

Complainant,

vs.

KINGS HILL IRRIGATION & POWER COMPANY, a corporation; GLENN'S FERRY CANAL COMPANY, LIMITED, a corporation; PACIFIC COAST PIPE COMPANY, a corporation; KINGS HILL EXTENSION IRRIGATION COMPANY, LIMITED, a corporation; MINNEAPOLIS STEEL AND MACHINERY COMPANY, a corporation, and C. R. SHAW,

Defendants,

And

THE STATE OF IDAHO, on the relation of John M. Haines, Governor; Joseph Peterson, Attorney General; Wilfred L. Gifford, Secretary of State; Grace M. Shepherd, Superintendent of Public Instruction, and Fred Huston, State Auditor, constituting the State Board of Land Commissioners of the State of Idaho; F. E. WILSON et al., and CRASTER FARM & ORCHARD COMPANY,  
Intervenors.

### DECREE.

This cause came on to be heard this term and was argued by counsel, and, thereupon, upon consideration thereof, it was ORDERED, ADJUDGED and DECREED as follows, to-wit:

#### I.

That the mortgage or deed of trust, dated the second day of November, 1908, made by the defendant, KINGS HILL IRRIGATION & POWER COMPANY, to the complainant, and the supplemental mortgage, dated the first day of March, 1909, and made by the defendant, KINGS HILL IRRIGATION & POWER COMPANY, to the complainant herein, and which said mortgages or deeds of trust are sought to be foreclosed in this action, are first and paramount liens, prior and superior to the lien or interest of any of the other parties hereto, to secure the payment of the sums hereinafter found due, upon the following described property, to-wit:

#### DAM AND HEADWORKS.

All the right, title and undivided interest which said Kings Hill Irrigation & Power Company owned

or held, on the second day of November, 1908, or which it has since acquired, in that certain dam located in and across the Malad River, in the county of Gooding (formerly Lincoln County), State of Idaho, at a point on said river near the north and south line between the northwest quarter of the northwest quarter and the northeast quarter of the northwest quarter of Section 35, Township 6, South of Range 13 East, Boise base and meridian, the said point being approximately south 75 degrees 22 minutes each 1,195.5 feet from the southeast corner of Section 27, said township and range.

#### WORKS ON MALAD RIVER.

All the right, title and undivided interest which said Kings Hill Irrigation & Power Company owned or held on the second day of November, 1908, or which it has since acquired, in and to that certain canal, ditch, flume, headgate and headworks, through and by means of which water is diverted from said Malad River at the dam above described, and running thence along the right bank of said river for a distance of about 5,600 feet to the syphon pipe, hereinafter described, across Snake River.

#### SYPHON PIPE AND BRIDGE.

The inverted syphon pipe about 1,400 feet in length, by means of which the said waters of the Malad River are carried, conveyed and conducted across Snake River in the southwest quarter of the southwest quarter of said Section 27, Township 6, South of Range 13 East, Boise Meridian, and that

certain steel span bridge across said Snake River carrying and supporting said syphon pipe.

#### ENTIRE SYSTEM SOUTH SIDE SNAKE RIVER.

All canals, ditches, laterals, headgates, flumes and the entire irrigation system of the Kings Hill Irrigation & Power Company, owned or held by said Company on November 2, 1908, or which it subsequently acquired or constructed, commencing at the end of the syphon pipe above described, on the south side of Snake River, in the southwest quarter of the southwest quarter of Section 27, and extending thence in a general westerly direction on the south side of Snake River, through sections 28, 21, 20, 17, 18 and 7, Township 6, south of Range 13 east, and through sections 12, 11, 14, 15, 16, 17, 8, 7 and 18 in Township 6, South of Range 12 east, and Sections 13, 14, 15, 22, 21, 16, 17, 8, 9 and 4, and to a point near the center of Section 5 in Township 6, south of Range 11 east, the same being the terminus of the main canal; with all laterals, ditches, flumes and pipe lines and syphon pipes extending and leading from the said canal above described, and from the terminus thereof, and used for the irrigation of lands or domestic purposes in said Gooding (formerly Lincoln), Twin Falls, and Owyhee Counties, Idaho; the lower or northwesterly end of said irrigation system extending to a point near the northeast corner of Section 33, Township 5, South of Range 10 East, B. M. Provided, that no property situate in Elmore County is covered or affected by this decree.

## RIGHTS OF WAY.

All the right-of-way, easements, privileges and franchises for the dam, canals, ditches, laterals, pipe lines, syphon pipes and irrigation system owned by Kings Hill Irrigation & Power Company on the second day of November, 1908, or which it has since acquired.

## WATER LOCATION AND PERMIT.

All the right, title and undivided interest which said Kings Hill Irrigation & Power Company owned or held on the second day of November, 1908, or which it may since have acquired in and to the waters of said Malad River under and by virtue of that certain water location of 500 cubic feet per second, made on the 26th day of March, 1902, by Herman Rapp and Ernest Pearson; and under that certain water location made by the Glenns Ferry Land & Irrigation Company, Limited, on the 7th day of August, 1902, for 500 cubic feet per second, and under that certain permit known as Permit No. 438, and issued by the State Engineer of the State of Idaho, on the 23rd day of January, 1904, for 1,100 cubic feet per second.

## CONTRACTS WITH STATE OF IDAHO.

All the rights, grants, interest, privileges, easements and franchises acquired by the Kings Hill Irrigation & Power Company under the contract dated May 1st, 1908, between the State of Idaho, through its State Board of Land Commissioners, and the Company, as well as under any similar or

other contract theretofore entered into between the same parties or between the State of Idaho and the predecessor in interest of the said Kings Hill Irrigation & Power Company, including all the right, title and interest of whatsoever kind which the Kings Hill Irrigation & Power Company may have in and to its said irrigation system, and the right to sell or contract for the sale of water rights or shares in said irrigation works and system and shares of the capital stock of the Glenns Ferry Canal Company, Limited, now in the hands of the complainant or in the possession of the receiver heretofore appointed in this cause.

### WATER RIGHT CONTRACTS AND MORTGAGES.

All the right, title and interest originally held in said Kings Hill Irrigation & Power Company in and to the following described contracts heretofore made by said Kings Hill Irrigation & Power Company for the purchase of water rights and shares in said irrigation system, described in the contract between the State of Idaho by the State Board of Land Commissioners and the defendant, Kings Hill Irrigation & Power Company, as amended under date of May 1, 1908, constituting, to the extent of the unpaid portion of the purchase price of said water rights, first liens on the lands irrigated thereunder, and heretofore deposited with the complainant and assigned in writing by the defendant, Kings Hill Irrigation & Power Company, to the complainant, and the assignment thereof recorded in the office of the

County Recorder of the County where the land upon which the contract or contracts constitutes a lien may be situated, being the contracts below enumerated, there being specified in this decree and dates, numbers, names of the several contracting parties, description of lands covered, unpaid balances of principal, dates of filing for record, and books and pages of record (where reference in the following enumeration of books is by numerals, the contracts are recorded and land situated in Owyhee County, Idaho; where said reference to books is by letter, the contracts are recorded and the lands situated in Twin Falls County, Idaho), to-wit:

See Pages 19 to 23 inclusive, in the Bill of Complaint.

## STOCK AND AGREEMENTS GLENN'S FERRY CANAL CO., LTD.

All the right, title and interest of the Kings Hill Irrigation & Power Company, owned or held by the said Company on the second day of November, 1908, in and to the stock of the said Glenn's Ferry Canal Company, Limited, and all rights accruing to the Kings Hill Irrigation & Power Company under the agreement and agreements between the Kings Hill Irrigation & Power Company and the Glenn's Ferry Canal Company, Limited.

## II.

That there are outstanding four hundred sixty-three (463) bonds of the aggregate principal amount of Three Hundred Fifty-eight Thousand Four Hun-

dred Dollars (\$358,400), which said bonds are now due and payable, together with interest thereon at six per cent. per annum from the first day of May, 1911, and each of said bonds is secured by the said deed of trust or indenture of mortgage, and the amendment thereto, and each and every of said bonds is entitled, without preference or priority of one over the other, to the benefit afforded as security by said deed of trust and said amendment thereof.

### III.

That there is at the date of this decree due, owing and unpaid on said outstanding bonds of the defendant, KINGS HILL IRRIGATION & POWER COMPANY, and secured by said mortgage or deed of trust, and the supplement thereto, for principal and interest, the following amounts, no part of which has been paid, to-wit:

Principal, Three Hundred Fifty-eight Thousand Four Hundred Dollars (\$358,400).

Interest, Fifty-eight Thousand, Two Hundred Forty Dollars (\$58,240).

Amount due for principal and interest at the date of this decree, Four Hundred Sixteen Thousand, Six Hundred Forty Dollars (\$416,640).

### IV.

That the complainant is entitled to reasonable compensation for services rendered by it pursuant to the provisions of said trust deed and amendment thereof, and to the payment or reimbursement, as the case may require, of all expenses and charges

whatsoever, made, incurred, or suffered by it, in and about the execution of the trust, including solicitors,' counsel fees, and all other obligations incurred by it in respect to its attorneys, agents or employees; and it is ORDERED, ADJUDGED and DECREED that the reasonable compensation of the complainant in and about the premises is the sum of Seven Hundred Fifty Dollars (\$750), and that the complainant has made disbursements in and about the premises in the sum of Two Hundred Thirty and 42-100 Dollars (\$230.42), and has incurred obligations, for counsel and attorneys' fees, in the sum of Forty-two Hundred Fifty Dollars (\$4250), all of which sums are secured by said trust deeds and by the moneys and contracts deposited with complainant; and it is ORDERED that complainant may apply toward the payment of said compensations, disbursements, and obligations incurred for solicitors' and counsel fees, the sum of Two Thousand Seven Hundred Seventy-six and 87-100 Dollars (\$2,776.87), now in the hands of complainant as the proceeds of collections on said contracts, or some of them.

## V.

That the property covered by the trust deed and amendment thereto, including the contracts in the hands of the complainant, should be sold as an entirety and without redemption by the said Master Commissioner hereinafter named, unless the amount found due herein shall be paid prior to the date hereinafter fixed.

## VI.

That the right and interest of the Pacific Coast Pipe Company, sought to be asserted herein by cross-bill, is junior and inferior to the rights and interest of the complainant to and in the property covered by and described in said trust deed and the amendment thereto, and the complainant is entitled to a foreclosure of its lien created by said trust deed for the payment to it of all such moneys and sums as are secured thereby, and is entitled to receive payment in full for all such sums before any sum from the proceeds of the sale of said property shall go to the said Pacific Coast Pipe Company.

## VII.

That neither the complainant, as trustee under and by virtue of said mortgage and amendment thereto, nor the defendant, Pacific Coast Pipe Company, has any lien upon the bridge across the Snake River, described in the answer of the Minneapolis Steel & Machinery Company, and being more particularly described as follows, to-wit: That certain three hundred fifty-three (353) foot, steel highway bridge over and across the Snake River between the counties of Elmore and Owyhee, in the State of Idaho, the northerly end of said bridge abutting the bank of the said Snake River in said Elmore County at a point in Lot 1, Section 12, Township 5 South, Range 10 East, Boise Meridian, at or near the village of King Hill; and that said bridge is not included in the property described in the bill of complaint herein.

## VIII.

That unless the defendant, KINGS HILL IRRIGATION & POWER COMPANY, or some one in its behalf, shall pay to the complainant on or before the first day of March, 1914, the several amounts found due hereunder, to-wit: the sum of \$750.00 for compensation to the complainant; the sum of \$230.42 as and for the disbursements of the complainant; the sum of \$4,250.00 as and for the compensation of the complainant's solicitors and attorneys, less the sum of \$2,776.87, herein found to be in the hands of complainant and herein directed to be applied thereon; and the sum of \$416,640.00 as and for the amount due, with interest thereon to the date of the entry of this decree, upon the bonds outstanding under said trust deed, together with interest on said several sums at 6 per cent. from the date of the entry of this decree to the date of such payment; and shall pay to the holders thereof the amount due for principal and interest upon Receiver's certificates, heretofore authorized by this Court, together with interest thereon to the date of such payment, and the costs and compensation of said Receiver, it is ORDERED that R. M. McCracken, who is hereby named as Special Master Commissioner, sell all of said mortgaged premises particularly described in Paragraph 1 hereof, together with the contracts on deposit with the complainant, which contracts the complainant shall deliver to the said Special Master Commissioner at or before the date fixed for said sale; the said Special Master Commissioner shall

give due notice of said sale by publication once each week for four successive weeks, preceding the date of said sale, in a newspaper published and of general circulation in Gooding County, Idaho, and in a newspaper published and of general circulation in Elmore County, Idaho, but may proceed with such publication without waiting for the time limited within which the KINGS HILL IRRIGATION & POWER COMPANY, or some one on its behalf, may make the payments herein decreed to be due and payable; said notice of sale shall contain a description of the property to be sold, and the terms of sale. The sale shall be made at the front door of the Court House in the County of Owyhee, in the State of Idaho, being the county in which the greater part of said real estate and irrigation works are situated; that all of said property, real, personal and mixed, covered by the lien of said mortgage or deed of trust and amendment thereto, including said deposited contracts, be sold in bulk, and as an entirety, and all thereof without the right of redemption, the same to all intents and purposes as though all of said property were personal property.

The Special Master Commissioner is hereby empowered to adjourn said sale at any stage of the proceedings, to any room in said court house available for that purpose, and convenient for the use of the Special Master Commissioner, and said Special Master Commissioner may in his discretion adjourn the sale for any reasonable time, for any reason that may seem to him good and sufficient, by announc-

ing such adjournment, and the time and place to which such sale shall be adjourned, at the time appointed for such sale, and may in like manner, from time to time, adjourn such sale without further advertisements.

The property herein directed to be sold includes all reservoirs, dams, ditches, canals, flumes, gates, and other means for the use of water and all water rights and appropriations of water herein described or referred to, embracing and including the entire irrigation system of the defendant, KINGS HILL IRRIGATION & POWER COMPANY, and all and every part and parcel and unit thereof, and all and every right, franchise, privilege, easement, lien, immunity and incident appertaining or belonging thereto, including all rights of way and including all contracts with the State of Idaho in which said Kings Hill Irrigation & Power Company are interested, and all amendments and supplements and additions thereto, and all benefits, gains, franchises, rights, privileges and easements belonging or appertaining thereto, or arising, or to arise, therefrom, all settlers' contracts hereinbefore described, of every name and nature, now in the possession of, or under the control of, the complainant, together with all rights, franchises, privileges, gains, immunities and incidents arising therefrom, including all deferred payments due or to become due thereon or thereunder, and all manner of security for such payments, and especially all shares of stock of the GLENN'S FERRY CANAL COMPANY, LIMITED, now

owned by KINGS HILL IRRIGATION & POWER COMPANY, and now in the possession of, or under the control of the complainant; excepting, however, all of such property situate in Elmore County.

Upon the sale of the property herein provided to be sold, any party to this suit and any holder or holders of bonds secured by said trust deed, or any committee of bondholders, may become a purchaser or purchasers at said sale.

No bid shall be provisionally accepted at such sale by the Special Master Commissioner from any bidder who shall not have deposited with the Special Master Commissioner, at or prior to the time of the sale, the sum of Thirty Thousand Dollars (\$30,000) in cash or approved certified check.

The court fixes no upset price for said sale, but the court reserves jurisdiction to confirm or not confirm any sale provisionally accepted by the Special Master Commissioner on the coming in of his report of sale.

Any deposit made by an unsuccessful bidder shall be by the Special Master Commissioner returned to him; and any deposit made by the successful bidder shall be applied on the purchase price, and a deposit made by the successful bidder may be forfeited in the event such successful bidder shall fail to comply with the terms and conditions of the sale, and in such event the court may resell the premises, property rights, interests, assets and franchises hereby directed to be sold; but in case the sale

shall not be confirmed by the Court, any deposits or payments made by the purchaser or purchasers, or his or their successors or assigns, shall be returned to the bidder.

The balance of the purchase money, or that part of the purchase money not herein required to be paid in cash, may be paid by the purchaser or purchasers either in cash, or in bonds and the respective coupons belonging thereto, secured by said mortgages or deeds of trust made by Kings Hill Irrigation & Power Company to the complainant, and bearing date, respectively, November 2nd, 1908, and March 1, 1909, and hereinbefore adjudged to be secured thereby; and such bonds and coupons shall be received at such value as would be equivalent to the distributable amount which the holder thereof would be entitled to receive therefor from and out of the purchase money in case the entire amount of the bid were paid in cash.

It is further ordered, adjudged and decreed, that the funds arising from such sale shall be applied as follows:

(a) To the payment of the expenses of the sale, including the compensation to the Special Master Commissioner;

(b) All outstanding obligations incurred by the Receiver, the amount of which is hereafter to be determined;

(c) Costs of suit and the charges, compensation, allowances, and disbursements of the complainant,

remaining unpaid after the application thereto of the sum of \$2776.87 herein directed to be applied thereon;

(d) To the amount found due upon the outstanding bonds secured by the said trust deed and amendment thereto, as found in this decree, together with interest thereon at six (6) per cent. from the date of the entry of this decree to the date of said sale;

(e) Any surplus remaining in the hands of the Special Master Commissioner shall be by him retained to await the further order of this court.

It is further ordered, adjudged and decreed that the Special Master Commissioner execute and deliver the deed or deeds of conveyance of the property sold to the purchaser or purchasers thereof, but not until after confirmation of the sale. As soon as any sale shall have been made by the said Special Master Commissioner in pursuance to this decree, he shall report the same to this Court for confirmation, and shall from time to time hereafter make such further supplemental reports as shall be necessary to keep the Court advised of his proceedings. And B. P. Shawhan, the Receiver of said Kings Hill Irrigation & Power Company and said Continental and Commercial Trust and Savings Bank, as Trustee, shall deliver to the said purchaser or purchasers, his or their successors or assigns, all and singular, the premises, property, rights, interests, assets and franchises of said Kings Hill Irrigation & Power Company hereby directed to be sold, now or then in their possession.

*It is Further Ordered* that said purchaser or purchasers of the said property, and their successors and assigns, after the confirmation of said sale and the delivery of said conveyance or conveyances, shall hold and possess said property and every part thereof, and all the rights, privileges and franchises appurtenant thereto, as fully and completely as the said Kings Hill Irrigation & Power Company held and enjoyed the same and was entitled to hold and enjoy the same at the date of the said deed of trust and amendment thereto, which this action was brought to foreclose, and at any time since, and all the assets, money and property of every description in the custody of said Receiver and in the control of this Court, including all property and assets acquired by said Receiver, both before and after the entry of this decree, and shall possess the right to enforce any contract made by the said Receiver or by said Kings Hill Irrigation & Power Company in his or their own name, and shall be entitled to hold and have all and singular the property so conveyed, free and discharged from all rights, claims and liens of the defendant Kings Hill Irrigation & Power Company and the defendant Pacific Coast Pipe Company, and any of the other defendants herein, save and except as herein otherwise expressly provided.

### IX.

The court reserves jurisdiction to render any deficiency decree for any amount due upon said mortgage bonds and coupons after the application thereto of the proceeds of the sale of the mortgaged property,

as herein decreed, and the court reserves, for further consideration, all matters not herein expressly provided for, or adjudicated.

### X.

No matter pertaining to the rights of the settlers to and in said premises, or any part thereof, by virtue of their contracts heretofore entered into with the Kings Hill Irrigation & Power Company, and no matters pertaining to the rights of the defendants, Kings Hill Extension Irrigation Company, Glenns Ferry Canal Company, Limited, Craster Farm & Orchard Company, and the State of Idaho, are adjudicated by this decree, but all such matters are left for adjudication between said parties and the purchaser or purchasers hereunder, as they may hereafter arise.

### XI.

Any party to this action, or any parties interested herein, may at any time apply to this court for further relief or such modification of the decree in respect to the terms and conditions of the sale or the distribution of the proceeds thereof, or in respect to any other matters not herein named, as may be meet and just and equitable, and jurisdiction of this cause is retained by the court for all such purposes and for the purpose of enforcing the provisions of this decree.

Dated the 15th day of January, A. D. 1914.

FRANK S. DIETRICH,

Judge.

*Petition for Appeal With Prayer for Severance.*

The above named defendant and cross-complain-  
ant, Pacific Coast Pipe Company, conceiving itself  
aggrieved by the decree made and entered on the  
15th day of January, 1914, in the above entitled

cause, does hereby appeal from said order and decree to the United States Circuit Court of Appeals for the Ninth Circuit for the reasons specified in the Assignment of Errors, which is filed herewith, and it prays that this appeal be allowed and that citation issue as provided by law and that a transcript of the record, proceedings and papers upon which said order and decree was made, duly authenticated, may be sent to the United States Circuit Court of Appeals for the Ninth Circuit, sitting at San Francisco, State of California.

And your petitioner further prays that the proper order touching the security to be required of it to perfect its appeal be made.

And it further says that the defendants, Kings Hill Irrigation & Power Company, Glenns Ferry Canal Company, Limited, Kings Hill Extension Irrigation Company, Limited, Minneapolis Steel & Machinery Company and C. R. Shaw, and the defendants and interveners, the State of Idaho, Craster Farm & Orchard Company, F. E. Wilson, Thomas Trathen, Julius Sigmund, O. E. Granier, M. W. Stoford, W. J. Hersey, C. L. Henry, Henry Krauth, Jas. T. Waddell, Fred Marhafer, H. F. Koch, John Ladd, J. H. Russell, J. C. A. Peichell, Geo. Leeright, A. A. Atha, Jos. N. Bernt and Joe Kennaugh, and each of them, were duly notified in writing to join with the undersigned to prosecute an appeal in the above entitled cause to the United States Circuit Court of Appeals for the Ninth Circuit to reverse the judgment

in said cause rendered on the 15th day of January, 1914, or that they would be deemed to have acquiesced in the said judgment and the undersigned will prosecute said appeal without joining them as a party or parties therein.

N. M. RUICK,  
Attorney for Defendant and Cross-complainant, Pacific Coast Pipe Company.

Intervenors.

*Assignment of Errors.*

*Comes Now* the defendant and cross-complainant, Pacific Coast Pipe Company, by N. M. Ruick, Esq., its solicitor, and says that the decree entered in the above cause on the 15th day of January, 1914, is erroneous and unjust to this defendant and cross-complainant and that, in the records and proceedings in the above entitled cause, there is manifest error in this, to-wit:

I.

The Court erred in sustaining the objection of the complainant, Continental & Commercial Trust & Savings Bank, Trustee, and of the defendant, Minneapolis Steel & Machinery Company, to the testimony offered by the defendant and cross-complainant, Pacific Coast Pipe Company, in support of the allegations of its cross-complaint.

II.

The Court erred in sustaining the motion of the complainant, Continental & Commercial Trust and Savings Bank, Trustee, and of defendant, Minneapolis Steel & Machinery Company, to strike out the testimony offered by the defendant and cross-complainant, Pacific Coast Pipe Company, in support of the allegations of its cross-complaint, which tes-

timony had been received in evidence, subject to the objection of said complainant and of said defendant, Minneapolis Steel & Machinery Company.

### III.

The Court erred in holding and deciding that it was not necessary for the complainant to plead in answer to the cross-complaint of defendant, Pacific Coast Pipe Company; that the said Pacific Coast Pipe Company had lost its lien by reason of the failure of said Pacific Coast Pipe Company to, within six months after its claim of lien had been filed, commence an action in a proper court against said complainant, to enforce its said lien.

### IV.

The Court erred in holding and deciding that the mechanic's lien of this defendant and cross-complainant, Pacific Coast Pipe Company, became and was inoperative and void by reason of the failure of said Pacific Coast Pipe Company, within six months after its claim of lien had been filed, to commence an action against said complainant or to make complainant a party defendant in its action to enforce said lien.

### V.

The Court erred in holding and deciding that the lien of defendant and cross-complainant, Pacific Coast Pipe Company, set out in its cross-complaint, became and was void by reason of the failure of said cross-complainant, within six months after its claim of lien had been filed, to make said complainant, Con-

tinental & Commercial Trust & Savings Bank, as Trustee, a party to its action to enforce said lien.

## VI.

The Court erred in holding that it was necessary to the validity of the lien claimed by defendant and cross-complainant, Pacific Coast Pipe Company, set up in its cross-complaint, within six months after such claim of lien had been filed, to make the complainant, Continental & Commercial Trust & Savings Bank, as Trustee, a prior lien holder on the said premises, a party to the action brought by said Pacific Coast Pipe Company against the owner of the property in question to enforce said lien, or to commence, within said six months, an action in a proper court against said Continental & Commercial Trust & Savings Bank, as Trustee, complainant herein, to enforce said lien.

## VII.

The Court erred in holding and deciding that it was and is not sufficient to the validity of cross-complainant's lien that it, Pacific Coast Pipe Company, shall have, as shown by the evidence in this case, within six months after its claim of lien had been filed, commenced on action in a proper court against the owner of the property to enforce such lien.

## VIII.

The Court erred in holding and deciding that it was necessary to the validity of the lien of cross-complainant, Pacific Coast Pipe Company, set out in its cross-complaint, that the said cross-complainant

should have, within six months after its claim of lien had been filed, commenced an action against all persons against whose interests the said lien was asserted.

### IX.

That said decree is erroneous and unjust to defendant and cross-complainant, Pacific Coast Pipe Company, in that it decrees that the right and interest of the Pacific Coast Pipe Company sought to be asserted in this action by cross-bill is junior and inferior to the rights and interests of the complainant in and to the property covered by said lien and described in said trust deed and the amendment thereto and that the complainant is entitled to a foreclosure of its lien created by said trust deed for the payment to it of all such monies and sums as are secured thereby and is entitled to receive payment in full for all such sums before any sum from the proceeds of the sale of said property shall go to said cross-complainant, Pacific Coast Pipe Company.

### X.

Said decree is further erroneous and unjust to the defendant and cross-complainant, Pacific Coast Pipe Company, in that it orders and decrees that the purchaser of said property described in the bill of complaint and in the cross-complaint of defendant, Pacific Coast Pipe Company, at the sale under said decree, shall possess and hold the said property free and discharged from all rights, claims and liens of the defendant, Pacific Coast Pipe Company.

## XI.

The Court erred in entering judgment and decree herein in favor of complainant and against the defendant and cross-complainant, Pacific Coast Pipe Company, and the said decree so made, filed and entered herein on the 15th day of January, 1914, is erroneous and against the just rights of defendant and cross-complainant, Pacific Coast Pipe Company, herein, for the reasons, to-wit:

(a) Because it appears from the evidence that the lien of said Pacific Coast Pipe Company, set up in its cross-complaint, was and is prior and superior to the lien created by the trust deed set out in the bill of complaint.

(b) That it appears from the evidence that the irrigation works described in the bill of complaint and in the cross-complaint of defendant, Pacific Coast Pipe Company, were constructed by the Kings Hill Irrigation & Power Company over, along and across and upon public lands of the United States and that the completion of said canals and other structures upon which said respective liens were claimed, including the main canal and distribution system of the works so constructed, was essential and necessary to the securing to said Kings Hill Irrigation & Power Company of a right of way therefor over said public lands of the United States and essential and necessary to the securing to said Kings Hill Irrigation & Power Company of a right, title or interest in and to such right of way; and that said

Kings Hill Irrigation & Power Company had acquired no right, title or interest whatsoever in and to said right of way prior to the furnishing by said cross-complainant of the materials referred to in the cross-complaint, and for which its lien was and is claimed, and their actual use in the construction and completion of the canals and works referred to, being the canals, structures and irrigation works set out and described in the cross-complaint and in the bill of complaint herein of the Continental & Commercial Trust & Savings Bank, as Trustee.

(c) Because the evidence shows that the lien for the materials furnished by defendant and cross-complainant, Pacific Coast Pipe Company, as set out in the cross-complaint, to be used in the construction of the irrigation works described in the bill of complaint of complainant, and which were actually so used, was and is prior and superior to the lien of the trust deed and mortgage set out in said original bill of complaint in this action.

(d) Because the Court directed the entry of a decree in favor of complainant, Continental & Commercial Trust & Savings Bank, as Trustee, against the defendant and cross-complainant, Pacific Coast Pipe Company.

N. M. RUICK,

Attorney and Solicitor for Defendant and Cross-complainant, Pacific Coast Pipe Company. Residence, Boise, Idaho.

*Order Allowing an Appeal and Severance.*

This day came Pacific Coast Pipe Company, de-  
fendant and cross-complainant above named, and  
presented its petition for an appeal and an assign-

ment of errors accompanying same, which petition, upon consideration of the court, is hereby allowed, and the court allows an appeal to the United States Circuit Court of Appeals for the Ninth Circuit on the filing of a bond in the sum of Five Hundred (\$500.00) Dollars, with good and sufficient security, to be approved by the court.

And it further appearing that the Kings Hill Irrigation & Power Company, Glenns Ferry Canal Company, Limited, Kings Hill Extension Irrigation Company, Limited, Minneapolis Steel & Machinery Company and C. R. Shaw, and the defendants and interveners, the State of Idaho, Craster Farm & Orchard Company, F. E. Wilson, Thomas Trathen, Julius Sigmund, O. E. Granier, M. W. Stofford, W. J. Hersey, C. L. Henry, Henry Krauth, Jas. T. Waddell, Fred Marhafer, H. F. Koch, John Ladd, J. H. Russell, J. C. A. Peichell, Geo. Leeright, A. A. Atha, Jos. N. Bernt and Joe Kennaugh, and each of them, were duly notified in writing to join with the said defendant and cross-complainant to prosecute said appeal or they would be deemed to have acquiesced in the said judgment and the said defendant would prosecute said appeal without joining them or either of them as a party or parties.

And it further appearing that none of said parties has appeared, but has severed itself and themselves in their defense in this court, the said Pacific Coast Pipe Company, defendant and cross-complainant, is hereby granted its appeal as aforesaid and its inter-

ests are severed in said appeal from the other defendants and cross-complainants herein.

Dated June 27th, 1914.

*Stipulation Relative to Record on Appeal.*

It is hereby stipulated and agreed by and between the Pacific Coast Pipe Company, appellant, and the Continental & Commercial Trust & Savings Bank, as Trustee, appellee, through their respective solicitors, that, in order to save expense in the printing and certification of the record and to avoid encumbering the record with papers and documents not pertinent to the consideration on appeal, the following portions of the record and no more shall be transcribed, certified and transmitted to the Clerk of the United States Circuit Court of Appeals for the Ninth Circuit by the Clerk of the United States District Court, for the District of Idaho, under the appeal taken by the said appellant herein and shall be included in the printed record on said appeal, to-wit:

1. Bill of Complaint of Continental & Commercial Trust and Savings Bank, as Trustee.
2. Answer of Pacific Coast Pipe Company to Bill of Complaint.
3. Answer of Minneapolis Steel & Machinery Company to Complaint.
4. Cross-bill of Pacific Coast Pipe Company.

5. Supplemental Cross-bill of Pacific Coast Pipe Company.

6. Answer to Continental & Commercial Trust & Savings Bank, Trustee, to Cross-bill of Pacific Coast Pipe Company.

7. Answer of Minneapolis Steel & Machinery Company to Cross-complaint of Pacific Coast Pipe Company.

7½. Answer of Glenns Ferry Canal Co. Ltd. to Cross-complaint of Pacific Coast Pipe Company.

8. Statement on appeal under Equity Rule 75 (b).

9. Opinion of Court filed in said cause.

10. Decree.

11. All papers filed for perfecting the appeal:

(a) Summons to join in appeal, with admission or return of service.

(b) Notice of Lodgment of Statement on Appeal.

(c) Petition for Appeal and Severance.

(d) Assignment of Errors.

(e) Order allowing appeal with severance.

(f) Bond on Appeal.

(g) Citation and all orders made in connection therewith, with all admissions or returns of service of any of said papers.

12. This Stipulation.

It is further stipulated and agreed that all exhibits introduced in the above entitled cause, including the depositions of witnesses, shall be transmitted to the Clerk of the United States Circuit Court of Appeals for the Ninth Circuit before the hearing of the cause in said court and the same may be used upon the argument upon the hearing of said cause in said court and shall be considered as a part of the Record on Appeal therein as fully and to the same extent as if transcribed and printed in the record.

It is further stipulated that it shall not be necessary to reproduce or print in the Record on Appeal any maps introduced in evidence on the trial of said cause or attached to the depositions therein, neither shall it be necessary to copy into the record or to certify or print therein the First Mortgage and Deed of Trust executed by the Kings Hill Irrigation & Power Company to the American Trust and Savings Bank, Trustee (now the said Continental & Commercial Trust & Savings Bank, Trustee), but the copy thereof attached to the deposition of W. P. Kopf, and others, taken on behalf of complainant, shall be transmitted to the Clerk of said Circuit Court of Appeals, as is hereinbefore provided, and the said copy of said First Mortgage and Deed of Trust shall be considered in the place of the original as a part of the Record on Appeal therein as fully and to the same extent as if transcribed and printed in the record.

Appellant shall have the right, and it may be so required by appellee, if deemed necessary and approved by the Judge of said District Court or the Circuit

Court of Appeals, to print as part of the Record on Appeal any exhibit and any other part of the record not hereby expressly authorized to be transmitted and printed.

UNITED STATES OF AMERICA TO CONTIN-  
ENTAL & COMMERCIAL TRUST AND SAV-  
INGS BANK, AS TRUSTEE, GREETING:

You are hereby notified that, in a certain case in equity, in the United States District Court, in and for the District of Idaho, wherein Continental & Commercial Trust and Savings Bank, as Trustee, is complainant; Kings Hill Irrigation & Power Company, Glenns Ferry Canal Company, Limited, Pacific Coast Pipe Company, Kings Hill Extension Irrigation Company, Limited, Minneapolis Steel &

Machinery Company and C. R. Shaw, are defendants; and the State of Idaho, on the relation of John M. Haines, Governor, Joseph Peterson, Attorney General, Wilfred L. Gifford, Secretary of State, Grace M. Shepherd, Superintendent of Public Instruction, and Fred Huston, State Auditor, constituting the State Board of Land Commissioners of the State of Idaho, and F. E. Wilson, Thomas Trathen, Julius Sigmund, O. E. Granier, M. W. Stofford, W. J. Hersey, C. L. Henry, Henry Krauth, Jas. T. Waddell, Fred Marhafer, H. F. Koch, John Ladd, J. H. Russell, J. C. A. Peichell, Geo. Leeright, A. A. Atha, Jos. N. Bernt and Joe Kennaugh, were defendants and interveners, an appeal has been allowed the defendant and cross-complainant, Pacific Coast Pipe Company, herein, to the United States Circuit Court of Appeals of the Ninth Circuit.

You are hereby cited and admonished to be and appear in said court at San Francisco, State of California, thirty (30) days after the date of this citation to show cause, if any there be, why the decree appealed from should not be corrected and speedy justice done the parties in that behalf.
